GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following paper :—

From J. E. PAUL, Esq., Executive Engineer, in charge I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 21st March 1889, No. 1261 G.N.

I have the honor to submit herewith, for the sanction of Government, copy of letter No. 336, together with a tracing received from the Executive Engineer, Ganjam division, making proposals for reconstituting the sub-divisions.

2. At the same time I request you will be good enough to obtain the sanction of Government to change the name of "Aska sub-division" in the Rushikulya division to "Doegam sub-division," as Aska has nothing to do with the Rushikulya project.

Enclosure.

From A. L. ROYCHOUDRY, Esq., Executive Engineer, Ganjam division, to the Superintending Engineer, I Circle, dated ——, No. 336 S.E.

The present sub-divisions of this division are very unequal in size.

2. The Chicacole sub-division, which consists chiefly the irrigation works of the Vamsadhara and Langulea rivers and the Urlám estate works, has a very small area in comparison to that of Berhampore sub-division which includes all the works of the Berhampore taluk and of seven large estates, viz., Chinna Kimedi, Jarada, Dhárákót, Kallikót, Bodagada, Aska and Kurla. Besides, the works of the latter sub-division are not concentrated within a small area like the former, but are scattered over a very large area nearly twice as much as that of Chicacole and Parlákimedi sub-divisions taken together.

3. I have therefore the honor to make the following proposals for reconstituting the sub-divisions of this division for your approval and sanction :—

(1) A portion of the present Berhampore sub-division from the Rushikulya river to the boundary of the Chicacole taluk including Jarada estate, as colored yellow in the accompanying tracing be included in the present Chicacole sub-division with head-quarters at Tekkali or Sómpet. The former place though not central will be preferable, as there is a Government building in which the sub-divisional officer can hold his office. The latter is central spot of the sub-division, but has no accommodation for sub-division office.

(2) The remaining portion of the Berhampore sub-division, colored red, will constitute a separate sub-division with head-quarters at Aska to be called Aska sub-division.

(3) The Parlákimedi sub-division will remain as at present.

(4) There are three overseers in the Berhampore and one in the Chicacole sub-division. The new sub-divisions as now proposed will have two overseers each with head-quarters as below :—

For Chicacole sub-division one overseer at Chicacole and one overseer at Berhampore.

For Aska sub-division one overseer at Aska and one overseer at Kallikót.

4. If the proposals now made are approved, they will be carried out after 31st March 1889.

Order—dated 25th April 1889, No. 1101 W., Public Works.

The Government consider the following rearrangement of sub-divisional charges to be preferable to that recommended :—

I. "Northern sub-division" to include all work north of the Rushikulya river, with head-quarters at Aska.

II. "Berhampore sub-division," all works south of the Rushikulya, down to the southern boundary of the Berhampore taluk, with head-quarters at Berhampore.

III. Chicacole sub-division to include the Chicacole taluk and the Parlákimedi estate, with head-quarters at Chicacole.

2. The Superintending Engineer will carry out the rearrangement as soon as practicable.

Read—the following paper:—

From G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 5th July 1888, No. 311 G.N.

In the present arrangement the Ganjam Division has three recognised subdivisions (the "four" stated in para. 3 of G.O. No. 3208, dated 24th November 1887, was probably entered by mistake), of which one (head-quarter subdivision), according to my recommendation, is directly under the Executive Engineer without a special subdivision officer.

2. Since I made the recommendation, the extensive Court of Wards estates (Kallakota and Attagedda) have been added* to the charge of the head-quarters subdivision, and experience shows me that a special subdivision officer is required for it; for instance, it has been absolutely necessary for the Executive Engineer to be for six weeks or more, during the height of the working season, away from his subdivision in Parlákimedi.

3. I therefore strongly recommend that the present head-quarters subdivision be called the "Berhampore subdivision," and that it be allowed a special subdivision officer.

4. If you approve, I would ask that an upper subordinate of the grade of Sub-Engineer or Supervisor be posted for the charge; there are in the division no Assistant Engineers, and only two Sub-Engineers (one of them temporary) and no Supervisors, and I do not see how to supply the want from other parts of the circle.

ORDER—dated 23rd August 1888, No. 2605 W., Public Works.

The proposal in para. 3 of the Superintending Engineer's letter is approved. The Chief Engineer will arrange to post a senior upper subordinate to the Ganjam Division for charge of the Berhampore Subdivision.

As the headquarters of the Northern Sub Division, Ganjam Division are to be at Aska it appears to be necessary to comply with the request of the Supg: Engr: in para 2 of his No. 1261 G.N. of 21.3.89 that the name of the "Aska Sub Division" Rushi-Kulya Division be changed to "Doegam Sub Division" with headquarters presumably at Doegam?

The S.E. says that Aska has nothing to do with the Rushi-Kulya Project.

C. E.-

Your endorsement 28/3/89 - on S. B. No 1261 21/3/89 - Sorry to have kept it so long but I wrote to Court of Wards to find if any prospect of Early handing over Parla Kimedi to the Senior Zemindar which would affect the question - It appears that there is no such prospect -

(1st) At Chicacole there are P.W. & Office building and a house for the Sub Div. Office bought only some 3 years ago, and it is very conveniently situated as regards the Chief irrigation works of the District & Division. I recommend its retention as Head

Quarters of the Sub Divn_

(2) I agree that the addition, within the last year, of extensive Court of Wards' Estates in the northern part of the District to the charge of the E.E. necessitates alteration of the Sub Divn but I suggest as an arrangement better than that proposed

(a) (1) Northern Sub Divn Head Quarters Aska — all north of the Rushikulia River.

(2) Berhampur Sub Divn all south of that River (Head Quarters Berhampur) down to ~~Chicacole Kasibugga~~ Southern boundary of Berhampur taluq

(3) ~~Chicacole~~ Southern Sub Division — (Head Quarters Chicacole). Chicacole ~~Sub Div~~ & Taluq and Parla Kimedi Estate.

(3) I deprecate the change of name of the "Aska" Sub Div — of the Rushikulya Project works — however desirable it was at first a change now would inevitably cause confusion —

12/4/89

+ Chge of name

× [illegible]

I think under the circumstances three Sub Divns would be advisable. This will necessitate an addl Sub Divl allowance. The name of the northern Sub Divn ought to be "Goomsoor" as it includes the Goomsoor Taluq — As this will involve additional charges, the matter will have to go before Government —
