READ—the following letter from the Officiating Secretary to the Government of India,
Military Department, to the Secretary to the Government of Madras, Public
Works Department, dated Simla, 27th July 1887, No. 1531 M.W. :—

I am directed to acknowledge the receipt of your letter, No. 1858 W., dated 11th
July 1887, inquiring whether, when there are no alterations, or only trifling deviations
from the printed return, of public military buildings submitted in the previous year,
it is necessary to forward a complete printed return for each succeeding year; or
whether it will be sufficient merely to intimate the fact of there being no changes, or
forward a list of such trifling alterations in manuscript.

2. In reply, I am to state, for the information of the Governor in Council, that,
when there are no alterations, it will be sufficient to inform the Government of India
to that effect; and that, when there are only small changes, a statement of corrections
required in the returns may be forwarded. It would, however, be convenient if the
corrections were in print and on such form that they could be pasted in the returns to
which they belong.

ORDER—dated 19th August 1887, No. 2213 W., Public Works.

Communicated, with reference to the orders marginally noted, to Superintend-
ing Engineers and the Military Depart-
ment.

No. 1934 W., dated 20th August 1885.
„ 2169 W., „ 16th Sept. „

2. When complete printed returns
of public military buildings in all circles
have been once submitted, it will be sufficient, in succeeding years, to forward
simultaneously to the Chief Engineer and the Quartermaster-General, as soon as
possible after 1st April, either *nil* returns of changes, or printed * statements of
changes, in the form desired by the Gov-
ernment of India. It will be left to the
discretion of Superintending Engineers
to reprint the return when the alterations or additions are becoming numerous.

3. The return of changes in the register of public military buildings for the year
ended 31st March 1887, forwarded by the Superintending Engineer, I Circle, on the
17th June 1887, should be re-submitted in print in accordance with this order.
