 Telegram, dated 4th March 1889, from the Secretary to the Government of Bombay.

Resolution—

The estimates of revenue and expenditure accepted by the Government of India are shown in the accompanying tables.

2. The revised estimates of expenditure proposed by Local Governments have in the following cases been modified on a consideration of the progress of expenditure during the first ten months of the year:—

					From	To
Provincial (Departmental officers)—					RS.	RS.
North-Western Provinces and Oudh	...	...	...	...	25,50,000	24,74,000
Punjab	...	...	...	...	24,15,000	23,18,000
Madras	...	...	...	...	22,88,000	21,72,000
Local—						
Assam (Departmental officers)	...	...	...	...	8,18,000	7,98,000
Bengal (Civil officers)	...	...	...	...	* 35,00,000	31,00,000

* Reduction made by Finance Department.

3. The final issues of the Provincial and Incorporated Local Public Works budget estimates should be prepared for the amounts accepted and should be despatched† so as to reach the Government of India not later than the 1st May 1889.

4. Attention is invited to the following remarks regarding the provision for establishment in the several budget estimates:—

Central Provinces.—It is not clear, why the budget estimate provides for sub-divisional allowances for eighteen upper subordinates when there are but eighteen sub-divisions in the Central Provinces, some of which are, presumably, in the charge

of Assistant Engineers. In submitting the final issue of the budget estimate explanation should also be afforded of the necessity for the increased provision during the ensuing year for the clerical establishment of the Secretariat and Examiner's offices.

Lower Burma.—It is observed that the pay of the clerks employed in the office of the Superintending Engineer, I Circle, range from for Rs. 50 to Rs. 260, and that the sanction of the Government of India has not apparently been obtained to appointments the pay of which exceeds Rs. 250. A reference is invited to Public Works Department Code, volume I, chapter I, para. 27 (i) in view to the necessary sanction being obtained.

Punjab.—The provision of Rs. 6,88,620 under Provincial for establishment represents 33 per cent. of the total estimated outlay on works and repairs, which is considered somewhat high. The provision in the budget estimate for temporary establishment appears excessive, and measures should be taken for its reduction. The number of Engineers provided for in the estimate is in excess of the number actually employed at present in the province and of the revised cadre—*vide* Public Works Department No. 2117 G. of the 17th August last.

Madras.—In comparison with the outlay on works and repairs, the charge for establishment seems very high, being 40·6 per cent. of the total estimated expenditure. This would appear to require the attention of the Government of Madras.

5. The statements prescribed in Public Works Department Resolution No. 381 A.—G., dated 30th November 1882, showing the percentages which the charges for establishment bear to the outlay on works and repairs should be submitted as an appendix to the final issue of the budget estimate.

ENCLOSURE,

Order—

Ordered that the foregoing be communicated to the Local Governments and Administrations noted in margin for information and guidance.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
 The Chief Commissioners, Central Provinces, Burma, Assam and Coorg.
 The Agent to the Governor-General, Rajputana.

Ordered also that copies

Ordered also that copies be forwarded to the Finance Department and the Accountant-General, Public Works Department, for information.

(Signed) R. C. B. PEMBERTON, Col., R.E.,
Secy. to the Govt. of India.

ORDER—dated 22nd April 1889; No. 1068 W., Public Works.

In the preliminary issue of the Incorporated Local Funds budget for 1889-90, the estimate of revenue for that year was fixed at Rs. 4,500 ; but the Government of India having passed the estimate for Rs. 4,000 in round figures, the latter sum has been adopted in the final issue of the budget.

2. The estimate of charges for 1889-90 as shown in the preliminary issue of the budget amounted to Rs. 71,455, but the modifications of grants sanctioned in G.O., No. 71 W., dated 11th January 1889, reduced the estimate to Rs. 70,200. The Government of India having fixed the estimate at Rs. 70,000, that sum has been adopted in the final issue of the budget and the necessary reduction has been made in the grant for the construction of a ferry steamer to ply on the Godáviri river at Rajahmundry.

