X In continuation of my letter,
No. 128, dated 8th March 1889, I have the
honor to acquaint you for the informa-
tion of Government that Messrs Massey
and Co. having informed me that the
cranes referred to therein were ready
for testing, I asked the Superintendent,
Public Works Workshops, to send some
person to test the same, but that officer
has declined to do so, and as Messrs
Massey and Co. declines to send the
cranes to the Public Works Workshop
there is a dead lock.

Government having ordered
the cranes and Messrs Massey and Co. having
complied with the order, they will
have

have to be taken over and paid for,
but before taking them over it is
necessary that they should be tested,
and as I have no one attached to
my department who is capable of
carrying out the work, I submit,
that it should be done by an
expert

I have the honor to be,
