23RD JULY 1888, No. 506, REVENUE.

GOVERNMENT OF MADRAS.  
REVENUE DEPARTMENT.

READ—the following Proceedings of the Court of Wards, dated 4th June 1888,  
No. 1130:—

W. WILSON, Esq., M.A.  
THE HON. W. S. WHITESIDE.  
J. GROSE, Esq., M.A.

Resolution—dated 4th June 1888, No. 1130.

The Court of Wards resolve to submit to Government their annual report on the administration of the estates under their charge for fasli 1296 or the year ending 30th June 1887.

2. *Number of estates.*—The number of estates under the Court's management at the end of the fasli was forty-eight, or four more than at the beginning. Three estates, Kapileswarapuram in the Godavari district, Velanganni in Tanjore and Kumaraswami Mudaliar's estate in Tinnevely, were handed over to the proprietors, while the marginally-noted seven were taken under management during the year.

3. The subjoined statement compares the condition of the estates made over to the proprietors during the fasli with their condition when they came under the management of the Court:—

| Districts.   | Estates.                                                           | ANNUAL REVENUE.                        |                           |                               |                             | BALANCE ON HAND.                       |                                  |
|--------------|--------------------------------------------------------------------|----------------------------------------|---------------------------|-------------------------------|-----------------------------|----------------------------------------|----------------------------------|
|              |                                                                    | When the estate came under management. |                           | When the estate was restored. |                             | When the estate came under management. | When the estate was restored.    |
|              |                                                                    | Current demand.                        | Current collection.       | Current demand.               | Current collection.         |                                        |                                  |
| 1            | 2                                                                  | 3                                      | 4                         | 5                             | 6                           | 7                                      | 8                                |

\* Includes Rs. 7,400, being contribution by co-parceners, transfers from endowment, &c.  
† Includes Rs. 3,252 written off.

4. The Kapileswarapuram estate was under the Court's management for nearly seventeen years. When it was taken under management, there was no balance at its credit, but when it was handed over, there was a balance in favor of it of nearly Rs. 70,000 after payment of debts amounting to Rs. 19,740. During this period over Rs. 40,000 was expended on irrigation works and about Rs. 29,000 on other permanent improvements. The ward made good progress in her studies. She also became acquainted with Act VIII of 1865 and the details of the accounts of the estate.

5. The Velanganni estate was under management for seven years and four months. There was no balance in favor of the estate when it was taken up, but it was restored with a balance of nearly Rs. 4,000, after recovering debts amounting to Rs. 3,724 and paying and writing off debts amounting to Rs. 7,918. The ward made some, but not very satisfactory, progress in his studies. At the time of its restoration, he was a student of the Lower Fourth class.

6. M. D. Kumaraswami Mudaliar's estate was under management for five years and seven months. It was taken up with a balance of Rs. 5,700 and handed over with nearly Rs. 16,800 at its credit. The ward did not benefit much by the education he received; but he learned enough to be able to manage his estate efficiently.

7. The estates of Panaiyur, Palayavanam, Neliyalam and Yelagiri were taken up late in the fasli, and no administration reports have been received for them. As in the previous years, Timmajiamma's estate (North Arcot) continued in the possession of adverse claimants and Vádimitta (Tinnevely) in the possession of the lessee. No figures are, therefore, entered for these estates in the enclosures II-A to V of this report, nor are they referred to in the body of it.

8. Statement No. I appended to this report gives the names of the estates, the sexes of the wards and their disabilities, the periods for which they have been under the Court's control, the ages of the wards at the end of the fasli and the dates on which such of them as are minors will attain their majority. In thirty-eight estates the wards were minors, two of them being females. In four others, they were not minors but incapacitated by sex; while in the remaining six they were either imbeciles or lunatics. Of these, two were females, the Zemindari of Erumaipati (Salem) and Puttamma (South Canara).

9. *Season.*—The season was, on the whole, favorable for agricultural operations. The early rains were abundant and well distributed; but the north-east monsoon was deficient, except in the Northern districts, where it was excessive. In Vizagapatam and Godávári, the crops suffered to some extent owing to excessive rain and floods. In Cuddapah, many of the tanks belonging to the estate (Chitticherla) breached. In Madura, the rainfall was deficient and was moreover untimely. In Coimbatore (Metráthi), the season was unfavorable for the same reason.

10. *Number of villages.*—Statement II-A gives the number and tenure of villages in proprietary estates and the extent of holdings and cultivation in all the estates as compared with the previous fasli. Thirty-one of the estates were held on fixed tenure and the remainder consisted of ryotwar holdings in Government villages. The former (excepting Mádugula, mortgaged to the Maharajah of Jeypore, and the estates of Panaiyur, Yelagiri, Timmajiamma's estate, Palayavanam and Vádimitta referred to in paragraph 7) contained 4,556 villages. Of these, 1,648 villages paid favorable assessments or none at all, 655 were leased on money rent, 331 were held on cowle or favorable assessment for a term of years, and 899 on the system of individual pattas or of joint-rent, while 1,023 were managed on the system of sharing the produce. There was no change in the number of villages, except in Parlákimedi and Singavanam. The increase in the former was due to the formation of two new villages and the decrease in the latter to one of the villages, Niramangalam, having been in the possession of an adverse claimant during the fasli. The changes in the tenures of villages were chiefly from money-rent to ryotwari or joint-rent.

11. *Holdings.*—The total area of the holdings was 620,819 acres. For zemindari estates, except Ramnad and Lakkavaram, the areas settled on individual pattas and joint-rents only are shown, as there are no means of ascertaining areas held on other

| tenures in them.  | Holdings. |          |       |

| kanúr ...         | 40,246    | 40,614+  | 368   |
| Sáptúr ...        | 22,020    | 21,794—  | 226   |
| Erumaipati ...    | 6,617     | 7,002+   | 385   |
| Shulagiri ...     | 5,044     | 5,309+   | 265   |

12. *Cultivation.*—The total area under cultivation was 600,771 acres or 96·8 per cent. of the holdings. In certain estates the whole occupied area is returned as cultivated owing to the absence of correct accounts of cultivation. In the others, there was, on the whole, a slight decrease in the proportion of cultivation to holdings. The large increase in Lakkavaram and Chitticherla was due to favorable season, while the large decrease in Nadavapalle is attributed to the tendency of the ryots in that estate to reserve as much land as possible for pasture, and a similar decrease in Metráthi and Sáptúr, to the unfavorable character of the season. The percentage in Singavanam (50·6) though slightly higher than that of the previous year (48·9) is still low. This is due to the fact that the holdings consist, to a large extent, of immemorial waste which is only gradually being brought under the plough.