3. The revised estimate of charges for 1888-89 under Incorporated Local Funds as shown in the preliminary issue has been increased to Rs. 2,05,133 by the modification of grants subsequently sanctioned. The Government of India having fixed the estimate at Rs. 2,05,000 in round figures, that sum has been adopted in the final issue and the necessary reduction has been made in the grant for the steamer referred to above. The additional grant of Rs. 4,050 sanctioned in G.O., No. 935 W., dated 28th March 1889, has not been included in the revised estimate owing to the allotment having been sanctioned too late in the year. As the amount is small and does not seriously affect the revised estimate, it may be so explained in the Finance Accounts.

4. The actual outlay in 1887-88 under Incorporated Local Funds as shown in the Finance Accounts for that year and in the preliminary issue of the budget amounted to Rs. 2,15,766; but in the statement received with the Resolution of the Government of India above recorded, the outlay is stated to be Rs. 2,15,776, which is apparently a clerical error. The amount shown in the Finance Accounts has therefore been adopted in the final issue of the budget.

5. The revised estimate of charges under Excluded Local Funds for 1888-89 as shown in the preliminary issue amounted to Rs. 75,220; but the modifications of grants subsequently sanctioned reduced the estimate to Rs. 50,897.

6. As already pointed out in para. 6 of G.O., No. 4015 W., dated 22nd December 1888, no provision has been made in the budget estimate under Excluded Local Funds for works to be carried out during 1889-90, as it has been decided that the funds under that head shall be held in reserve in the Financial Department and allotted from time to time. Superintending Engineers will therefore apply for funds required under Excluded Local in their statements of demands for incomplete and new works and repairs.

7. With these remarks the final issue of the Incorporated and Excluded Local Funds budget estimates for 1889-90 will be printed and circulated for the information and guidance of the officers of the department, and 35 copies as shown in the margin forwarded to the Government of India.

Proceedings of Government, Revenue Department	" 20th Nov. " 805.

ORDER—dated 22nd December 1888, No. 4015 W., Public Works.

Ordered that the preliminary issues of the Incorporated and Excluded Local Fund budget estimates for works to be carried out by the Public Works Department during 1889-90 be printed and circulated to the officers concerned for information and guidance, and four copies forwarded to the Government of India.

2. A list of works under Act V of 1884 proposed by the Superintending Engineers concerned has been forwarded to the Local and Municipal Department; but as the approval of Government in that department has not yet been received, and as the budget estimates should reach the Government of India before the 15th proximo, the works as proposed by the Superintending Engineers have been adopted in the budget, subject to modification if necessary, in the final issue.

3. The works under Canal and Ferry Funds and the grants proposed for them have been approved in the Revenue Department, and the necessary provision for them has been duly made in the Canal and Ferry Fund budget estimate for 1889-90 circulated with the Revenue Department Proceedings above recorded.

4. Funds have been provided by the Revenue Department for the construction of an aqueduct over the Chollangi river, although the work has not been brought forward by the Superintending Engineer, I Circle. As no estimate has been sanctioned for the work, the Superintending Engineer should expedite its submission.

5. A sum of Rs. 25,000 has been provided for the construction of a steam launch for the Rajahmundry ferry, but as no estimate has yet been received for the steamer which is now being put together at the Public Works Workshops, Dowlaishweram, the amount provided has been allowed to stand, subject to modification if necessary, on receipt of information from the Superintending Engineer, I Circle, as to the sum required for expenditure during 1889-90.

6. No provision has been made in the budget estimate under Excluded Local Funds for works to be carried out during 1889-90, as the Financial Department have decided in their Proceedings, No. 951,*
 * G.O., No. 4012 W., dated 21st. Dec. 1888. dated 19th December 1888, that the funds under that head will be held in reserve in that department and allotted as required.

