GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper:—

Resolution of the Government of India, Public Works Department (Account—
Civil Works), dated Calcutta, 30th March 1889, No. 15-B.O. A.—C.W.

Revised Estimate for 1888-89 and Budget Estimate for 1889-90.

Imperial Civil Works—Madras.

Read—

Public Works Department Resolution No. 386 A.—G., dated 31st October 1888.
Proceedings of the Madras Govt., No. 3865 W., Public Works, dated 8th Dec. 1888.
" " " 603 W., dated 1st March 1889.

Revised Estimate, 1888-89.

Resolution—

The estimate of expenditure is passed for Rs. 20,500, the amount of the existing grant.

Budget Estimate, 1889-90.

2. The provisional grant of Rs. 21,100 sanctioned in Public Works Department letter No. 386 A.—G., dated 31st October 1888, is hereby confirmed.

3. The details of the estimates passed by the Government of India are shown in the following table:—

Expenditure.

Order—

Ordered that the foregoing be communicated to the Government of Madras for information and guidance, with the request that 35 * printed copies of the budget estimate, as now passed, may be submitted so as to reach the Government of India not later than the 1st May 1889.

(Signed) A. G. BEGBIE, Lieut.-Col., R.E.,
Offg. Dy. Secy. to the Govt. of India.

ORDER—dated 22nd April 1889, No. 1071 W., Public Works.

In the preliminary issue of the Imperial Civil Works budget for 1889-90, a sum of Rs. 25,325, which included a provision of Rs. 4,225 for the construction of a combined Post and Telegraph office at Naduvatam, was proposed for expenditure during the current official year. It having been subsequently brought to notice (*vide* G.O., No. 603 W., dated 1st March 1889) that the question of constructing a Government building for the Post office at that station at a large outlay had been abandoned owing to a rented building being available, the grant for the building proposed by the Director-General of the Post office has been omitted and the budget estimate for 1889-90 reduced to Rs. 21,100, which has been confirmed by the Government of India.

2. The revised estimate of charges for 1888-89 as shown in the preliminary issue of the budget amounted to Rs. 21,668; but the modifications of allotments since sanctioned reduced the estimate to Rs. 20,511. The Government of India having passed the revised estimate for Rs. 20,500 in round numbers, that sum has been adopted in the final issue of the budget for 1889-90 and the necessary reductions have been made under Departmental heads.

3. The grant of Rs. 4,000 provided for Telegraph minor works will be placed at the disposal of the Director-General of Telegraphs, to whom Superintending Engineers and the Consulting Architect will apply direct for funds required for incomplete and new works under that head.

4. As the Director-General of the Post office has intimated that the grant for Postal minor works will remain at his disposal as in 1888-89, Superintending Engineers and the Consulting Architect will apply to that officer direct for funds required under that head.

5. In para. 4 of G.O., No. 3864 W., dated 8th December 1888, it was said that on receipt, early in 1889-90, of detailed proposals from Superintending Engineers and the Consulting Architect regarding the grants required for incomplete and minor new works under Postal and Telegraph, the Directors-General concerned would be requested to make the necessary appropriations. As this procedure would involve considerable delay in obtaining the required grants, it has been decided that Superintending Engineers and the Consulting Architect should apply direct to the Directors-General concerned for funds required for incomplete and minor new works. Applications for funds should not be made in the case of incomplete works of the previous year which can be completed in the current year at a cost of less than Rs. 500, as, under para. 1908, rule III of the Public Works Code, no appropriation of funds is necessary.

6. The grants for repairs under Postal and Telegraph will, as usual, be held at the disposal of Government and distributed on receipt of detailed proposals from Superintending Engineers and the Consulting Architect with reference to para. 1322 of the Public Works Code.

7. With these remarks the final issue of the Imperial Civil Works budget for 1889-90 will be printed and circulated for the information and guidance of the officers concerned, and 35 copies as shown in the margin forwarded to the Government of India.

ORDER—dated 2nd July 1888 No. 1969 W., Public Works.

