No. 889

TELLICHERRY REGISTRAR'S OFFICE,
TELLICHERRY, 15th April 1889.

FROM

M. Natunabhapathy Pillay
REGISTRAR OF ASSURANCES
TELLICHERRY.

TO

THE INSPECTOR GENERAL
OF REGISTRATION,
MADRAS.

Sir,

The office of the Sub-Registrar of Pinar was opened on 1st July 1885 under the sanction of Government. Communicated in their order No 1037, dated 21st April 1885. It was then estimated that it would contribute 3000 registrations and 2750 papers in revenue in a year; but the expectations were more than realized, for within 9 months of its existence viz July 1885 to March 1886 it actually contributed no less than 3039 registrations and 2960 papers, resulting in a net savings of Rs 1730 to the department. And without stopping here it has been steadily advancing year after year as could be seen from the figures marginally noted and has to its credit Rs 9135 on this date. Such an important and rising office is, in my opinion, fairly entitled to a building of its own.

2. So early as November 1885 when you had inspected the office you were pleased to observe that "the progress of the office has been all that could be wished. A new office building should be constructed here as soon as may be practicable, as the new office

is beyond question a Complete Success.
These observations which were applicable in 1885 are they to submit applicable with greater reason at present when the office has developed itself so much.

3. Again, you had at the same inspection remarked that "the building in which the office is located is not at all adapted for the purpose for which it is used." And although another building has since been provided for the office still it is exactly of the same description as the one condemned by you. It is also a thatched building and there is no other available.

4. I am further of opinion that the office would show still brighter results if it be accommodated in a suitable building situated in a convenient locality.

5. Under these circumstances I request you to obtain the sanction of Government for the erection of a public building after the standard design as early as possible.

I have the honor to be,
Sir,

Yours most obedient servant,
M. S. Sathapathy Pillay
Registrar

recommendation that sanction may be accorded for the preparation of plan and estimate for the construction of a Sub-registry office at Panur on the revised standard tiled design.

2. The Sub-district of Panur was opened on the 1st July 1885, under the sanction of Government, Judicial, dated the 21st April 1885, No. 1037, and has proved a complete success.

3. An extract from my notes of Inspection dated the 20th November 1885, is submitted to give some idea of the description of the building in which the office is held.

 Extract from the Inspector-General's
 Notes on the inspection of the Sub-
 registry office at Canur, Tallicherry District,
 on the 20th November 1885.

The office is located now on the
 upper floor of a cheoplah shop, the roof
 of which is thatched. The almirah con-
 taining the records is kept in one room.
 The Sub-Registrar sits in another room,
 and the clerks sit in the verandah.
 The upper floor is reached by an almost
 perpendicular flight of steps without any
 railing on one side. Old or nervous peo-
 ple must find it very difficult to go up
 and down these steps. The building is
 not ^{at} all adapted for the purpose for which
 it is used, but there is no other available.

 Insp. Gen. of Reg.
