Letter from W. Jopp, Esq., dated 14th March 1889, No. 748 R.N.
Endorsement by the Superintending Engineer, VI Circle, dated 30th March 1889, No. 687.
Note by the Acting Chief Engineer, Public Works Department, dated 5th April 1889.

ORDER—dated 13th April 1889, No. 1026 W., Public Works.

His Excellency the Governor in Council has had under consideration the letter from Mr. W. Jopp, Executive Engineer, in charge Ramnad division, appealing against the censure passed upon him conjointly with Mr. Target in G.O., No. 173 W., dated 22nd January 1889, and praying for a reconsideration of his case.

2. In the circumstances now brought to notice in Mr. Jopp's letter, His Excellency in Council is pleased to withdraw the censure conveyed in the G.O. in so far as it relates to Mr. Jopp; but, as stated by the Acting Chief Engineer, the extent of the work that was being carried out on the Ramnad tank should have attracted the Executive Engineer's attention and induced him to have made an early inspection, when in all probability the errors committed would have been at once detected.

3. Early steps will be taken for posting a sub-divisional officer to the Ramnad division.

Sir,

In reference to your letter No 18 R. N. of 15-4-89, I have the honor to inform you that I have arranged to proceed to completion with the incomplete works as set forth in the statement accompanying my letter No 982 R. N. of 9-4-89.

2. In addition to these there will possibly be a few new works which it will be absolutely necessary to put in hand, but they will be petty and probably within my own sanction.

3. If the assistance of a Sub Div. officer is at once afforded, the works, could I hope, be all completed before the end of July 89.

I have &c