With the papers above recorded, the Superintending Engineers and the Consulting Architect to Government submit statements of demands under Imperial Military and Civil Works, in lump sum, against each division, for minor new works and repairs, and, in detail, for incomplete works of 1887-88 and for new works proposed to be undertaken in the current official year.

2. Under "Military," the demands for major original works amount to—

Incomplete works	...	...	...	...	...	...	...	...	RS.
New works	...	...	...	...	...	...	...	...	14,446
									52,475
Total									66,921

while the budget grant for incomplete major works amounts to only Rs. 15,973. Of this sum, Rs. 8,278 for incomplete works and Rs. 2,000 to meet payment of the honoraria referred to in G.O. No. 2810 W., dated 20th October 1887, have been allotted; and the balance (Rs. 5,695) has been transferred, in anticipation of sanction by the Government of India, to the grant for minor works, which will then exceed the average outlay of the five previous years on such works.

3. A sum of Rs. 3,820 has been allotted for completing the conversion of certain buildings in Fort St. George into barracks for sixty single men, as the special grant applied for in para. 7 of G.O. No. 1199 W., dated 23rd April 1888, has not yet been sanctioned by the Government of India.

4. The demands for minor works, ordinary, amount to—

Incomplete works	...	...	...	...	...	...	...	...	RS.
New works	...	...	...	...	...	...	...	...	10,896
									33,841
Total									44,737

and the budget grant for the purpose amounts to Rs. 20,000; but allotments, Dated 19th April 1888, No. 1178 W. aggregating Rs. 2,489, having been already made, *vide* Proceedings of Government noted in the margin, the balance available for distribution is now Rs. 17,511. Adding to this sum, Rs. 5,695, transferred from major works, the total amount available for minor works will be Rs. 23,206. Of this sum Rs. 17,998 have been allotted for incomplete works of 1887-88 and for new works considered emergent; and the balance (Rs. 5,208) has been placed at the disposal of the officers commanding divisions and districts, to whom the Superintending Engineers should apply for funds for such works as are indispensably necessary.

5. The budget grant for minor ordnance works is Rs. 9,570. But the Director-General of Ordnance having transferred a sum of Rs. 58 to Burma, *vide* G.O. No. 1549 W., dated 25th May 1888, the balance available for allotment is Rs. 9,512, while the demands amount to Rs. 18,584 as shown below:—

Incomplete minor works	...	...	...	...	...	...	...	...	RS.
Minor new works	...	...	...	...	...	...	...	...	576
Incomplete major works	...	...	...	...	...	...	...	...	16,385
									1,623
Total									18,584

Allotments have been made to the extent of Rs. 7,079 for incomplete works of 1887-88 and for new works for which funds have been promised; and the balance (Rs. 2,433) has been placed at the disposal of the Inspector-General of Ordnance, to whom Superintending Engineers will apply for further funds required.

6. The amount reserved for military repairs is Rs. 3,00,000; but a sum of Rs. 2,370 having been allotted to the Godavari, Eastern Division, *vide* G.O. No. 1267-A.W., dated 1st May 1888, the amount now available is Rs. 2,97,630. As the demands under this head amount to Rs. 3,46,385, they have been reduced * so as to bring the allotments within the available grant.

* Statement A.

7. Under "civil works" the demands against original works, telegraphs, amount to Rs. 348; but in each case the demand is within Rs. 500, and it is on account of incomplete work of the previous year. Specific appropriation of funds is not, therefore, necessary, *vide* Code para. 1908, Part III. The budget grant of Rs. 4,000 for works under this head will, therefore, be placed at the disposal of the Director-General of Telegraphs, to whom Superintending Engineers should apply for funds, if required hereafter.

8. The allotments under postal and telegraph repairs will be found in Statement A. The demands under postal repairs have been reduced to Rs. 7,000 to bring the sum within the provision in the budget.

9. Ordered that a copy of these Proceedings be forwarded to the Government of India in the Military Department, with a request that the transfer of Rs. 5,695 from major to minor works referred to in para. 2 may be sanctioned at an early date.

