11th May 1888.

Sir,

I have the honor to state that the
Tahsildar of Galugonda reports in the
enclosed arzi No 568 dated 8th Instant
that the dams called Muntamandi Kattu
and Pedda Kattu in the Katta Kotta river (which)
which were washed away in the Cyclone
of 1878, have not yet been restored and
requests either that they may be restored
at once or that a sum of Rs. 2000 may be
sanctioned for the construction of temporary
dams as in last year. I do not think that

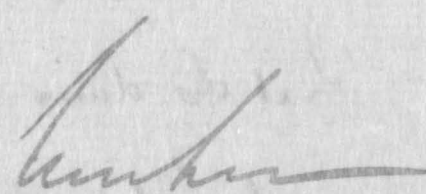

1 it

it is possible to restore the dam before the
rains set in and therefore request that
Rs 2000 may be sanctioned for temporary
dams from the Public Works Irrigation grant
and placed at my disposal as early as
possible to prevent loss of Revenue to Govern-
ment. This was what was done last year. —

Sir,

I have the honor to inform
you that in the month of May
last, a sum of Rs 200 was
paid to the Principal Assist-
ant Collector at his request (Vide
copy of his letter No. 299 of
11-5-88 herewith sent) for restoring
& maintaining M. unthamandi
Kattu and to prevent loss of
Revenue to Government. The
temporary dam in question
is situated in a remote
locality

locality and the Principal Assistant Collectors letter was the first intimation I received that the dam was out of repair. It was then near the rainy season and I considered, that to comply with the Principal Assistant's request would be most expeditious way of getting the dam repaired. I have to add that a similar transaction took place in a previous year when my predecessor advanced the same amount and no objection of any kind was then raised by the Examiner P. W. Accounts.

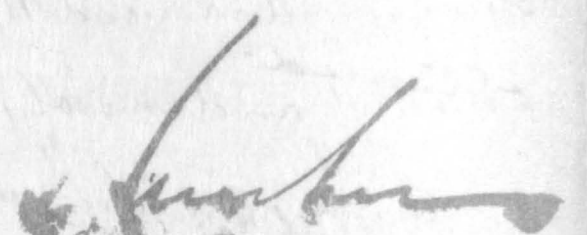

2. As the Examiner P. W. Accounts Madras, points out in his letter No. 956 S.E. 1 d/18-10-88 that the sanction of Government is necessary under Code paras 805 & 2006(2) for the transfer of the work in question to the Civil Department

12/3
for execution, I have to request that you will be kind enough to obtain the sanction of Government as a special case.

3. As this transaction is in contravention of the Code rules, I shall see that it does not occur again.

I have the honour to be