13. *Statement II-B.*—The gross demand amounted to Rs. 21,67,465. This figure cannot be compared with the corresponding figure for the last year, as the demand for fasli 1295 is not known for some of the newly-taken-up estates.\* Excluding these estates, the demand for the rest amounted to Rs. 20,98,112 compared with Rs. 21,69,816 in the previous year. The variations were large in the estates noted on the margin†. The increase in Ukkadai is attributed to the increase in holdings and the adoption of a higher average rate of grain value, and that in Bodogodo to an increase in Forest Revenue, due to better administration. The decrease in Ramnad, Vadapathimangalam, Sáptúr, Singavanam and Alangudicheri was due to the unfavorable character of the season and in Urlám to the falling off in prices. The decrease in Gandharvakóta was due to some of the lands formerly held under amani having been assigned for money-rents during the year.

14. *Remissions.*—The remissions granted during the fasli amounted to Rs. 69,643 and were chiefly granted in the marginally-noted estates. The remissions in Ramnad and Gandamanáyanúr were mainly deductions on account of the emoluments of village servants; in Chinna Kimedi they were granted on account of loss of crops from inundation; those in Sáptúr were granted on account of entire failure of crop owing to great deficiency of rain. Those in Erumaipati were cowle remissions

y 2

to the extent of Rs. 3,449, while in Shulagiri they consisted of cowle remissions and of the difference between the wet and dry assessments granted as remission on wet lands.

15. *Net demand.*—The rent-roll was 8 lakhs in Ramnad and nearly 4 lakhs in Parlákimedi. It exceeded  $\frac{3}{4}$  lakh in Dhárakót and Kangundi, half a lakh in Chinna Kimedi, Vadapathimangalam and Gandamanáyanúr; one-fourth lakh in Urlám, Merangi, Ukkadai, Gandharvakóta, Ramasetuswamiar's estate, Sáptúr and Kavalpara; and Rs. 10,000 in 13 other estates. The total net demand was Rs. 21,03,452.

16. *Demand, Collection and Balance.*—Statement No. III shows these particulars.

|                     | Rs.   |
|---------------------|-------|
| * Vadapathimangalam | — 322 |
| Papanad             | — 661 |
| Singavanam          | + 562 |
| Sáptúr              | + 354 |

The differences noted on the margin \* will be noticed in the arrear demand entered in column 3 of this statement, as compared with the balance at the end of fasli 1295, shown in the report for that fasli. The discrepancies in Vadapathimangalam, Papanad and Singavanam are due to differences in the value of grain adopted for the year and to certain adjustments which are explained on the margin of the statement. The discrepancy in Sáptúr has not been explained by the Collector. The omission should be supplied. The arrears at the beginning of the fasli amounted to Rs. 9,32,246, of which Rs. 4,33,650 were collected and Rs. 79,998 remitted, leaving a balance of Rs. 4,18,598 or 44.9 per cent. of the demand uncollected against 62 per cent. in the previous year. The details of estates show that the balance was *nil* in three estates, less than 25 per cent. in eight, less than 50 per cent. in eighteen and over 50 per

| Kavalpara                | 52 76 |

cent. in the fourteen estates noted on the margin.† The large balance in Mankara was due to the rents having been fixed at auction much beyond the real rent capacity of the lands, and to the distressed condition of the estate tenants. The bulk of it is reported to be irrecoverable. The balance in Gandharvakóta is due from the ryots of Konurnad villages, who, the Collector reports, are poor Kallars and a peculiarly troublesome set of people to deal with. Steps have, however, been taken for the collection of the balance. More than half of the balance in Ramasetuswamiar's estate is reported to be irrecoverable and the remainder to be under process. Of the balance in Sáptúr, about Rs. 5,400 are reported to be irrecoverable and steps have been taken for the collection of the remainder. The bulk of the balance in Appikonda has been recommended for remission as irrecoverable. The greater portion of the balance in Gandamanáyanúr is covered by decrees of civil courts. More than one half of the balance in Bodogodo has been since collected, and the remaining portion represents the rental received by mortgagees in liquidation of the debts due to them and has to be adjusted in the accounts. Nearly half the balance in Aska has been since collected and a portion of the remainder is reported to be irrecoverable. Nearly half the balance in Papanad relates to old arrears which are irrecoverable, and the remaining portion is under process and will soon be collected. The high percentage of the balance in Kavalpara is due to the rental having been fixed at absurdly high rates by the late proprietor. Steps have been taken for the collection of the recoverable portion. In the other estates portions of the balance have been since collected and steps have been taken for the collection of the remainder.

17. The current collections show better results. Out of a total current demand of Rs. 21,03,468, Rs. 17,74,371 were collected, leaving a balance of 15.6 per cent. against 16.9 at the end of the previous fasli. Looking to the details of estates, there was no balance in one estate, in twenty-five others it was less than 25 per cent., in four others between 25 and 30 per cent., and it exceeded 30 per cent. in the twelve

estates entered on the margin. The remarks in the previous paragraph about the arrear balances in Gandharvakóta and

|                          |       |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

Bodogodo has been since collected and a large portion of the remainder represents the amounts received by mortgagees, which require adjustment. Of the balance in Sáptúr, a considerable portion is irrecoverable and the remainder is in the course of collection. In the other estates active steps have been taken for the collection of the balances.

18. *Irrecoverable arrears.*—The balance at the close of the fasli, current and arrears, amounted to Rs. 7,47,695. This sum includes Rs. 22,926, which have since been ordered to be written off the accounts. A further sum of Rs. 17,569-4-11 is now reported to be irrecoverable as detailed below:—

The entries in columns 2, 3 and 5 do not call for remarks. Of the amount shown as erroneous demand in column 4, Rs. 919-12-0 relate to Ramnad and represent chiefly the amount of nunjah (wet) rent erroneously charged on dry lands. The amount entered against Kangundi in column 6 includes the marginally-noted items. The amount shown against Ramnad includes a sum of Rs. 1,743-14-2, being the arrears of poruppu (favorable rent) on a cowle village ordered by the sub-court to be set-off against the costs due by the estate to the cowledar and Rs. 1,093-0-6, which represents the difference between the poruppu due on certain villages, now in the enjoyment of the estate, and the actual income thereof. Of the amount entered against Kavalpara, Rs. 151 represent the unrealised rent due from tenants, who have since died, for the

services of the estate servants lent to them by the late proprietor, and Rs. 450, the reduction in rent ordered by the Collector in certain cases in which he considered the rents exorbitant. The whole amount, Rs. 17,569-4-11, will be written off the accounts.