(Here enter dated 2nd July 1888, No. 1970 W.)

Resolution from the Government of India, Public Works Department (Account—
General), dated Simla, 31st October 1888, No. 386 A.G.

Provisional grants for 1889-90—Imperial Civil Works.

Resolution—

The schedules of demands for Imperial Civil Works for 1889-90 having been
considered, the Government of India is pleased to sanction the provisional grants noted
in the following table.

The Government of India regrets that the funds available for expenditure next
year will not admit of larger grants being assigned :—

Province.	New Works.	Works in progress.	Repairs.	Total Works and Repairs.	Estab- lish- ment.	Tools and Plant.	Grand Total.

* Excluding grants for Quetta Water Works, about which orders will issue hereafter.

† Excluding grants for works to be transferred from the Central India Agency, about which orders will issue hereafter.

‡ Excluding grants for Frontier Roads, about which orders will issue hereafter.

2. The details of the provisional grants are given in a separate statement
attached to this resolution. The Director-General of the Post Office of India will
communicate to Local Governments and Administrations the grants to be included in
the Imperial budget estimates on account of major and minor postal works. This
information should be supplied as soon as possible so as to avoid any delay in the
submission of the detailed budget estimates.

13

Order—

Ordered that the foregoing be communicated to the Local Governments, Administrations and officers noted in the margin for information and guidance, with the request that the preliminary issues of the budget estimates may be submitted so as to reach this office without fail by the 15th January next.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners, Central Provinces, Assam and Coorg.
The Resident at Hyderabad.
The Agents to the Governor-General for Central India, Rajputana and Biluchistan.
The Superintendent of Port Blair and Chief Commissioner, Andaman and Nicobar Islands.
The Inspector-General of Military Works.
The Director-General of Telegraphs.
The Director-General of the Post Office of India.

Ordered also that a copy be forwarded to the Finance Department for information.

(Signed) R. C. B. PEMBERTON, Colonel, R.E.,
Secy. to the Govt. of India.

Telegram from the Director-General of the Post Office of India, dated 20th November 1888.

From the Director-General of the Post Office of India, to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 30th November 1888, No. 5995.

Referring to para. 2 of the Government of India Public Works Department Resolution, No. 386 A.G., dated the 31st October last, regarding provisional grant for 1889-90 for Imperial Civil Works, and in continuation of my telegram of the 20th November 1888, I have the honor to request that you will be good enough to include the sum of Rs. 3,393 for the combined Post and Telegraph office at Naduvatom in the Imperial budget estimate of your Government for the year 1889-90. Regarding the grants for minor works, the Government of India in the Public Works Department has been requested to place a lump sum at the disposal of this office as "reserve with the Government of India" for minor postal public works to be executed in the year 1889-90. From this amount appropriations for such works in the several provinces will be sanctioned in the same manner as has been done in the year 1888-89. Under these circumstances, it is not necessary to include anything for postal minor works in the Imperial budget estimate of Madras for the year 1889-90.

ORDER—dated 8th December 1888, No. 3864 W., Public Works.

In their resolution above recorded, the Government of India have assigned a provisional grant of Rs. 21,100 for expenditure on Imperial Civil Works in this Presidency during 1889-90, and distributed the same under the departmental heads, as shown below:—

	RS.
New works	4,000
Repairs	13,000
Establishment	3,900
Tools and plant	200
Total	21,100

With reference to para. 2 of the resolution, the Director-General of the Post Office of India has, in his telegram, dated 20th November 1888, provided a further grant of Rs. 3,393 for the postal share of the cost of the combined Post and Telegraph office at Naduvatom. This, together with the percentage charges for "Establishment" and "Tools and Plant," will amount to Rs. 4,225 as shown below:—

	RS.
Works	3,393
Establishment	781
Tools and Plant	51
Total	4,225

2. The budget estimate for 1889-90 has therefore been prepared for Rs. 25,325, being the total of the assignments made by the Government of India and the Director-General of the Post Office.

