GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

G.O., dated 13th June 1888, No. 1318, Judicial.

From H. R. GRIMES, Esq., Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 5th June 1888, No. 244.

With reference to G.O., dated 11th May 1885, No. 1106 W., I have the honor to submit plans and estimates for constructing a quarantine ward at the Central Jail at Rajahmundry.

2. The estimates amount to Rs. 11,520 after a deduction of Rs. 1,580 is made for convict labor, the largest item amongst them being one of Rs. 5,000 for the compound wall; but I am of opinion that this wall could be built in *pisé* and a large saving effected on the estimates. I have addressed the Acting Superintendent of the Jail on the subject, and he is agreeable to undertake the work of building the wall by convict labor, and I would therefore suggest that he may be permitted to do so. Should this be approved of, the amount required for building the quarantine ward will be Rs. 6,520.

3. The buildings are to consist of a block of three wards to accommodate 43 male prisoners, a work-shed, kitchen, latrine and bathing cistern; they will be situated close to the main gate; the main wall of the jail forming one side of the enclosure, by being so situated, they can be easily guarded, as the sentry on the main gate of the jail can command the entrance into the quarantine enclosure, and the interior of the enclosure can be commanded by the sentries who at this jail patrol on the top of the outer wall.

Order—dated 13th June 1888, No. 1318, Judicial.

The proposal of the Inspector-General that the compound wall should be built *en pisé* by convict labor is approved. Subject to this modification, the plan and estimates are approved and will be transferred to the Public Works Department.

(True Extract.)

(Signed) A. G. CARDEW,
Ag. Under-Secretary.

From Lieut.-Colonel R. R. E. DRAKE-BROCKMAN, R.E., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 23rd October 1888, No. 2040 G.D.

With reference to your endorsement No. 2488 C., dated 3rd July 1888, on Proceedings of Madras Government, No. 1318, dated 13th June 1888, herewith returned, I have the honor to submit, for sanction and necessary allotment of funds, a fresh estimate, in duplicate, amounting to Rs. 9,650, for "constructing quarantine ward" in the Central Jail, Rajahmundry.

2. The estimate now submitted provides for the compound wall being constructed of *pisé* work by convict labor as recommended by the Inspector-General. A foot-note showing the value * of convict labor is entered on the estimate.

* See detailed statement herewith.

From J. E. PAUL, Esq., Executive Engineer, in charge I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 21st March 1889, No. 3415 G.D.

With reference to your memorandum No. 4364 C., dated 8th November 1888, I have the honor to resubmit the revised estimate of Rs. 9,650 for constructing quarantine ward in the Central Jail, Rajahmundry, together with a copy of the Executive Engineer's letter No. 682 S., dated 30th January 1889, and its enclosure.

2. A fresh statement showing the details of convict labor proposed to be employed on the quarantine ward is enclosed, from which it will be observed that the saving due to the use of convict labor amounts to Rs. 1,493.

3. The comparative statement called for in para. 3 of your memorandum under reply is not submitted, as the items entered in both the original and revised estimates on account of convict labor were prepared on incorrect data.

ORDER—dated 24th April 1889, No. 1084 W., Public Works.

The estimate, amounting to Rs. 9,650,† for constructing a quarantine ward in the Central Jail at Rajahmundry, is sanctioned for execution when funds are available.

† Includes Rs. 1,493 being the value of convict labor.

2. This sanction has been registered as Provincial No. 5. W. of 1889-90 and classified as Civil Buildings, Original Works.

Letter No. 3415
Dated 21st March 1889
From the Supdg. Engr. 1st Circle

NOTE OF REMARKS.

The accompanying Estimate amounting to Rs 9,650 for constructing a Quarantine Ward in the Central Jail at Rajahmundry was returned with this Office Memo dated 2nd November 88 for explanation regarding Convict Labor, and for the submission of a Comparative Statement between the original and revised Estimates.

The Supdg Engr now submits a fresh Statement showing the details of Convict Labor to be employed on the Quarantine

and the saving ac-
cruing thereon
is Rs 1693 - The comput-
ation on the est: as
previously stated was
Rs 1205 -

With regard to the
Comparative Statement
called for in para
3 of this Office Memo
that on the sheet
entered in both
the original and
revised Ests on account
of Convict labor was
prepared on incorrect
data it is re-
submitted -

The Est has already
been scrutinized in this
Office and needs no further
remarks -

The rates are fair.

The revised Est: is
countersigned by
the Inspector General
of Jails, but has
not passed through
the prescribed Depts: which
can not be necessary
as the original Est: was
approved by that Dept: Engr 6/1/89.

1 Comparative Statement
1 Copy of Jail Supdts letter No 735 of 18/12/88
1 Revised Statement
1 Gl abstract
With 22 enclosures.

Sir,

With reference to your No. 2266 G.O. of 17th November 1888, on Chief Engineer's Memo No. 4364 C of 8th November/88, I have the honor to inform you that by substituting Dise work in place of masonry for the compound wall, the saving due to the use of convict labor has been decreased. A Comparative Statement showing the difference between the original and revised estimates is herewith submitted.

2. The saving as above calculated

cannot however now be taken into Consideration as it was prepared on incorrect data. The Jail Superintendent in his letter No. 735 of 18th December 1888 (Copy is herein enclosed) now informs me that convicts will only turn out $\frac{2}{3}$ of the work of free laborers both working for the same time.

3. I have now calculated the saving effected by convict labor in reference to Jail Superintendent's letter and a revised statement is herewith sent.

I have the honor &c

1084/13

From
L. P. C. Scott Esqre
Ag Superintendent of Jail
Rajahmundry

To
The Executive Engineer
Godavari Eastern Division
Dowlaicheveram

Sir,

In reply to your No 956 L dated 11th December 88 I have the honor to inform you that I don't think I shall be able to give you for the construction of the Quarantine ward more than 4 sets of Sawyers for 3 months, 5 Carpenters for 3 months, and 4 Smiths for 1 month. I can give from 20 to 30 coolies (or more if required) for 12 months. I have a circular saw bench, and could give several relief of Convicts, to work it. It could be worked all days, and could do all plain Sawing work such as rafters reepers, & door frame posts &c

2. I think convict labor should be utilised as far as possible, but at present I cannot supply all the skilled labor you require.

In para 495 of the Jail Code it is laid down that

that "in Estimating the value of Convict labor it will be calculated at the rate of 2/3 of the wages of a free laborer of a like description for the same no of hours". From this I presume that a Convict is considered to do only 2/3 of the amount of work that a free laborer will do in a given time.

A Convict gives 8 hours work a day, and by para 480 of the Jail Code. Prison labor per day is Valued as follows.

Black Smiths 3 annas –

Carpenters 3 Do –

Masons and Bricklayer } 3 Do

Laborer (Coolies) anna 1 4 pies 6.

All the pie work can be done with Convict labor.

I have the honor to be
Sir
Your most Obedient Servant
