READ—the following paper:—

From Captain H. A. STREET, Her Majesty's Indian Marine, Presidency Port Officer, Madras, to the Chief Secretary to Government, dated Madras, 11th March 1889, No. G.-101.

In my report on the port of Beypore, I stated that, as that port had ceased to be a regular "port of call," a light was not needed. I now have the honor to request that the sanction of Government may be obtained to the discontinuance of the light at Beypore from the 1st July next, as a temporary measure.

2. Should it be found that no inconvenience is experienced by the want of a light, a proposal will be submitted for its being permanently extinguished.

3. I have communicated with the Port Officer, Calicut, on the subject of a reduction of establishment at Beypore on the light being extinguished, but that officer submits that, in his opinion, no reduction can be made until the present signaller, whose pay is Rs. 50 per mensem, can be removed elsewhere, and a clerk on a lower scale of pay appointed instead. It seems that the signaller is, to all intents and purposes, the Port Conservator of Beypore, acting as such under the immediate orders of the Port Officer at Calicut, who is the officer in charge of the two ports, and that the two lascars attached to the office are required instead of peons. I would suggest, however, the reduction of one lascar as a temporary arrangement. Measures will be taken to remove the present signaller when an opportunity occurs for employing him elsewhere.

ORDER—dated 15th April 1889, No. 155, Marine.

The temporary extinction of the light at Beypore from 1st July 1889 is approved. The usual intimation to the Director of Indian Marine and to the Port Officer at Calcutta will be given by the Presidency Port Officer in due course.

2. The arrangements referred to in paragraph 3 of the Presidency Port Officer's letter are approved.

READ—the following paper :—

From Colonel T. K. GUTHRIE, Inspector-General of Police, to the Chief Secretary to Government, Judicial Department, dated Madras, 6th June 1889, No. 2677.

I have the honor to submit, for sanction, Public Works Department plan and estimate for Rs. 5,720 for the construction of 33 huts for the reserve police at Vizagapatam.

2. The lines are much needed for the Vizagapatam reserve; the men are at present scattered about in different parts of a large and straggling town and, if required in any emergency, it would be difficult to get them together without considerable delay; for other reasons, too, it is very advisable that they should be located in lines near at hand.

Approved and transferred to the Public Works Department.

Under-Secretary.