3. The Director-General of the Post Office has reported that the grant for minor works of 1889-90 will remain at his disposal as in the current year, and that no prior division will be made to provinces. The grant of Rs. 4,000 provided for telegraph minor works will, with reference to G.O., No. 863 W., dated 9th April 1885, be placed at the disposal of the Director-General of Telegraphs.

4. On receipt, early next year, of detailed proposals from Superintending Engineers and the Consulting Architect as regards the grants required for incomplete and minor new works under postal and telegraph, the Directors-General concerned will be requested to make the necessary appropriations.

5. The grant for repairs will, as usual, be held at the disposal of Government and distributed on receipt of detailed proposals from Superintending Engineers and the Consulting Architect with reference to para. 1322 of the Public Works Code.

6. The difference between the budget and the revised estimates for 1888-89 is due to the transfer to Assam of Rs. 250 under telegraph minor works and to the several appropriations made during the year by the Director-General of the Post Office for postal minor works of this Presidency.

7. With these remarks, the preliminary issue of the Imperial Civil Works budget for 1889-90 will be printed and circulated to the officers concerned, and four copies forwarded to the Government of India.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From T. D. DINWIDDIE, Esq., Superintendent of Post Offices, Coimbatore division, to the Superintending Engineer, IV Circle, dated 19th February 1889, No. 7580/C 12.

With reference to your No. 27 M., dated 28th January 1889, I have the honor to forward, for your information, a copy of the communication noted on the margin from the Postmaster-General, Madras, from which it will be seen that the proposal to construct a Post office building at Naduvatam has since been relinquished.

ENCLOSURE.

From the Postmaster-General, Madras, to the Superintendent of Post Offices, Coimbatore division, dated 13th February 1889, No. 24577.

The question of constructing a Government building for the Post office at Naduvatam at a large outlay has been abandoned, a rented building having been secured on a monthly rent of Rs. 7-8-0 on a lease for three years. The Superintending Engineer may be informed accordingly.

No. 92 E.W.

Forwarded to the Chief Engineer, Public Works Department, for information.

2. The grant of Rs. 3,393 provided for this work in the preliminary issue of the Imperial Civil Works budget for 1889-90 is not required.

(Signed) A. C. SMITH, Lieut.-Col., R.E.,
Superintending Engineer, IV Circle.
23rd February 1889.

ORDER—dated 1st March 1889, No. 603 W., Public Works.

The foregoing letter from the Superintending Engineer, IV Circle, with its enclosures will be communicated to the Director-General of the Post Offices of India with reference to his letter No. 5995, dated 30th November 1888. The grant of Rs. 3,393 provided for the Post office at Naduvatam will not, in the circumstances

1315

now brought to notice, be required and will, therefore, be omitted from the final issue of the Imperial Civil Works budget estimate for 1889-90.

2. Ordered that a copy of these Proceedings be forwarded to the Government of India, Public Works Department, for information.

(Here enter No. 604 W., dated 1st March 1889.)

Orders on letter from the Superintendent of Post Offices, Coimbatore division, submitted by the Superintending Engineer, IV Circle, intimating that the proposal to construct a — has been relinquished.

C. No: 3185

Note

1071
1072
In para 4 of G.O. No: 3864W
d/8th December 1888, it was
said that, on receipt, early in
1889-90, of detailed proposals
from Suptg Engineers and
the Consq Architect as regards
the grants required for
incomplete and minor new
works under Postal and
Telegraph, the Directors General
concerned would be requested
to make the necessary approp-
-riations. The detailed
proposals above referred are
those which the S. Es have to
submit within 6 weeks after
the close of the official year
i.e. before 15th May vide
para 1322 of the P.W. Code;
but they are never completely
received before 15th June
even though every precaution
may be taken to get them

15
17

earlier. Orders on these statements are generally issued before the middle of July and as the statements have to be got through the Press, they are not received by the S. Es. and other Officers before the end of July. Allotments of funds by the Directors General on receipt of these statements will not therefore be communicated before the beginning of August. As the first 4 months of the year which form the best working season will be thereby lost and 4 months delay is 4 months loss for all minor new works, I beg to suggest that, instead of asking the S. Es. to submit their proposals to us, they be directed to apply direct

