READ—the following paper :—

From G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer for Irrigation, dated Dowlaishweram, 22nd September 1888, No. 1738 G.D.

With reference to the correspondence ending with my No. 723, dated 17th June 1887, I have the honor to inform you that the Rajahmundry "ferry steamer" has now been sent down by the Indian Marine Department and has to be put together at the Public Works Department Workshops, Dowlaishweram, under the immediate direction of an officer of the Indian Marine who has been sent for the purpose.

2. It is quite impossible to now frame an estimate of the work to be done, and I have therefore the honor to request sanction of Government to the outlay in bringing the parts from Cocanada and going on with construction by the workshops without an estimate or previous payment till a somewhat trustworthy estimate can be framed.