19. *Financial transactions.*—Statement No. IV shows the financial transactions of the estates. The grain balances at the beginning of the year in some of the estates in Tanjore differ, as shown on the margin, from the closing balances given in the last year's report. This is due to the differences in the commutation values of grain adopted for the year. In some cases the cash receipts exhibited in column 7 of the statement are less than the collections shown in column 8 of statement No. III, because the latter

include the estimated value of grain remaining unsold at the end of the year. The amounts shown in column 10 against Chinna Kimedi, Jarada and Meranghi represent the sale-proceeds of promissory notes, and those entered against the estates in the Tanjore district, the proceeds of the sale of grain of fasli 1295.

20. The total cash receipts of the year amounted to Rs. 25,53,287. Adding thereto the cash balance at the commencement of the year, the total available assets were Rs. 33,53,525. For a portion of this amount promissory notes of the nominal value of Rs. 1,70,000 were purchased and the remainder expended, leaving a cash balance of Rs. 8,85,064 at the end of the fasli. Adding to this the value of the grain on hand at the end of the fasli and of the Government securities, the balance to the credit of the estates was 44 $\frac{3}{4}$  lakhs of rupees.

21. The charges entered in column 23 of the statement include the following unusual items:—

| Supervision ...      | 25,990      | 19,484      |
| Total ...            | 1,76,161    | 1,51,833    |

There was, besides, an expenditure by the Public Works Department of Rs. 12,902 \* on works in Ganjam, which was not adjusted before the end of the year in the accounts of the estates concerned. The variations, as compared with fasli 1295, were large in the estates noted on the margin.† The increase in Parlákimedi was due to larger utilization of allotments both by the Public Works and Revenue Departments. The decrease in Ramnad was due to the large expenditure incurred in fasli 1295 on repairs to irrigation works damaged by the heavy rains and floods of fasli 1294. In Sáptúr only petty emergent repairs were executed in fasli 1295, while several irrigation works

were repaired in the year under review. As in the previous year, the works in Ramnad and in the estates in Ganjam and Godávári were under the charge of the Public Works Department; those in Erumaipati were also under their charge during the year; those in Gandamanayakanúr, Sáptúr and Kangundi were under the charge of District Board Engineers. The Engineer in charge of Gandamanayakanúr was remunerated by a commission of 10 per cent. on the outlay, the one in charge of Sáptúr by a percentage allowance in accordance with the scale sanctioned in G.O., dated 24th April 1880, No. 871, Financial, and the Engineer in charge of the works in the Kangundi estate by a fixed allowance of Rs. 100 per mensem. The works in the remaining estates were under the charge of Collectors. The expenditure by the Public Works Department in the several estates in which they were in charge of works is compared below with the budget allotment:—

|                  | Amount expended by the P.W. and included in col. 9 of the statement. | Amount spent but not adjusted. | Total expenditure by the P.W. | Allotment in the budget for expenditure by the P.W. |

| Erumaipati ..    | 414                                                                  | ..                             | 414                           | 615                                                 |
| Total ..         | 1,14,213                                                             | 12,902                         | 1,27,115                      | 2,75,208                                            |

From this it will be seen that against an allotment in the budget of Rs. 2,75,000 for expenditure by the Public Works Department, only Rs. 1,27,000 or considerably less than one-half was actually spent by that department. The Court are not aware of the causes of this short expenditure by the Public Works Department, and no explanation of it has been received from Collectors. The expenditure in several

estates in which the works were not under the charge of the Public Works Department was likewise considerably short of the allotments. The Collectors concerned have been called upon to explain and stringent instructions have been issued to all Collectors to see that the allotments are utilized to the full extent in future: the Court trust that their next report will have to deal with a much more satisfactory state of things in regard to this important subject.

24. *Debts due to Estates.*—Statement No. V-A shows the debts due to each estate. The balance of debts due to the estates at the beginning of the fasli as shown in this statement differs from the balance at the end of the previous fasli as given in the report for that year. This is due to the adoption of different average values for grain and to certain adjustments, as explained at the foot of the statement. The total balance of debts due at the beginning of the fasli was Rs. 8,06,010, and to this were added Rs. 47,864 on account of interest and loans newly brought to account, making up a total of Rs. 8,53,874. Of this amount, Rs. 66,808 were realized and Rs. 10,174 remitted, leaving a balance of Rs. 7,76,892 at the end of the year distributed among 23 estates. Of the balance against Meranghi, a sum of Rs. 2,000 has since been recovered. Of the balance of Rs. 40,206 shown against Appikonda, a suit has been filed for the recovery of Rs. 10,600, and the bulk of the remainder has been secured by mortgage of lands and is recoverable by annual instalments from the rents of the lands mortgaged. The greater portion of the amount due to Lakkavaram is under decrees which are in different stages of execution. In Kangundi suits have been filed for the recovery of Rs. 8,300 and a large portion of the balance is due on mortgage deeds. The Collector reports that in Ukkadai Rs. 8,800 are practically irrecoverable, and that steps are being taken for the collection of the remainder. The greater portion of the balance in Gandharvakota is due from poor ryots who are Kallars and a peculiarly troublesome set of people. Steps have, however, been taken for its collection. Of the amount shown against Vadapathimangalam, Rs. 83,800 are due by the estate tenants and Rs. 9,100 are covered by Court decrees. The balances against Papanad and Alangudicheri are due by the tenants of the estate who are poor. More than Rs. 14,000 of the balance against Singavanam are covered by Court decrees. The Collector reports that the necessary steps are being taken for the recovery of the balances in Tiruvalanjuli and Tyagasamudram. Of the balance against Ramasetu-swamiar's estate, a sum of Rs. 10,000 is due by ryots who agree to convey their right in the property mortgaged as security for the debts. The matter is under investigation. The greater portion of the balance is reported to be irrecoverable. In Saptur zemindar has since been recovered. The balance in Puttamma's estate is due under decrees and steps are being taken for the collection of the recoverable portion thereof. In the remaining estates prompt measures have been taken for the collection of the balances.