7. The difference between the budget and the revised estimates for 1888-89 under Incorporated Local Funds is due to a sum of Rs. 14,715 having been surrendered to the Revenue Department for expenditure by that department, and that under Excluded Local Funds is due to funds having been provided during the year for incomplete works of 1887-88 and for new works found necessary.

(Here enter No. 4015-A. W., dated 22nd December 1888.)

Local Funds under Act V of 1884.

Order—dated 20th November 1888, Mis. No. 2195 L., Local and Municipal.

Extracts from the list received with the above memorandum will be forwarded to the Presidents of District Boards concerned for *very early* remarks.

2. The Public Works Department is requested to furnish a list showing the distribution among the several districts of the contribution of Rs. 17,000 for the scrutiny of Local Fund plans and estimates.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.

To the President, District Board, South Arcot,
 " " Ganjam,
 " " Kistna,
 " " Nellore,
 " " Tanjore,
 " " Trichinopoly,
 " Public Works Department.

with extracts from the list.

READ—also the following papers:—

From W. A. WILLOCK, Esq., President, District Board, Trichinopoly, to the Chief Secretary to Government, dated Trichinopoly, 24th November 1888, No. 64.

In reply to G.O., Mis. No. 2195 L., dated 20th November 1888, I have the honor to state that the grant proposed in the extract forwarded therewith for the maintenance of road No. 20 from Sirudayur *via* Sengarayur to lower anicut will be provided in the budget for 1889-90.

From E. GIBSON, Esq., President, District Board, Tanjore, to the Chief Secretary to Government, dated Vallam, 26th November 1888, No. 277.

Referring to G.O., dated 20th November 1888, Mis. No. 2195 L., I have the honor to state that the works enumerated in the list received with it are all contained in the statements furnished to me by the Executive Engineers, Tanjore and Negapatam, but the special provision made by the latter for sanding road No. 90 along the left bank of Vennár, does not find a place in the list. This was included in the budget for 1888-89, but as the grant cannot be utilized in the current year, it has been surrendered. Rs. 340 are provided for this work in the Engineer's list for 1889-90.

2. Item 2 reads road No. 90 along the south bank. This should be north bank. For road No. 70 in the Mayavaram and Shiyáli taluks, the charge for maintenance is given at Rs. 50 per mile; but the total charge calculated at this rate does not

	As per list.	
	Rs.	Rs.
8 to 17th mile at Rs. 50	500	520
18 to 28th "	500	530
28 to 31st "	200	250

tally with the figures entered in the list as shown in the margin. I beg to be informed if charges for establishment or tools and plant are included therein; but if this be so, they do not seem to have been uniformly calculated, nor has any charge on this account been added to the other works in the list. Against five works the remark is entered in pencil that the charges are exclusive of those for establishment and tools and plant.

3. Of the 5½ miles of road No. 47 in the Kumbakonam taluk, 2½ miles only with a maintenance grant of Rs. 120 are under the charge of Public Works Department, the remaining portion having been given back to the charge of the Local Fund department—*vide* G.O., dated 6th October 1888, Mis. No. 1838-L. The list requires modification accordingly.

12

No. 4864-C.

MEMORANDUM.

Office note to the Examiner, Public Works Accounts, No. 4685-C, dated 23rd November 1888.

With reference to your office note No. 2567, dated 12th November 1888, please furnish, for the information of the Local and Municipal Department, a list showing the distribution among the several districts of the estimated contribution of Rs. 17,000 for the scrutiny of Local Fund plans and estimates.

Office note from the Examiner, Public Works Accounts, No. 2666, dated 29th November 1888.

The following distribution may perhaps be adopted:—

	RS.
Bellary	127
Kistna	1,574
Malabar	388
Madura	8,406
Nellore	408
Nilgiri	762
South Arcot	3,958
South Canara	537
Tanjore	268
Tinnevely	472
Trichinopoly	150
Total	17,000

2. The sum of Rs. 17,000 has been distributed in proportion to the adjustments against districts in 1887-88.

3. If the Local and Municipal department require detailed estimates, it will perhaps be advisable to obtain them from the Local Fund Boards, who are in a better position to know what their liabilities are likely to be.

