DEPT.

EXAMINER, P. W. ACCOUNTS.

Madras, 15. April 1889.

OFFICE NOTE No. 487.

To

W.

With reference to P.W. Code paras 925 and 993 regarding the examination of soil for foundation of works and the expenses attendant on such examination, I find that the incidence of such charges is nowhere laid down in the code. A question on this point has been put to me by the Executive Engineer Ganjam Division, but in the absence of a rule I am unable to give him definite instructions.

2. I am of opinion that such subsidiary expenditure which must necessarily be incurred before framing the estimate for the work itself, should in the first instance, be charged (as a separate work) to the fund and head of service to which the main work will eventually be charged if sanctioned, and should eventually be included in and debited to the estimate for that work.

2. If you agree, please obtain