25. The following debts are reported to be irrecoverable for the reasons set opposite to each and will be written off the accounts:—

|                   | RS.   | A. | P. |                                                               |

| Tyagasamudram ... | 2,519 | 10 | 8  | Shown in the debt list by a mistake.                          |
| Nangavaram ...    | 22    | 7  | 7  | Poverty.                                                      |
|                   | 3,172 | 13 | 6  |                                                               |

26. Statement V-B shows the liabilities of the estates under management. They amounted to Rs. 12,82,296 at the end of last year, while the debts newly contracted or brought to account and the interest which accrued during the year raised them to Rs. 13,58,924. Of this amount, Rs. 4,04,373 were paid in the year and Rs. 900 struck off having been barred by limitation, &c., leaving a balance of Rs. 9,53,676 at its close. Of the balance of Rs. 2,84,447 in Gandharvakota, Rs. 18,848 represent debts barred by limitation or relinquished on settlement of accounts with judgment-creditors. Of the remainder, the payment of Rs. 1,01,938 can be put off for the present. Sanction is accorded for removing the above sum of Rs. 18,848 from the debt list. The balance of loan due to Government at the commencement of the fasli in Ramnad was five lakhs. One-half of this amount was repaid during the fasli, and it is expected that the remaining half will be repaid by the end of the current fasli, or more than a year before the minor comes of age (October 1889). Fifteen lakhs of loan and 3½ lakhs of interest have thus been paid off within the last seven years. In Ramasetuswamiar's estate, steps are being taken to pay off the debt by sale of lands. In Singavanam, the execution petition put in by the judgment-creditor in Original Suit No. 85 of 1882, on the file of the Tanjore Sub-Court (*vide* paragraph 23 of the last year's report) is still pending. The debts shown against Mádugula were those contracted by the senior Rani before the minor came under the protection of the Court of Wards. The balance in Shulagiri includes the unpaid balance of the loan of Rs. 35,000 taken from Government. No portion of the debt due by Tiruvalanjuli was repaid for want of funds. Of the balance shown against Puttamma's estate, Rs. 2,104 have since been paid and about Rs. 2,800 will be paid at an early date; the remaining portion is not due yet. The balance in Ukkadai has to be taken as a set-off against the debt due by the creditor to the estate. The debts in the remaining estates will be repaid as they fall due and as funds become available.

27. The following statement gives the demand, collection and balance of the religious and charitable endowments attached to the Peramur, Ramnad and Kavalpara estates:—

| District.      | Estate.    | Endowment.           | DEMAND. |          |          | COLLECTION. |          |          | BALANCE. |          |         | Percentage of balance on the demand. |

\* Includes Rs. 6,040 remitted.

† Includes Rs. 3,119 remitted.

The high percentage of the balance relating to Tiruchengód devasam was due to the title of the proprietrix to manage the temple being under dispute. The bulk of the balance due to the Ramnad religious and charitable endowments has since been collected or secured by bonds and Court decrees, and arrangements have been made for the speedy collection of the remainder. About one-half of the balance due to the Musiri chattram has been ordered to be written off as irrecoverable. Of the balance shown in the above statement, the following amounts are reported to be irrecoverable and will be written off the accounts:—

\* Difference between this amount and the balance at the end of fasli 1295 according to the previous year's statement due to the adoption of different average rates for grain at the beginning of fasli 1296.  
 † Includes a debt of Rs. 87 written off last year but since ordered to be restored to the debt list.  
 ‡ This is less than the figure according to the previous year's statement by Rs. 27, being the difference between the penal interest at 18 per cent. per annum allowed in the bond and 12 per cent. actually collected (penal interest now being disallowed by civil courts).  
 § Made up of Rs. 461 shown in column 9 of statement No. IV and Rs. 12,413, value of grain collections on account of advances recoverable.  
 ¶ Made up of Rs. 574 shown in column 9 of statement No. IV and Rs. 1,386, value of grain collections on account of advances recoverable.

No. V-B.—Statement showing the debts due by the estates under the management of the Court of Wards for fasli 1296 (1886-87).

| Districts.   | Estates.                | Debts as per last year's account. | Debts contracted or newly brought to account and interest accumulated in the fasli. | Total.    | Debts paid off. | Debts struck off. | Total.   | Remainder due by the estates at the end of the fasli. |

## ENCLOSURE No. 1.

From Sri Sri GOURACHENDRA GAJAPATY NARAYANA DEO YUVARAJU MAHARAJULUNGARU, Parlákimedi, to the Collector of Ganjam, dated Parlákimedi, 16th August 1887, No. 41.

I have the honor to submit my report on the annual settlement for fasli 1296 showing the following observations for your information.

2. The season was very favorable both for dry and wet crops in all the villages of the mutta. Both the dry and wet crops yielded very fairly. The rains were excessive in the latter part of November, and in the beginning of December 1886, which caused some damage to the paddy heaps, but no remissions were asked for, as no substantial loss was sustained. Though the tanks were full, no fields required any supply of water from the tanks as the rains were sufficient and timely.

3. The Kaspá mutta of the Parlákimedi taluk, which is under my control, consists of 19 villages (both inhabited and uninhabited). They were settled by me at Parlákimedi on the 24th and 25th May last as particularized below:—

|                        |     |     |     |     |     |                  |

4. A statement showing the extent and assessment of the holdings as compared with those of the preceding fasli is given hereunder:—

| Fasli.     | DRY.     |             | WET.     |             | TOTAL.   |             |
|------------|----------|-------------|----------|-------------|----------|-------------|
|            | Extent.  | Assessment. | Extent.  | Assessment. | Extent.  | Assessment. |
| 1295       | ACS. C.  | RS. A. P.   | ACS. C.  | RS. A. P.   | ACS. C.  | RS. A. P.   |
| 1296       | 1,404 28 | 2,000 3 0   | 2,318 48 | 12,376 8 0  | 3,722 76 | 14,376 11 0 |
|            | 1,447 69 | 2,115 3 9   | 2,326 26 | 12,393 5 10 | 3,773 94 | 14,508 9 7  |
| Difference | 43 41    | 115 0 0     | 7 77     | 16 13 10    | 51 18    | 131 14 7    |

The above increase of acres 51.18 in the extent of cultivation and the increase of Rs. 131.14.7 in assessment in fasli 1296 is due to the extent of the land newly taken upon durkhast being greater than that relinquished and to the increase made in assessment in consequence of certain dry lands being converted into wet.