Copy forwarded to the Local and Municipal department, with reference to their Proceedings, Mis. No. 2195 L., dated 20th November 1888.

2. Paragraph 3 of the Examiner's note is referred for favor of remarks.

(By order)

(Signed) W. L. C. BADDELEY, Captain, R.E.,
Under Secretary to Government, P.W.D.

To the Local and Municipal Department.

From A. T. ARUNDEL, Esq., President, District Board, Kistna, to the Chief Secretary to Government, dated Masulipatam, 1st December 1888, No. 220.

In reply to G.O., Mis. No. 2195 L., dated 20th November 1888, I have the honor to report that the funds required for the works therein referred to, will be provided in the Local Fund budget for 1889-90 now under preparation.

From J. G. HORSFALL, Esq., President, District Board, Ganjam, to the Chief Secretary to Government, dated Chatrapur, 1st December 1888, No. 1471.

With reference to the list of works proposed to be carried out by the Public Works Department from Local funds during 1889-90, received with G.O., dated 20th instant, Mis. No. 2195 L., I have the honor to state that the four miles of Aska-

Suradā road between the fifth and ninth miles, being crossed in several places by the Rushikuliya canal, have been placed temporarily under the charge of the Public Works Department with their maintenance grant, on the condition of their keeping a way for traffic open during the construction of the canal and finally restoring the road in good order after the construction of the canal is completed. The arrangement is approved of by the District Board.

From H. SEWELL, Esq., President, District Board, South Arcot, to the Chief Secretary to Government, dated Cuddalore, 7th December 1888, No. 888.

With reference to G.O., dated 20th ultimo, Mis. No. 2195 L., forwarding, for remarks, a list of works proposed for execution by the Public Works agency during 1889-90 from Local funds, I have the honor to annex below a statement showing the provision made by the Taluk Boards of Vriddhāchalam and Cuddalore in their budget estimates for 1889-90 for four of the works mentioned in the list:—

No.	Description of work.	Taluk Board to which the road belongs.	Provision made for the work in the Taluk Board budget estimate for 1889-90.	Remarks.
			RS.	RS.
1	Repairing road on Veeranam tank bund.	Vriddhāchalam Taluk Board.	9 miles at 100	900
2	Repairing the road on Coleroon bank.	Do.	20 ,, at 50	1,000
3	Maintenance of Goverapat road ..	Do.	2 ,, at 45	90
4	Repairing road by Perumal tank bank.	Cuddalore Taluk Board.	3 ,, at Rs. 50 150 7 ,, at ,, 20 140	290

2. The Vriddhāchalam Taluk Board have provided only Rs. 1,000 as they have done in the current year's budget for work * No. 2 of the list.

* Repairing the road on the Coleroon bank.

3. They have made no provision for repairing the road on the right bank of the Khan Sahib's canal, for which a sum of Rs. 450 has been provided in the current year's budget. Instead of this work they have proposed an equal amount for expenditure in 1889-90 for the road on the Vadavār bank, which is also maintained by the Public Works Department from Local funds.

From C. D. MACLEANE, Esq., Acting Collector and President, District Board, Nellore, to the Chief Secretary to Government, dated Nellore, 9th December 1888, Reference No. 3973-D.B.

With reference to G.O., Mis. No. 2195 L., dated 20th November 1888, I have the honor to state that the amount of Rs. 600 will be included in the next year's budget on account of gravelling the Pennér anicut roadway.

ORDER—dated 24th December 1888, No. 2380 L., Local and Municipal.

The list received from the Public Works Department, with the memorandum recorded in the Government order read above, is approved subject to the following remarks:—

(a) South Arcot.—The grant for repairing the road on the Coleroon bank should be reduced from Rs. 2,000 to Rs. 1,000, which is the amount provided in the Taluk Board's budget.

