GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

READ—the following paper :—

From Captain H. A. STREET, Her Majesty's Indian Marine, Presidency Port Officer, Madras, to the Chief Secretary to Government, dated Madras, 20th March 1889, No. G-116.

In paragraph 9 of G.O., dated 27th April 1888, No. 161, Marine, it is stated, with respect to the cost of maintaining the Port office building, that "a fixed share of the cost, such as may be considered fair, should be charged to Madras and the rest to all the ports."

2. To ascertain what this share should be, I placed myself in communication with the Executive Engineer, Presidency Division, on the subject, and have the honor to submit a copy of the letter I have received in connection therewith.

3. It will be observed that the proportionate share debitable to Madras is $\frac{4}{17}$, and that $\frac{13}{17}$ will have to be included among the general charges to be borne by the out-ports. $\frac{13}{17}$ is the proportion which should be borne by Provincial funds, as it is connected with the part of the building occupied by the Agent for Government Consignments. The remaining $\frac{4}{17}$ share which is common to all will have to be borne equally, see paragraph 2 of Assistant Engineer's letter, dated 18th March 1889, No. 4445.

4. With respect to the charge to be borne by Provincial revenues, I would point out that up to this no charge has been made on account of the space occupied by the Agent for Government Consignments.

5. In conclusion, I have the honor to beg that I may be informed by an early date, whether the manner in which it is proposed to distribute the cost of maintaining the Port office building meets with the approval of Government.

ENCLOSURE.

From S. W. H. OTTMANN, Esq., Assistant Engineer, Civil Works, Presidency Division, to the Presidency Port Officer, Madras, dated Chepak, 18th March 1889, No. 4445.

In reference to your letter No. P-82 of 3rd December 1888, to the Executive Engineer, Presidency Division, on the subject of distributing share of cost of maintenance of Presidency Port office between the several departments occupying the buildings, viz. :—

- (a) Presidency Port office,
- (b) Deputy Port Conservator,
- (c) Agent for Government Consignments,

I have the honor to place the following information at your disposal, to enable you to determine the share of cost that each branch of the Port officer's department should bear :—

- (a) Area occupied by the Port officer and his establishment on ground floor and upstairs, square feet 3,650.
- (b) Area occupied by the Deputy Port Conservator and his establishment as under :—

	SQ. FT.
Deputy Port Conservator and his establishment, ground floor and upstairs	3,086
Do. Signallers' quarters	904
Total ..	3,990
(c) Agent for Government Consignments, ground floor only	1,045

The ratio of cost of maintenance for each of the above branches of the Port Officer's Department will be as under—

For (a)	$\frac{36}{87}$
" (b)	$\frac{31}{87} + \frac{9}{87} = \frac{40}{87}$
" (c)	$\frac{10}{87}$

2. In computing the areas,—verandahs, staircases, passages, yards have been considered common to all, so omitted in the consideration of the question.

3. From the information above given, it will be seen what proportion of cost of maintenance should be debited against Presidency Port office, Harbour Trust Board and the Government, under Provincial, for the Agent for Government Consignments.

4. Should you require me to give any further information on the matter under reference, I am at your service on any day and hour you name, when I shall attend.

I enclose herein, for your information, statement of areas of the rooms occupied by the several branches of your department.

ORDER—dated 4th April 1889, No. 136, Marine.

The charges will, in the first instance, be debited as follows:—

58 per cent. to General Charges.

42 per cent. to Madras Port.

Of the above proportion 11 per cent. will, at the end of each year, be adjusted against Provincial services by way of contribution in reduction of the general charges.