5. The following abstract statement exhibits the items of increase and decrease:—

| Particulars.                                                             | Items of increase. |             |
|--------------------------------------------------------------------------|--------------------|-------------|
|                                                                          | Extent.            | Assessment. |
|                                                                          | ACS. C.            | RS. A. P.   |
| 1. Lands newly taken on durkhast                                         | ...                | ...         |
| 2. Do. relinquished by ryots in previous years and now taken on durkhast | 25 41              | 23 8 8      |
| 3. Dry converted into wet                                                | 26 68              | 33 9 6      |
| 4. Excess found on measurements                                          | 109 86             | 254 1 8     |
|                                                                          | 0 59               | 1 5 3       |
| Total                                                                    | 162 54             | 312 0 0     |

| Particulars.              | Items of decrease. |             |
|---------------------------|--------------------|-------------|
|                           | Extent.            | Assessment. |
|                           | ACS. C.            | RS. A. P.   |
| 1. Relinquished by ryots  | 1 50               | 9 12 9      |
| 2. Dry converted into wet | 109 86             | 170 13 9    |
| Total                     | 111 36             | 180 10 6    |
| Net increase              | 51 18              | 131 14 7    |

6. No remissions were granted this year on account of loss of crops as the season proved favorable.

7. The total demand under all sources is Rs. 15,302-2-2 against Rs. 15,142-5-8 of the previous year as shown below:—

| Items.         | Fasli 1295. | Fasli 1296. | Difference. |
|----------------|-------------|-------------|-------------|
|                | RS. A. P.   | RS. A. P.   | RS. A. P.   |
| 1. Joint rent  | 14,376 11 0 | 14,508 9 7  | 131 14 7    |
| 2. Shrotriem   | ...         | ...         | ...         |
| 3. Extra items | 765 10 8    | 793 8 7     | 27 13 11    |
| Total          | 15,142 5 8  | 15,302 2 2  | 159 12 6    |

8. The particulars of the extra items are as follows:—

| Items.                                            | Fasli 1295. | Fasli 1296. | Increase or decrease. |
|---------------------------------------------------|-------------|-------------|-----------------------|
|                                                   | RS. A. P.   | RS. A. P.   | RS. A. P.             |
| 1. Kattubadi or minor inams                       | 89 12 6     | 89 12 6     | ...                   |
| 2. Quit-rent on do.                               | 3 6 0       | 3 6 0       | ...                   |
| 3. Land-cess payable to the estate                | 534 12 10   | 539 10 2    | + 4 13 4              |
| 4. Cultivation of land not included in joint rent | 137 11 4    | 160 11 11   | + 23 0 7              |
| Total                                             | ...         | ...         | 27 13 11              |

The only items requiring explanation are the following:—

Item No. 3.—The increase of Rs. 4-13-4 under this head is due to the cess imposed on certain unauthorised cultivation and on dry land newly converted into wet.

Item No. 4.—Certain surreptitious cultivation of former years being partially continued and certain fresh patches of land being similarly brought under cultivation during the year, an increase of Rs. 23-0-7 accrued under this head.

9. Out of the total demand of Rs. 15,302-2-2, Rs. 8,375-7-1 were collected before the close of the official year, leaving a balance of Rs. 6,326-11-1, which was reduced by subsequent collections up to the end of June (close of the fasli) to Rs. 157-11-0 against Rs. 142-5-3 the balance at the end of June 1885.

Out of the balance of Rs. 157-11-0 Rs. 32-15-6, hitherto included in our demand, is now to be deducted from it, as it is the amount of land-cess on lands within the municipal limits of the Parlákimedi town—vide your vernacular letter, No. 163, dated 26th ultimo; hence the actual balance at the end of the fasli is only Rs. 124-11-6.

As the prices were low, the ryots were for some time backward in disposing of their paddy in order to pay their assessment; at any rate, I trust you will consider my collections are quite satisfactory.

10. The arrear demand at the beginning of the fasli 1296 was Rs. 257-14-8.

The amount collected in the year is Rs. 120-6-4 and the amount struck off the accounts as irrecoverable is Rs. 96-3-11. The balance at the end of the fasli is therefore Rs. 41-4-5.

11. The following statement shows the receipts and expenditure from 1st July 1886 to 30th June 1887, and the balance in hand:—

| Particulars.                                                                                       | Receipts.                   | Expenditure.                | Balance.                    |

| .. ..                                                                                              | .. ..                       | .. ..                       | 21,303 2 5                  |

12. *Establishment.*—There have been no changes in the permanent establishment during the year. A surveyor has been temporarily entertained on Rs. 8 per mensem.

13. I heard all the representations of the ryots in person and gave them necessary redresses and certain special recommendations were already submitted to you concerning irrigation.

## ENCLOSURE.

Proceedings of the Court of Wards, dated 4th June 1888, No. 1131.

W. WILSON, Esq., M.A.  
THE HON. W. S. WHITEHEAD.

Read—the following letter from H. M. WINTERBOTHAM, Esq., Acting Collector of Malabar and Agent to the Court of Wards, to the Secretary to the Court of Wards (Land Revenue Department), dated Calicut, 28th May 1888, No. 2030-R:—

With reference to the Proceedings of the Court of Wards marginally noted, I have the honor to state that on May 3rd, 4th and 5th I made a personal inquiry at Pálghat into the heavy arrears of rent due from the tenantry of the Mankara estate. I had drafted a report to the Court when I received the Court's Proceedings refusing to retain charge of the estate. It may be thought that any report on the subject of the arrears is now superfluous, but the facts which have come to my notice throw such light on the relation of landlord and tenant in Malabar, that I think it right to submit my report as if the estate were to continue under the Court's management.

2. The cause of the heavy arrears is that the rents are exorbitant.

3. I beg that the Court will consider the two following typical cases:—

C. Kelan in April 1874 took on a yearly lease from the ward's mother 50 paras of wet land at a rent of 840 paras of paddy and Rs. 6-14-0 in cash. He has paid, up to date, 3,163 paras of paddy and Rs. 55. There is, therefore, an arrear against him of 3,367 paras of paddy and Rs. 41-4-0.

According to the usual computation, 50 paras of land should equal five acres. I have had the land measured and find that it measures 4½ acres. The Government assessment is Rs. 15-10-3 or Rs. 3-8-0 per acre, and the janmi pays it. The annual rent of 840 paras is equivalent in money (at the rate of 3½ paras per rupee) to Rs. 240 or Rs. 53-5-4 per acre! Adding the money payment, the total rent per acre comes to Rs. 54-13-9 or more than fifteen times the Government assessment.

