26th April 1889, No. 1120 W., Public Works.

## GOVERNMENT OF MADRAS.

## PUBLIC WORKS DEPARTMENT.

### General.
### Establishment.

Read—the following papers:—

From G. H. D. WALKER, Esq., Under-Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 27th March 1889, No. 905 G.

With reference to your No. 690 W., dated the 8th instant, I am directed to state that the Government of India is prepared to offer the services of Mr. H. Irwin, C.I.E., who built the Viceregal palace and the public offices at Simla, for the post of Consulting Architect to the Madras Government in place of Mr. Brassington. It is thought, however, that if His Excellency the Governor accepts Mr. Irwin, he should be appointed to the post with the rank of Superintending Engineer, third class. Mr. Irwin is at present Officiating Superintending Engineer and Secretary to the Agent to the Governor-General, Rajputana and Central India, and while he was employed on the buildings at Simla, he was a Superintendent of Works drawing a local allowance of Rs. 150 in addition to his grade pay as Executive Engineer, first class.

2. Under the terms of the existing sanction for the post of Consulting Architect to the Madras Government, as explained in Public Works Department No. 1558 G., dated 16th October 1885, Mr. Irwin would, if accepted on these terms, be treated as supernumerary and receive promotion, *pari passu*, with officers of his standing on the Madras list. His appointment would consequently not interfere with the claims of officers already on that list.

Go. 1296 W
22-5-86
flag 1

3. I am to add that Mr. Irwin's merits as an architect may be considered to fully qualify him for the rank of Superintending Engineer.

From J. W. BRASSINGTON, Esq., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chepâk, 12th April 1889, No. 81.

With reference to your memorandum No. 17 D., dated the 8th instant, I have the honor to state that I have not had any sick leave whatever during my term of service, and trust that the necessity for applying for sick leave will not arise in the remaining short period of service.

Order—dated 26th April 1889, No. 1120 W., Public Works.

The Government of India will be informed that the services of Mr. H. Irwin, C.I.E., are accepted on the terms stated, with effect from the date of Mr. Brassington's retirement.

(Here enter No. 1121 W., dated 26th April 1889.)

READ the following

From the Govt. of India (H.E. No. 905 G d/ Mch 27. 1889)

I suppose we must take him, but before writing to that effect, it is necessary to settle what is to be done about Mr. Brassington. Is he going to take leave, sick or other? Or if he is to be allowed to go to Kotagiri to complete the plans & drawings for the High Court? Is the latter arrangement admissible? He would I suppose be regarded as on special duty or as a supernumerary; and I suppose sanction would have to be obtained to the arrangement.

This matter should be cleared up after communication with Mr. Brassington & the Examiner before India is addressed

READ the following :—

From the Consulting Architect to Government No. 81 d/12th April 1889.

FOR ORDERS.

Circulated to the Honorable Member with reference to remarks on Cir. 3081.

In the circumstances stated by Mr. Brassington, I presume that the services of Mr. Irwin C.I.E. cannot be accepted until Mr. Brassington has put in his whole time for pension — The proposal to employ him on special duty on the Hills to draw up detail plans of the High Court Buildings would not work I think for two

Mr. B. might have been asked more generally what his intentions were. I said "leave sick or other". In present circumstances we had better write to India and say that we shall be glad to take Mr. Irwin on the conditions proposed, but that we now find that we will not want him until Mr. Brassington goes.

reasons; Firstly that India would not be likely to give us the services of two Consulting Architects, and Secondly if they did, professional pique would most likely show itself in Mr. Irwin, who would not like Mr. Brassington to prepare detailed plans for a work which he, Mr Irwin, would be supervising —

No reference has been made to the Examiner on the financial aspect of the case, as it is certain that this Government have no power to employ two officers on the duties of Consulting Architect.