1071
1272

to the Directors General, a procedure which has no real objection. The S. Es. directly correspond with the Directors General and allotments for Postal and Telegraph Works are now made by those officers without our making any application to them. It does not therefore seem necessary that this office should compile the statements received from S. Es. apply to the Directors for the requisite allotment. All the Postal and Telegraph works in this Presidency being only minor works, this office has no means of checking the amounts of estimates &c. The only check exercised by this office is in case of incomplete works for which the S. Es. apply for allotments

16
18

Vide G.O. No. 1769 Waf 2

although no appropriations
are necessary for them under
para 1708 (Rule II) of the P. W. Code.
If the G. O.'s attention is
drawn to this ruling, there
will be nothing else that will
require scrutiny. It is
proposed to direct
in supersession
of G. O. No. 3864
December 1888, to
applications direct
Directors General
for funds required
for incomplete as well as
minor new works.

May 9/4

The procedure indicated
in this note may be
adopted with advantage.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 22nd April 1889

READ the following

From the Govt of India, P.W. Department H. E. No. 15/13.0 A—C.W. d/30th March 1889

In the preliminary issue of the Imperial Civil Works Budget for 1889-90, a sum of Rs 25,325, which included a provision of Rs 4,225 for the construction of a combined Post and Telegraph Office at Naduvattam, was proposed for expenditure during the current official year. It having been subsequently brought to notice, vide G.O. No. 1003 W d/1st March 1889, that the question of constructing a Govt. Building for the Post Office at that station at a large outlay had been abandoned owing to a rented building ~~having been~~ ^{available} secured for the purpose, the grant for the building proposed by the Director General of the Post Office has been omitted and the budget estimate for 1889-90 reduced to Rs 21,100, which has been confirmed by the Govt of India.

It is
14 Apr

24

2. The revised estimate of charges for 1888-89 as shown in the preliminary issue of the budget amounted to Rs 21,668; but the modifications of allotments since sanctioned reduced the estimate to Rs 20,511.

The Govt of India having passed the revised estimate for Rs 20,500 in round numbers, that sum has been adopted in the final ^{of the Budget for 1889-90} issue, and the necessary reductions have been made under Departmental heads.

3. The grant of Rs 4,000 provided for Telegraph Minor works will be placed at the disposal of the Director General of Telegraphs, to whom Suptg. Engineers and the Consq. Architect will apply direct for funds required for incomplete and new works under that head.

4. As the Director General of the Post Office has intimated that the grant for Postal Minor works will remain at his disposal as in 1888-89, Suptg. Engineers and the Consq. Architect will apply to that officer direct for funds required under that head.

5. In para 4 of G. O. No. 1381, d/8th December 1888, it was said that on receipt, early in 1889-90, of detailed proposals from Suptg. Engineers and the Consq. Architect ~~as~~ regarding the grants required for incomplete and minor new works under Postal and Telegraph, the Directors General concerned would be requested to make the necessary appropriations. As this procedure would involve considerable delay in obtaining the required grants, it has been decided that Suptg. Engrs and the Consq. Architect should apply direct to the Directors General concerned for funds required for incomplete and minor new works. Applications for funds should not be made in the case of incomplete works of the previous year which can be completed in the current year at a cost of less than Rs 500, as, under para 1908 rule III of the P. W. Code, no appropriation of funds is necessary.

6. The grants for repairs under Postal and Telegraph will, as usual, be held at the

proposal of Govt and distributed
on receipt of detailed proposals
from Suptg. Engineers and
the Consgr Architect with
reference to para 1322 of the
P. W. Code.

H.M.

7. With these remarks
the final issue of the
Imperial Civil Works Budget
for 1889-90 will be printed
and circulated for the infor-
mation and guidance of the
officers concerned, and 35
copies as shown in the margin
forwarded to the Govt of India.