The land is ordinary rain-fed land without irrigation, yielding two crops a year, and if its yield be liberally calculated, it will not, one year with another, come up to 200 paras an acre or .. .. Rs. 57 2 4  
The value of straw is about .. .. " 1 8 0

Total .. .. 58 10 4

Thus we have reached the following result:—

|                                       | RS. A. P. |
|---------------------------------------|-----------|
| Value of gross produce per acre .. .. | 58 10 4   |
| Landlord's share .. ..                | 51 5 9    |
| Government share .. ..                | 3 8 0     |
| Tenant's share .. ..                  | 3 12 7    |

Thus, deducting the Government demand, the landlord takes more than ten-elevenths of the gross produce and leaves less than one-eleventh to the tenant. The rent which we have actually succeeded in screwing out of the wretched tenant is Rs. 2,395-13-8 in fourteen years, which is at the rate of nearly Rs. 38 per acre, or two-thirds of the gross produce. This man, after steadily paying two-thirds of the gross produce for fourteen years, is a defaulter to the extent of over Rs. 1,000. Except a hut, five head of cattle, and the usual utensils and implements, the man is a beggar. If the estate were to remain under the Court of Wards, I should propose to wipe off his arrears altogether, and to reduce his rent from 840 paras + Rs. 6-14-0 to 480 paras. This would be at the rate of Rs. 30-8-0 per acre, or more than half the gross produce. How the man can pay such a rent, with no allowance for vicissitude of seasons, I don't know; but he (poor wretch) regards it as moderate compared with anything he has been accustomed to.

4. *Case 2.*—C. Chatthu also holds 50 paras of wet land, assessed at Rs. 15-10-4, at a rent of 840 paras + Rs. 6-14-0. The land measures 5½ acres. His lease also dates from April 1874. The total demand for the 14 years valued in money is .. Rs. 3,456 4 0  
He has paid .. .. " 2,474 1 11

Arrear demand against him .. .. " 982 2 1

Here also the amount actually screwed out of the tenant is over Rs. 38 per acre. I should have proposed to wipe off the arrear and to reduce the rent to 560 paras or Rs. 30-8-0 per acre.

5. The Court of Wards will perhaps think that I have under-estimated the yield; but I have reckoned that the land will produce twenty-fold, every year, whereas the average yield of wet lands in Malabar is usually reckoned at ten-fold, and the tenants themselves in these cases protest that they do not on an average get more than thirteen or fourteen-fold.

6. I am not writing sensationally but reporting sober fact when I tell the Court of Wards that it is becoming an ordinary thing for the contract between landlord and tenant to be based on the assumption that the landlord should take the grain and the tenant the straw.

These Mankara rents are only an example of what is going on, more or less, throughout the district. Blood cannot be drawn from a stone, and even if the defaulters were sued, nothing further could be drained from them.

If I were continuing to act as Agent for this estate, I should ask permission to reduce the rents, in all cases where I found the tenant insolvent, in such a manner that the rent might not largely exceed one half of the ordinary gross produce.

7. The Court of Wards are no doubt familiar with the Proclamation of 1805, printed at page ccliii of Volume II of Mr. Logan's manual. Almost all the leading Malabar landlords, from the Zamorin downwards, were parties to the decision then arrived at, viz., that rent in Malabar was divisible between the janmis and the State in the proportion of two to the janmi and three to the State.

If the reduction above mentioned were sanctioned, the janmi's share would still be nine or ten times as large as the State demand.

8. As matters stand, I have shown the ward this report and have strongly advised him to begin his reign by voluntarily wiping off the arrears, and reducing the rents in such cases as those referred to in paragraph 6 *supra*, and he promises to follow my advice.

Resolution—dated 4th June 1888, No. 1131.

Recorded. The Court request that other Collectors will inquire into the matter similarly and report the result. The Collector of Malabar is requested also to make inquiry in the case of the other two estates in his district.

(Signed) H. A. SIM,  
Acting Secretary.

To all Collectors in charge of Wards' estates.

20 2 2

ORDER—dated 23rd July 1888, No. 506, Revenue.

Miscellaneous.

With the Proceedings read above, the Court of Wards submit their report on the administration of the estates under their charge during fasli 1296 (1886-87). The report, which was due in the Government office on the 1st of May last, was not received until the 23rd June last; there has, however, been a marked improvement in respect of punctuality as compared with past years and the Government trust that next year the prescribed date will be observed.

2. Forty-four estates were under the charge of the Court at the close of the preceding fasli, of which three were made over to the proprietors on their attaining their majority; seven estates were taken under the Court's management during the year under report. The total number of estates under the Court's charge at the close of the year was thus 48.

3. The financial condition of the three estates surrendered to their proprietors was prosperous, but Government regret to note that the progress made in education by the proprietors of two of the estates (Velanganni and D. Kumarasami Mudaliyar's estate) was not very satisfactory.

4. The total extent of the holdings in all the estates was 620,819 acres, against 602,842 acres in the preceding year. The total area cultivated was 600,771 or 96·8 per cent. of the holdings, against 588,310 or 97·6 per cent. in the preceding year.

5. The following abstract shows the state of the collections :—

|         | Demand<br>(1). | Collections and<br>remissions<br>(2). | Balance<br>(3). | Percentage of<br>(3) to (1). |
|---------|----------------|---------------------------------------|-----------------|------------------------------|
| Arrears | Rs.            | Rs.                                   | Rs.             |                              |
| Current | 9,32,246       | 5,13,648                              | 4,18,598        | 44·90                        |
|         | 21,03,468      | 17,74,371                             | 3,29,097        | 15·64                        |
| Total   | 30,35,714      | 22,88,019                             | 7,47,695        | 24·63                        |

6. Both the current and arrear collections show an improvement as compared with the results of the preceding year, but they cannot be regarded as satisfactory, and it is clear that more attention to the measures suggested in paragraph 6 of the review of the Court's last report is required. In some of the estates in Tanjore the collections are exceedingly bad and demand special attention. The Government observe that in some estates the arrears appertain to a long series of years. In the Ramnad estate, for instance, the arrears extend over 16 years. It is obviously undesirable to allow this state of things to continue any longer. The Court should insist on Collector's promptly ascertaining how much of the arrears can be collected without undue hardship to the ryots, and recommending the remainder for remission as irrecoverable. All arrears appertaining to years prior to fasli 1286 might be written off at once.

