Proceedings of the Court of Wards.

Dated 14 August 1888.

No. 1903.

H. S. Thomas Esq. F.L.S.; F.Z.S.

READ — Budget Estimate of Receipts & charges from the Collector of Ganjam dated 11 June 1888 Nos. 2502 & 2503 and the following reference thereon of 23.6.88.

The budget Estimate of works proposed to be carried out by the P.W.D during 1888-89 having been communicated to the Collector with the Court's Procs of 25-4-88 No. 840, he is requested to inform the Court how he would revise the provision for marammut charges for F 1298.

Read also the following letter from the Collector of Ganjam dated 2d Augt. 1888 No. 3564.

With reference to para 2 of the Court of Wards Proceedings dated

dated 25th April 1888 No. 840, I have the honor to state that the funds of Jarada will certainly not permit of the large expenditure of Rs 5000/- on the construction of the proposed road from Jarada to Ranchili and that I doubt if the Dt. Board is in a position to sanction a moiety of cost at present or for sometime to come.

2 With reference to the proposed Mohapuru road for which Rs 4000/- are entered in the Inlam Budget, I am making enquiries as to the necessity of the road, as to who should bear the cost, the Estate or the Local Fund Board and will report the result as soon as possible.

Read also the following letter from the Collector of Ganjam dated 2d August 1888 No. 3568.

Referring

Referring to Court of Wards' reference on Register No. 1105 of 1888, I have the honor to state as follows:—

The Deptt. Public Works budget for the Jarada Estate for F 1298 is as follows:—

	original works Rs	Repairs Rs	Total Rs
Buildings	750.	750.	1500.
Communications	5000.	500.	5500.
Irrigation	1000.	3000.	45.
	6750.	4250.	11,000.

The Estate is not in a position to spend money for roads, I would therefore omit the provision made for communications and provide as follows:—

	Rs
By Deptt. Public Works.	
Buildings	1500.
Irrigation	4000.
Commission at 23 percent	1265
	6765
By Rev. Deptt. {for minor Irrigation works}	735
Total	7500.

Resolution

Resolution

The Estimates for the Parade Estate as submitted by the Collector are sanctioned. The Rs 5000/- applied for, under original works, communications in the D.P.W. memo forwarded with G.O. 2239 of 14.4.88, will be excised, for the reason stated by the Collector, but the sum of Rs 500, provided for repairs of communications will be retained.

2. The construction of the Mobagam road for which a provision of Rs 4000/- has been made in the Urlam Budget and which appears under the same head against the Urlam Estate in the same D.P.W. memo, will be deferred pending the result of the enquiry now being made by the Collector.

In the accompanying letter the S. E. I Circle proposes modifications of grants for estate works in continuation of his letter No: 931 G. N. d/21st December 1888, the draft order on which, I hear is now with W. If no action is intended to be taken on the former letter, the same should be done with the accompanying current. The S. E. applies for an additional grant of Rs 10,500, to which it is impossible to obtain the sanction of the Court of Wards before the close of the official year. If it is proposed to replace the surrender at the disposal of the Court of Wards, it is suggested that W may be requested to return the previous application, so that the necessary action may be taken on both.

Two statements are submitted with respect to estate works in the Ganjam division – one showing the officers in charge since estate works were taken over, & the other showing grants & expenditure ~~[illegible]~~ for each year –

The works were taken over in 1884-85 – when Mr Horsfal was in charge – Expenditure has been very low every year compared with grants & the changes in the division have been numerous, & it is difficult to say in which officer's time the worst results were shown.

I don't intend to take any immediate action on these – They have enough to do in Ganjam with famine at present.

8 3/4. good thing if at any rate the smaller estates were given up by the S P W.

The Govt Questions remarks in his ~~three lines~~ minute that Col. ... this and certainly the S P W could ... to do the work satisfactorily. I have always considered it a mistake the Dept taking up the Wards in general in the larger Zemindaris where there is a large establishment and where it is likely that the wards will continue for some years under Govt.

The wards were handed over to the Dept by the Revenue Court of Wards because they found they could not do the work satisfactorily. I consider the PWD far (and necessarily) suited in doing the work ~~far~~ better. Another reason of ... is that the Service is a scattered one and a long way from the S.C. H'dquarters Establishment and the borders to which constant reference has to be made. There is therefore great delay in getting grants made, estimates sanctioned &c.

I asked some little time ago for information about these estates wanting as I am anxious to know that we should not have charge of ~~these~~ many of the smaller ones; we cannot do the work and it is most unsatisfactory.

(Signed) J. F. PRICE,
Secretary to Government.

RESOLUTION—dated 25th April 1888, No. 840.

Communicated to the Collectors of Ganjam, Godávari, Madura and Salem, with the request that they will make the necessary provision, as usual, in the budgets for fasli 1298. The provision should include cost of supervision at 23 per cent. on the outlay.

2. They are also requested to report whether any of the works entered in the statement are such as ought properly to be executed by the District Board out of their own funds, instead of from the funds of the estate, as proposed—*vide* paragraph 6 of Court's Proceedings, dated 17th March 1888, No. 553.

3. The budgets are due on the 10th proximo, and the Court trust that they will be submitted punctually.

Resolution

Communicated to the Collector of Ganjam for information.

2. The Court accord their approval to the redistribution of grants as authorised in para 2 of the order.

3. With reference to para 3. of the order, the Court observe that the Collector of Ganjam has not yet submitted the budget estimates of the marginally noted* estates though he has been repeatedly called upon to send them. He will be again requested.

requested to explain the cause of the delay and to state who is responsible for it. It is quite impossible to look for good administration in the absence of any budget proposals. The matter seems to require the personal attention of the Collector.