(b) *South Arcot*.—It is stated that no provision has been made in the Taluk Board's budget for repairing the road on the right bank of the Khan Sahib's canal, but that an amount equal to that applied for by the Public Works Department has been allotted for a different work, viz., "repairing the road on the Vadavár bank."

(c) *Tanjore*.—As pointed out by the President "road No. 90 along the south bank of the Vennár" should be altered to "road No. 90 along the north bank of the Vennár," and the provision for road No. 70 in the Máyavaram and Shiyáli taluks and that for road No. 47 in the Kumbakonam taluk should be reduced as shown below:—

No. 70, 8th to 17th mile from	Rs. 520 to Rs. 500.
" 70, 18th to 27th " "	" 530 to " 500.
" 70, 28th to 31st " "	" 250 to " 200.
" 47, ————— " "	" 275 to " 120.

2. With reference to the above alterations, the Public Works Department should take credit for an assignment of Rs. 33,745 from Local funds for the works to be executed by that department in 1889-90.

3. The necessary provision will be made by Government in the District Boards' budgets for 1889-90 for the sums payable to the Public Works Department on account of the scrutiny of Local fund plans and estimates and supervision charges including tools and plant.

4. With reference to paragraph 2 of his letter, the President, District Board, Tanjore, is informed that the sums entered for the works therein referred to do not include establishment charges.

5. With reference to paragraph 3 of the Examiner's office note, dated 29th November 1888, the Public Works Department will be informed that the particulars for districts furnished by the Examiner are sufficient for the purposes of this department.

RESOLUTION.—The estimates of revenue and expenditure accepted by the Government of India are shown in the accompanying tables.

2. The Revised Estimates of Expenditure proposed by Local Governments have in the following cases been modified on a consideration of the progress of expenditure during the first ten months of the year:—

	From		To	
	Rs.		Rs.	
Provincial (Departmental Officers)—				
North Western Provinces and Oudh				
Punjab				
Madras				
		25,50,000		24,74,000
		24,15,000		23,18,000
		22,88,000		21,72,000
Local—				
Assam (Departmental Officers)		8,18,000		7,98,000
Bengal (Civil Officers)		35,00,000*		31,00,000

3. The final issues of the Provincial and Incorporated Local Public Works Budget Estimates should be prepared for the amounts accepted and should be despatched,† so as to reach the Government of India not later than the 1st May 1889.

4. Attention is invited to the following remarks regarding the provision for establishment in the several Budget Estimates.

Central Provinces.—It is not clear why the Budget Estimate provides for sub-divisional allowances for 18 Upper Subordinates, when there are but 18 sub-divisions in the Central Provinces, some of which are, presumably, in the

* Reduction made by Finance Department.

With this
reply to the
the orders on the
Bund. P.W.D.

charge of Assistant Engineers. In submitting the final issue of the Budget Estimate explanation should also be afforded of the necessity for the increased provision during the ensuing year for the clerical establishment of the Secretariat and Examiner's Offices.

Lower Burma.—It is observed that the pay of the clerks employed in the office of the Superintending Engineer, 1st Circle, range from for Rs. 50 to Rs. 260, and that the sanction of the Government of India has not apparently been obtained to appointments, the pay of which exceeds Rs. 250. A reference is invited to Public Works Department Code, Volume I, Chapter I, para. 27 (i) in view to the necessary sanction being obtained.

Punjab.—The provision of Rs. 6,88,620 under Provincial for establishment represents 33 per cent. of the total estimated outlay on works and repairs, which is considered somewhat high. The provision in the Budget Estimate for temporary establishment appears excessive, and measures should be taken for its reduction. The number of Engineers provided for in the estimate is in excess of the number actually employed at present in the Province, and of the revised cadre, vide Public Works Department No. 2117 G. of the 17th August last.

Madras.—In comparison with the outlay on works and repairs, the charge for establishment seems very high, being 40.6 per cent. of the total estimated expenditure. This would appear to require the attention of the Government of Madras.