7. The expenditure on Public Works was again very unsatisfactory, as will be seen from the following figures :—

|                                       | Fasli 1295. | Fasli 1296. |
|---------------------------------------|-------------|-------------|
| Irrigation                            | Rs.         | Rs.         |
| Buildings                             | 1,27,590    | 1,02,925    |
| Communications                        | 18,401      | 18,772      |
|                                       | 4,180       | 10,652      |
| Add charges on account of supervision | 1,50,171    | 1,32,349    |
|                                       | 25,990      | 19,484      |
| Total                                 | 1,76,161    | 1,51,833    |

This outlay of Rs. 1,51,833 bears the insignificant proportion of only 6 per cent., to the total expenditure of Rs. 24,68,461. The outlay on Public Works in the preceding year was Rs. 1,76,161 or 7·43 per cent. of the total charges of Rs. 23,68,594. The expenditure on irrigation works was confined mainly to repairs. As remarked by Government in paragraph 8 of their Order of the 18th October last, No. 985, it is of the utmost importance to the well-being of the estates under the Court's management, that the irrigation works belonging to them should be put into proper order as far as possible. From this point of view the Government regret to observe that the expenditure under this head during the year under report was smaller than that incurred during the preceding year, which was animadverted on by Government. The table appended to paragraph 23 of the Court's report discloses a state of things which is exceedingly unsatisfactory. The attention of the Public Works Department will be drawn to it and the explanation of the officers concerned will be obtained in that Department and submitted for the information of Government. There is nothing in the Court's report to show what proportion the actual expenditure on Public Works in the other estates bears to the sanctioned allotment. The Court should in future furnish this information in enclosure A to statement IV, appended to their report. The Collectors' explanations for short outlay, called for in paragraph 23, should be submitted for the information of Government.

The Government observe that the cost of establishment entertained for carrying on repairs to irrigation works and buildings in the Gandamanayakanur Estate amounted to nearly 70 per cent. of the outlay.

8. The Government are glad to note from paragraph 29 of the Court's report and statement No. IV, showing the progress made by the wards in education, that their conduct has, with one or two exceptions, been exemplary.

9. Paragraph 30 of the Court's report, dealing with the condition of the ryots in the estates under their management, is interesting. The reports called for by the Court in their Proceedings, dated 4th June last, No. 1131, regarding the oppressive character or otherwise of the rent payable by ryots in the several estates under their charge, should be submitted for the information of Government.

10. The Government desire to be furnished with a report on the results of the Court's deliberations on the question of the revenue settlement of the Parlákimedi Estate.

11. With reference to the concluding paragraph of the Court's report, the Government observe that their report on the subject of alienations in the estates under wardship was returned to them for revision with G.O., dated 29th May last, No. 3094. It should be retransmitted without delay.

*No. 2471 W of 1888 August 1888*

Communicated to Suptg. Engineers concerned who will report on the cause of the short outlay on Public Works in charge of this Department. The reports should be accompanied by statements in detail of the works sanctioned for execution, the allotments made for them, and the sums actually spent. The budget allotments should work up to the totals shown in the statement appended to para 23 of the report of the Court of Wards.

Madras, *12* May 188*5*.

Sir,  
Adverting to G.O. No. 1478 W. dated 23rd May 1883, I have the honor to state that I addressed a Circular letter to all Superintending Engineers requesting them to enumerate the localities to be included under Section 70 of the Civil Travelling Allowance Code. Replies have been received from all but 1st. Circle, no information having yet been furnished in respect to the special localities in the Vizagapatam District. The claims to double daily allowance preferred for journeys in that District are consequently passed provisionally, on the responsibility of the Superintending Engineer's <sup>counter-</sup>signature.

2. In the Disallowance List on the salary bill of the Vizagapatam Division for February 1885, the Executive Engineer replies, "that several reminders have been sent to the Collector Vizagapatam District to furnish the information at an early date", and this remark is countersigned by the Superintending Engineer. The matter is therefore brought to notice of Government for such action as may be considered

Vizagapatam

To.

The Superintending Engineer  
1<sup>st</sup> Circle

Sir

Dinlaishwaram

Referring to your letter No. 157  
V. G., dated 10<sup>th</sup> July, 1885, I have the honor  
to inform you that it is not possible to  
mark the exact boundaries of the agency  
tracts as the line has never been laid  
down. As it appears from the Examiner  
of P. W. Accounts letter, No. 1684, dated  
12<sup>th</sup> May 1885, embodied in G. O., dated  
23<sup>rd</sup> idem, 1885, No. 2645 R. D., that  
all what is wanted is only a list  
of localities to be included under  
section 70 of the Civil Travelling  
Allowance Code, I enclose herewith  
a list of these places which  
I hope will answer the purpose

to 28

An Encl. Major R. B.  
for Acting Secretary of Govt.

## PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proceedings of  
the Board of Revenue, dated 28 August 1885, No. 8022  
Tris, on letter from the Collector and Agent to the  
Governor, Vizagapatam, dated 18 idem, No. 650.

Referring to G.O. dated 23 May 1885, No. 2645  
I have the honor to submit my explanation  
as follows:-

2 In his letter No. 115, dated 9 June 1883,  
the Superintending Engineer, Arcot, requested  
that the Agency tracts of this District might  
be marked out on the maps which he sent.  
In the several maps already published outside  
boundaries of Agency tracts have been marked,  
but in places where the agency and ordinary  
tracts adjoin each other no boundary line  
has ever been drawn. To mark this line  
is not only a very difficult thing but also  
involves great responsibility. Several attempts  
have been made to do this but with no  
satisfactory result. From the letter of the  
Examiner of Public Works accounts embodied  
in the G.O. under reply I now understand  
that all what is wanted is an enumera-  
tion of the localities included under Section  
40 of the Civil Travelling Allowance Code.  
Had I known this in the first instance

the information would have been very easily furnished and the time and trouble bestowed in the attempts at delineation would have been saved. The required information has now been furnished. Aile copy of my letter which is enclosed to the Superintending Engineer on the subject.

Resolution

Submitted for the information of Government.

2. The Board consider the Collector's explanation to be unsatisfactory. He could very easily have ascertained from the Superintending Engineer what it was that was really required, and he certainly should have made the reference when he received repeated reminders.

Order thereon, 11 September 1885 No. 4880.

Communicated to the Department of Public Works with reference to G.O. No. 1108 W. dated 20 May 1885, the Government in this Department concur in the opinion expressed by

the Board of Revenue as regards the Collector's explanation.

