* Excluding grants for Quetta Water Works, about which orders will issue hereafter.
† Excluding grants for works to be transferred from the Central India Agency, about which orders will issue hereafter.
‡ Excluding grants for Frontier Roads, about which orders will issue hereafter.

2. The details of the provisional grants are given in a separate statement attached to this resolution. The Director-General of the Post Office of India will communicate to Local Governments and Administrations the grants to be included in the Imperial budget estimates on account of major and minor postal works. This information should be supplied as soon as possible so as to avoid any delay in the submission of the detailed budget estimates.

5

Order—

Ordered that the foregoing be communicated to the Local Governments, Administrations and officers noted in the margin for information and guidance, with the request that the preliminary issues of the budget estimates may be submitted so as to reach this office without fail by the 15th January next.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners, Central Provinces, Assam and Coorg.
The Resident at Hyderabad.
The Agents to the Governor-General for Central India, Rajputana and Biluchistan.
The Superintendent of Port Blair and Chief Commissioner, Andaman and Nicobar Islands.
The Inspector-General of Military Works.
The Director-General of Telegraphs.
The Director-General of the Post Office of India.

Ordered also that a copy be forwarded to the Finance Department for information.

Telegram from the Director-General of the Post Office of India, dated 20th November 1888.

From the Director-General of the Post Office of India, to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 30th November 1888, No. 5995.

Referring to para. 2 of the Government of India Public Works Department Resolution, No. 386 A.G., dated the 31st October last, regarding provisional grant for 1889-90 for Imperial Civil Works, and in continuation of my telegram of the 20th November 1888, I have the honor to request that you will be good enough to include the sum of Rs. 3,393 for the combined Post and Telegraph office at Naduvatam in the Imperial budget estimate of your Government for the year 1889-90. Regarding the grants for minor works, the Government of India in the Public Works Department has been requested to place a lump sum at the disposal of this office as "reserve with the Government of India" for minor postal public works to be executed in the year 1889-90. From this amount appropriations for such works in the several provinces will be sanctioned in the same manner as has been done in the year 1888-89. Under these circumstances, it is not necessary to include anything for postal minor works in the Imperial budget estimate of Madras for the year 1889-90.

ORDER—dated 8th December 1888, No. 3864 W., Public Works.

In their resolution above recorded, the Government of India have assigned a provisional grant of Rs. 21,100 for expenditure on Imperial Civil Works in this Presidency during 1889-90, and distributed the same under the departmental heads as shown below:—

	RS.
New works	4,000
Repairs	13,000
Establishment	3,900
Tools and plant	200
Total ...	21,100

With reference to para. 2 of the resolution, the Director-General of the Post Office of India has, in his telegram, dated 20th November 1888, provided a further grant of Rs. 3,393 for the postal share of the cost of the combined Post and Telegraph office at Naduvatam. This, together with the percentage charges for "Establishment" and "Tools and Plant," will amount to Rs. 4,225 as shown below:—

	RS.
Works	3,393
Establishment	781
Tools and Plant	51
Total ...	4,225

2. The budget estimate for 1889-90 has therefore been prepared for Rs. 25,325, being the total of the assignments made by the Government of India and the Director-General of the Post Office.

3. The Director-General of the Post Office has reported that the grant for minor works of 1889-90 will remain at his disposal as in the current year, and that no prior division will be made to provinces. The grant of Rs. 4,000 provided for telegraph minor works will, with reference to G.O., No. 863 W., dated 9th April 1885, be placed at the disposal of the Director-General of Telegraphs.

4. On receipt, early next year, of detailed proposals from Superintending Engineers and the Consulting Architect as regards the grants required for incomplete and minor new works under postal and telegraph, the Directors-General concerned will be requested to make the necessary appropriations.

5. The grant for repairs will, as usual, be held at the disposal of Government and distributed on receipt of detailed proposals from Superintending Engineers and the Consulting Architect with reference to para. 1322 of the Public Works Code.

6. The difference between the budget and the revised estimates for 1888-89 is due to the transfer to Assam of Rs. 250 under telegraph minor works and to the several appropriations made during the year by the Director-General of the Post Office for postal minor works of this Presidency.

7. With these remarks, the preliminary issue of the Imperial Civil Works budget for 1889-90 will be printed and circulated to the officers concerned, and four copies forwarded to the Government of India.

ORDER—dated 22nd April 1889, No. 1071 W., Public Works.

In the preliminary issue of the Imperial Civil Works budget for 1889-90, a sum of Rs. 25,325, which included a provision of Rs. 4,225 for the construction of a combined Post and Telegraph office at Naduvatam, was proposed for expenditure during the current official year. It having been subsequently brought to notice (*vide* G.O., No. 603 W., dated 1st March 1889) that the question of constructing a Government building for the Post office at that station at a large outlay had been abandoned owing to a rented building being available, the grant for the building proposed by the Director-General of the Post office has been omitted and the budget estimate for 1889-90 reduced to Rs. 21,100, which has been confirmed by the Government of India.

2. The revised estimate of charges for 1888-89 as shown in the preliminary issue of the budget amounted to Rs. 21,668; but the modifications of allotments since sanctioned reduced the estimate to Rs. 20,511. The Government of India having passed the revised estimate for Rs. 20,500 in round numbers, that sum has been adopted in the final issue of the budget for 1889-90 and the necessary reductions have been made under Departmental heads.

3. The grant of Rs. 4,000 provided for Telegraph minor works will be placed at the disposal of the Director-General of Telegraphs, to whom Superintending Engineers and the Consulting Architect will apply direct for funds required for incomplete and new works under that head.

4. As the Director-General of the Post office has intimated that the grant for Postal minor works will remain at his disposal as in 1888-89, Superintending Engineers and the Consulting Architect will apply to that officer direct for funds required under that head.

5. In para. 4 of G.O., No. 3864 W., dated 8th December 1888, it was said that on receipt, early in 1889-90, of detailed proposals from Superintending Engineers and the Consulting Architect regarding the grants required for incomplete and minor new works under Postal and Telegraph, the Directors-General concerned would be requested to make the necessary appropriations. As this procedure would involve considerable delay in obtaining the required grants, it has been decided that Superintending Engineers and the Consulting Architect should apply direct to the Directors-General concerned for funds required for incomplete and minor new works. Applications for funds should not be made in the case of incomplete works of the previous year which can be completed in the current year at a cost of less than Rs. 500, as, under para. 1908, rule III of the Public Works Code, no appropriation of funds is necessary.

6. The grants for repairs under Postal and Telegraph will, as usual, be held at the disposal of Government and distributed on receipt of detailed proposals from Superintending Engineers and the Consulting Architect with reference to para. 1322 of the Public Works Code.

1264

7. With these remarks the final issue of the Imperial Civil Works budget for 1889-90 will be printed and circulated for the information and guidance of the officers concerned, and 35 copies as shown in the margin forwarded to the Government of India.