5. The statements prescribed in Public Works Department Resolution No. 381 A.—G., dated 30th November 1882, showing the percentages which the charges for establishment bear to the outlay on works and repairs should be submitted as an appendix to the final issue of the Budget Estimate.

ORDER.—Ordered, that the foregoing be communicated to the Local Governments and Administrations noted in margin, for information and guidance.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners, Central Provinces, Burma, Assam, and Coorg.
The Agent to the Governor General, Rajputana.

Order also, that copies be forwarded to the Finance Department and the Accountant General, Public Works Department, for information.

year
1889
PUBLIC WORKS DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 22nd April 1889

READ the following

From the Govt. of India, P. W. Department. A. C. No. 17. A. C. W. of 30th March 1889

In the preliminary issue
 of the Incorporated Local Funds
 Budget for 1889-90, the estimate of
 revenue for that year was fixed at
 Rs 4,500; but the Govt of India
 having passed the estimate for
 Rs 4,000, in round figures, the latter
 sum has been adopted in the final
 issue of the budget.

2. The estimate of charges
 for 1889-90 as shown in the
 preliminary issue of the budget
 amounted to Rs. 71,455, but the
 modifications of grants sanctioned
 in G. O. No: 71 W of 11th January 1889
 reduced the estimate to Rs 70,200.
 The Govt of India having fixed
 the estimate at Rs 70,000, that
 sum has been adopted in the
 final issue of the budget and
 the necessary reduction has been
 made in the grant for the
 construction

recd
 18/4/89

27

construction of a ferry steamer to
ply on the Godavari river at
Rajahmundry.

3. The revised estimate of
charges for 1888-89 under Incor-
porated Local Funds as shown
in the preliminary issue has been
increased to Rs 2,05,133 by the
modification of grants subsequently
sanctioned. The Govt of India
having fixed the estimate at
Rs 2,05,000 in round figures, that
sum has been adopted in the final
issue and the necessary reduction
has been made in the grant for the
~~Rajahmundry ferry steamer~~ ^{referred to above}. The
additional grant of Rs 4,050
sanctioned in G. O. No: 935. W.
d/28th March 1889 has not been
included in the revised estimate
^{owing to} the allotment ^{having been} sanctioned
^{too} late in the year. As the
amount is small and does not
seriously affect the revised
estimate, it may be so explained
in the Finance Accounts.

4. The actual outlay in
1887-88 under Incorporated Local
Funds, as shown in the Finance
Accounts for that year and in
the

the preliminary issue ^{of the Budget} amounted
to Rs 2,15,766; but in the state-
ment received with the Resolution
of the Govt of India above recorded,
the ~~amount~~ ^{outlay is stated to be} put down at Rs 2,15,776,
which is apparently a clerical
~~typographical~~ error. The ~~outlay~~ ^{amount}
shown in the Finance Accounts
has therefore been adopted in the
final issue of the budget.

5. The revised estimate
of charges under Excluded Local
Funds for 1888-89 as shown in
the preliminary issue amounted
to Rs, 75,220; but the modification
of grants subsequently sanctioned
reduced the estimate to Rs 50,897.

6. As already pointed out
in para 6 of G. O. No: 4015 W.
d/22nd December 1888, no provision
has been made in the budget
estimate under Excluded Local
Funds for works to be carried out
during 1889-90, ~~as the Financial~~
~~Department~~ ^{it has been} decided that
the funds under that head ^{shall}
be held in reserve in ~~that the~~
Financial Department and allotted from
time

Hull.

to 68
to 69

time to time. ~~as required~~ The
Superintending Engineers will
therefore apply for funds required
under Excluded Local in their
statements of demands for
incomplete and new works and
repairs.

7. With these remarks
the final issue of the Incorporated
& Excluded Local Funds budget
estimates for 1889-90 will be
printed and circulated for the
information and guidance of
the officers of the Department
and 35 copies as shown in the
margin forwarded to the Govt of
India.