Detailed statement of works under the Administration of Court of Wards executed by Public Works Department during fasli 1296 or the official year 1886-87.

| Item No. | Name of work                                                      | Amount of Estimate | Register of Est. of 1886-87 | Allotment for 1886-87 | Outlay during the year 1886-87 |
|----------|-------------------------------------------------------------------|--------------------|-----------------------------|-----------------------|--------------------------------|
|          |                                                                   |                    |                             |                       |                                |
| 1        | Repairing the bund and reconstructing a sluice to Erumaputhy Tank | 500                | No. 1 of 1886-87            | 500                   | 337                            |
| 2        | Establishment charges                                             | "                  | "                           | 115                   | 77                             |
|          | Total Rupees                                                      |                    |                             | 615                   | 414                            |

The cause of short outlay is due to the Estimate of the work having been sanctioned late in the year, 12<sup>th</sup> February 1887 by the Superintending Engineer and received in the Divisional office on the 15<sup>th</sup> idem. Before the sanction could be communicated to the Sub-Divisional officers and arrangement made to put the work on hand on contract more than three weeks had elapsed and there were only some 20 days time left in that year for the execution of the work.

\* Note Funds were given

in G.O. No 520 W dated 22<sup>nd</sup>

February 1887.

Letter from W. Jopp Esqre, Executive En-  
 -gineer, Rammad Division, to the Super-  
 -intending Engineer, 6<sup>th</sup> circle dated 31<sup>st</sup>  
 October 1888 No 2086 R. Ct.

With reference to your Memoran-  
 -dum No 255 R. Ct. of 27<sup>th</sup> August last,  
 I have the honor to subjoin a state-  
 -ment exhibiting the outlay incurred  
 on the several heads of service in the  
 Rammad Estate during the fiscal 1296  
 as now ascertained from the accounts  
 of the division and also as already  
 accounted for in the E. Form progress  
 Reports.

 Rev 652/89

39 39

2. It will be seen that the totals of the C. Form Progress Report and of the statement now prepared from the accounts of the Division agree, but that there are differences under some service heads as shown in columns 2 & 3 and 6 & 7 (Civil Buildings repairs and agri-cultural repairs).

These differences appear to be due to erroneous classification of certain works in preparing the C. Form Progress Reports.

3. Detail statements as required in para 4 of your Memo quoted above are herewith forwarded.

4. It is not clear to this office how the figures entered by the Court of Wards in their Statement IV. A and that appended to para 23 of their report were arrived at. Further it appears that expenditure under the heads "Devasthanam & Chuttrani" have not been taken into account.

5. From the above abstract however it will be observed that a total outlay of Rs 1,05,237 was incurred against an allotment of Rs 1,14,390 thus showing

showing an unspent balance of Rs 9,153 only.

6. This comparatively slight deficiency is due to the following circumstances as far as can now be ascertained after such a lapse of time and change of officers.

1<sup>st</sup>. General tanks received a large supply of water very early in the fasli year thus retarding the execution of earthwork generally.

2<sup>nd</sup>. Most of the Contractors failed to carry out the amount of work agreed upon before the close of the fasli.

7. There was an excess expenditure over allotment under Civil buildings. The total expenditure was Rs 25,048 against the aggregate allotment of Rs 13,000. The excess expenditure was due to a large number of works having been sanctioned and carried out during the fasli.

8. As already explained to you under a separate letter the delay in supplying this information was due to the serious illness of the Divisional Accountant

H O 27

Accountant.

The accountant reported himself unable to attend to his duties on the 4<sup>th</sup> September and your memo calling for this information was received in this office on the 1<sup>st</sup> Idem.

As soon as the new accountant sent by the Examiner had taken up his duties on the 11<sup>th</sup> October/88, this reference was put in hand and has only just been completed, the clerical labor involved having been very considerable, and the discrepancies in the G. Form Progress Reports of two years having to be reconciled.

Under the circumstances this delay seems to have been quite unavoidable.

N<sup>o</sup>. 417 RN

Copy together with copies of the statements, is submitted to the Chief Engineer P.W.D. with reference to G.O. N<sup>o</sup>. 2471 W d/ 14 August/88.

2. The total grant sanctioned for Insli 1296. Vide G.O. N<sup>o</sup>. 520 W of 22<sup>nd</sup> February & G.O. W d/ 24 Mar/87

Please put up  
all  
in 5/3

Kumbakonam.  
8 November 1888  
supd 9<sup>th</sup>

1261  
- for works under the several heads of services amounted to Rs 93,000 + for Establishment to Rs 21,390, and against these, Rs 85,559 & 19,678 respectively, were spent, leaving only Rs 7441 & 1713 unutilised, as shown in para 1 of the foregoing report. It is not understood how the expenditure shown in para 23 of the Comptroller's report and in their statement N<sup>o</sup>. IV has been arrived at.

3. It will be seen that the outlay under Agricultural fell considerably short of the grant; this was chiefly owing to the large tanks - Ramnad, Kalady Arambalam, Rajasingarangaalam & Sankes - having received a large supply of water early in the year, obstructing the progress of these works, and also to the failure of contractors for these works. There was a large demand for repairs to buildings, hence the excess outlay under this head.

W. H. J. S.

Forward Copy of letter  
 from the Executive Engineer  
 Ramnad Division  
 No. 2086 R. N. explaining  
 31-10-88  
 the short outlay on  
 the Ramnad Estate  
 works during the  
 fiscal 1296 with  
 reference to G. O. No. 247/12  
 14-8-88

Rev 3/10/89  
 Rev 6/5/89  
 14-11-88

Short outlay due to insufficiency of Estate tahsils, dismissal of  
 temporary Estate tahsils at end of February 1887. Charges in Estate tahsils  
 death of Mr. Taylor (who was in charge of Parakkur Estate) at  
 beginning of May in whose place no one was sent to supply till  
 middle of July.  
 In Sir Lam Estate Chief cause of short outlay was that the tahsils  
 for improvements to the Grakayam Chavil amounted to nearly  
 Rupees 10000. was not sanctioned in time to be carried out during fiscal.  
 The parada Estate wants of Estate tahsils.

DOWLAISHWARAM, 20<sup>th</sup> December 1888

SIR,

With reference to G.O. no 2471 Hd/ 14-8-1888 Communicating G.O. no 506 Revenue dated 23<sup>rd</sup> July 1888, I have the honor to submit herewith 3 statements shewing the details of works sanctioned, the allotments made and the sums actually spent in the Court of Wards Estates noted in the margin during Fasli 1296 (1886-87) and to inform you that the chief reasons for the short outlay as compared with the allotments, have been explained in the above statements.
