13TH MAY 1886, No. 1221 W., PUBLIC WORKS.

1404

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers :—

From Lieutenant-Colonel J. PENNYCUICK, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Kodaikanal, 28th March 1886, No. 1962 T.J.

I have the honor to bring to your notice that, under paragraph 2498 of the Public Works Code, a register of lands held by members of the department is submitted annually to your office.

2. The practice now in force is that the same particulars are repeated year after year, although in the great majority of cases no special orders are required, as they are old items which have been approved and accepted as unobjectionable from time to time.

3. It will be observed that the registers of lands submitted by this office on the 11th and 25th May 1885 contain no less than 89 items, on which no fresh orders were required.

4. With a view to save labor both in this and divisional offices, I would suggest that in future returns only fresh acquisitions or modifications of former holdings should be shown, those already accepted as unobjectionable being omitted.

5. If this proposal be approved, it might be adopted in the next return due in your office on the 15th April next.

Telegram from the Secretary to Government, Public Works Department, Madras, to the Superintending Engineer, VI Circle, dated 7th April 1886, No. 1417 C.

Your 1962, twenty-eighth ultimo. Register of lands must be submitted complete as usual. Orders regarding future returns will issue shortly.

ORDER—dated 13th May 1886, No. 1221 W., Public Works.

In supersession of previous orders on the subject, the Government are pleased to direct that the statement of lands acquired by Government servants, submitted annually by Superintending Engineers in accordance with paragraph 2498, page 501, of the Public Works Code, need not in future contain cases which have been already declared by the Government to be unobjectionable. Future statements should contain only cases of lands held by Government servants which have not previously been reported to Government, with the addition of any modifications that have taken place in cases which have previously been included in any annual statement.

2. Superintending Engineers will maintain a complete register of all lands held by members of the Public Works Department serving in their respective circles. The register should be corrected when necessary and kept current. The annual statement for submission to Government can then easily be prepared from the general register.

3. The Secretary to the Code Committee will be requested to cause the necessary alterations to be made in existing codal orders on the subject.

Read the following :-

Statements from Superintending Engineers and Superintendent of Works Tank Maintenance Scheme of lands held by members of the Public Works Department for 1885-86.

Order thereon No 1976 W dated 9th August 1886.

The action taken by Superintending Engineers in objectionable cases is approved. The Statement received from the Superintendent of Works Tank Maintenance Scheme will be returned, with request that in the column of remarks it may be noted against each item whether it is objectionable or otherwise.

2. In the IV Circle statement, the remark against two items is "unobjectionable owing to the position of the owner as a lascar". This is incorrect, — if the holding of the lands is objectionable, the owner should be transferred or ordered to sell the property, no matter what position he occupies.

3. Attention is invited to G.O. No 1221 W dated 13th May 1886.

3. The attention of the Superintending Engineer, II circle will also be drawn to the G.O. quoted above with advertence to his remark against Lascar Lal Hamad's name: "the possession of this land is thought to be unobjectionable as the lascar is a lock lascar".

ENCLOSURES. 3

I have the honor to submit
herewith an application from L. Kist-

employed in my Office, requesting
permission to purchase about 400
gules of Kanjak & Pujak land in
the village of Pullichundam, Mannargudi

to the land already possessed by him
in the same District. Vide Registers
of lands submitted on the 15th &

10 2- As I see no objection to the
Clerk purchasing the land I request
that you will be good enough to record

your sanction under para 652 of the
P. W. Code. It is not clear to me
whether this section applies to Subordi-
nates and persons on the petty
establishment, but I can find no
other rule, and do not suppose
that Subordinates have an unres-
tricted right to buy land.
