No. 246

OFFICE OF THE EXECUTIVE ENGINEER,

Buckingham Canal,

Madras Basin, 16th May 1889.

From

J. C. Larmine Esqre
~~C. VINCENT Esq.~~

EXECUTIVE ENGINEER,

Buckingham Canal Division,

To

THE

Joint Secretary
To Government. P.W.D.
Madras

SIR,

SURE.

Having heard that the
charge of the Presidency Division
will soon become vacant, kindly
permit me to submit my name,
for the vacancy, when it occurs,
for the consideration of Government.

(2) It is true that, I have only
recently taken charge of the
Buckingham Canal and that
there are objections to frequent
changes of officers, but the fact
that, this Division being one, the
details of which are very quickly
learnt

learned, coupled with the following
circumstances, will I trust, materially
lessen these objections and be
sufficient excuse for my making
this application.

(3). In August of last year in my
anxiety to take up a work so interesting,
as the Bangalore Water supply
investigation, I cancelled my furlough
at a time, when my health, which,
very indifferent for a long time, had
only just begun to improve.

(4). During the past two months since
my return to the Plains, my health
has been anything but good, during
a recent long tour up the Canal, it
was often as much as I could do, to
carry on my duties and I am now
undergoing medical treatment.

(5). In charge of the Presidency Division
I could occasionally get away to the cooler
& more bracing climate of Bangalore
& would thus stand ^{some} chance of
ultimate recovery.

(6). In conclusion - should the
Mention

execution of the Bangalore water supply
scheme, be undertaken by the Madras
Government, I respectfully submit,
that, I may fairly claim to be allowed
to carry out the works. - 1617

(7). In charge of the Presidency
Division, I should be at hand, to
undertake them, either as a special
charge, or as part of the Divisional
work, should the latter arrangement
be found feasible & in any case I
would in the meantime, have
opportunities of studying the various
sources of supply and for collecting
more information.

(8). This application should, I am
aware, have been submitted through
my Superintending Engineer, but
I am sending him a copy with a
request that, should he object to
my transfer, which I hardly anticipate,
he may wire to you.

I have the honour to be
Sir

Your most obedient servant
J. C. L. L. L. L. L.
Executive Engineer Bangalore

ENCLOSURE.

Transfer for the
charge of the Presidency
Division, Bangalore

Submits application
for — for the
consideration of
Government.

Subbi Works Dept

Read letter from Mr. J. C. Larmine Esq. Engr
No. 246 d/16 May 1889.

Mr Larmine will be
informed that arrange-
ments have already been
made for posting an officer
to the Presidency division.

P. S.
