Submitted to the Chief Engineer, Public Works Department, for sanction.

2. The five upper subordinates in the Ramnad division are working under the Executive Engineer's direct orders, there being no sub-divisions; consequently the work in the division office is heavier than would be the case if there were sub-division establishments. The additional clerk on Rs. 15 now applied for is absolutely necessary.

3. The continued employment of the temporary clerk on Rs. 30 in the Madura division office is recommended for the reasons given in the Executive Engineer's letter, No. 490 S.E., dated 3rd October 1887, printed with G.O., No. 2935 W., dated 5th November 1887. As it is proposed to spend nearly a lakh on irrigation works next year in the Dindigul sub-division, and there will be a very large number of works in hand, the office work will be greatly increased, and the services of an extra clerk on Rs. 20 per mensem are indispensable.

4. The establishment asked for is the same as at present sanctioned. The necessity of employing a special Executive Engineer in charge of the bridge will probably not exist after 30th November; but as it is uncertain when the arches will be finished, and what reductions can be made when the Executive Engineer leaves, establishment for the whole year has been asked for.

5. The services of the temporary clerk are indispensably necessary in order to get the records of the Tinnevely division into proper order, and the temporary draftsman is required for completing the plans of the Government buildings and lands.

6. An extra clerk on Rs. 15 for the Superintending Engineer's office is also applied for. The office is in correspondence with seven Executive Engineers and four Collectors. Current and routine work is very heavy, and I consider an extra hand is needed. The present establishment frequently work extra hours.
