The Superintending Engineer,

Sir,

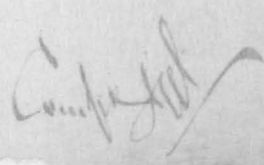

I have the honor to submit an Estimate for an 8 feet square single fly office tent as requested in your letter N^o. 655 N.D. of 8th November 1888 and request that you will be pleased to obtain sanction for the same.

Mr. Malet the late Executive Engineer suggested that a 9 feet square double fly should be recommended as the records will have to be protected during rains and heavy breeze and he thought a single fly would not be safe. I agree with him and I have submitted another Estimate for a 9 ft. square double fly tent. If you also consider that this is necessary, I request you will be pleased to obtain sanction for this Estimate in lieu of the one for 8 feet square single fly tent. I have &c

Sir,
