Public Works Department.

Current No. 3673

Letter No. Kil

Dated 17th April/89

From the Marine Department.

The estimate of Rs 910 has been approved, with the exception of the repairs to the tower house & to be transferred to the H. of Disposal.

NOTE OF REMARKS.

The accompanying two estimates under review provide for repairing the Government building occupied by the Post Office Pambam, Madras District.

One estimate amounts to Rs 675 and the Alternative estimate Rs 910.

The Presidency Post Office Madras recommends the Alternative estimate to be sanctioned on the grounds that the additions specified therein seem necessary to make the building habitable.

A report accompanies the estimate.

The necessary repairs to the building are as follows:-

Proposed pent roof with flat & pantiles, chimney working including

Presidency Post Office.

including palmyrah rafters, keepers & complete, turning tiles with 1/3 new flat & pan tiles &c, removing the existing thatched ^{roof} & re thatching it, & white washing the building.

Provision of ~~Rs~~ 125 has been made for matting; ~~Rs~~ 50 for sundry repairs to well, foul house, kitchen & floor of main building, and ~~Rs~~ 25 for constructing a masonry staircase instead of the existing wooden one.

The rates are fair.

The estimate has been countersigned by the Presidency Port Officer and transferred to this Dept^y by the Marine Department.

As the building was put in repair in 1886 and as the only serious complaint appears to be leakage; the smaller bill of Rs 675 would appear sufficient; but the Port Officer considers that the water shutters &c provided in the larger bill are necessary, and as he has personal knowledge of the building it seems advisable to sanction the larger bill of Rs 910, omitting the repairs to the foul house.
