The Chief Engineer,

Sir,

Encls: 1

Statement.

In reply to your memo:

No. 24 D of 9th instant, I have the honor to enclose a statement showing the number of quarters at present available on Stone House Hill with their occupants.

It will be seen that all the servants mentioned in para 2 of your memo are provided for with the exception of 7 married and 5 single men, who, I understand, have not yet arrived, and

+ Put up with a note sent to Oct 17/89 in connection with the closing of the road in the Stone House Hill bridge Old only for wheeled traffic.

and these, I propose, locating
in the 12 quarters available in
Kelso Road Block No. I.

3. This arrangement will
leave the two blocks of Old
Ooty Lines free for the occupa-
-tion of native troops, as requested
by the Quarter Master General.

Only 4 line gun men have arrived
up to date, and I understand that
19 more are coming when the
Commander-in-Chief arrives,
who will require two quarters
for their arms, making 25 in all,
so that there will still be 15 quarters
available in these lines.

4. With regard to para 3 of
your memo, the Head Saffadar
is in the habit of allotting the
various quarters so as to interfere
as little as possible with caste
distinctions &c. Mr. Bragg
has

has seen him this morning
and understands that no diffi-
-culties have lately arisen.
