(Signed) W. H. BURTON, Colonel, R E.,
Superintending Engineer, V Circle.

1471

From the Superintending Engineer, V Circle, dated 26th April 1889, No. 516 A.
„ Examiner, Public Works Accounts, „ 18th May „ „ 679.

Order—dated 4th June 1889, No. 1471 W., Public Works.

In the proposition statement for temporary establishment required during 1889-90 received from the Superintending Engineer, V Circle, with the first of his letters above recorded, provision has been made for one overseer, and a clerk and a lascar under him in the Chingleput division, and two sub-overseers in the South Arcot division. The employment of the overseer and two sub-overseers has already been sanctioned in G.O., No. 954 W., dated 30th March 1889, and the Superintending Engineer is authorised (*vide* G.O., No. 537 W., dated 16th February 1888) to appoint a clerk and a lascar under each temporary upper subordinate sanctioned. The necessary corrections have been made in the statement and the establishment therein detailed is sanctioned. As regards the additional clerical establishments in the Divisional and Superintending Engineer's offices, the Government are not satisfied with the reasons advanced for their retention and pass them for the present year with reluctance. Arrangements must be made for a large reduction before 1890-91.

2. This sanction has been registered as Provincial No. 10 W. of 1889-90 and classified as Establishment, Temporary.

(True Extract.)

Captain, R.E.,
Under-Secy. to Govt., P.W.D.

To the Superintending Engineer, V Circle.

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer
P. W. Department

Enclosures.

SIR.

With reference to your Memorandum No. 1479 C dated 21st March 1889. I have the honor to state that the explanation of the Executive Engineer Presidency is as follows regarding the necessity for the temporary clerk—

2. Of the permanent Staff of Office establishment of 10 clerks in his Division 5 are detached for duty in the Civil and Military Works Sub Divisions at Madras, leaving only 5 to work in the Head Office, i.e. a Staff of clerks similar to that allowed for each of the 8 ordinary 1st Class Divisions in the Presidency, but to turn out it is believed, more than double the amount of work done by either of these 8 Divisions.

11

3. Of

3. Of the 5 clerks two are detached to work under the Divisional Accountant. the remaining 3 working in the Current branch of the Division Office, Of these three, one is fully employed in registering letters, periodicals &c received, keeping up the Service label account, and preparing Monthly and Quarterly returns. Another in despatching papers issued from the Office and Maintaining the despatch Registers. The 3d is the Head Clerk, whose principally occupied in the disposal of the correspondence relating to other than account matters - This correspondence is heavy and Multifarious. Indeed so exceptionally heavy, that even the present establishment is unable to work without arrears.

4. Besides the above there is a quantity of Miscellaneous work, such as preparation of periodical and Special Returns and other works too numerous to be detailed:

5. The Executive Engineer South Arcot reports that there is always heavy work in his Office and it is quite impossible to carry it on by the present permanent establishment which is inadequate to meet the requirements of the Office. Unless

the

⊕ Clerks VIII Class 3d Grade Rs 20
1 Draftsman " 25

the temporary Establishment is allowed the Office work will fall in arrears. Under these circumstances, the Services of the Temporary establishment are absolutely required for the proper efficiency of the Office. There are a large Number of plans &c. to be copied and working drawings supplied to the Sub Divisional Offices so that without an extra draftsman these plans would have to be drawn by the Sub Divisional Officers or Overseers themselves.

6. The Executive Engineer Chingleput States that of the temporary establishment of an Overseer on Rs 80; one Clerk on Rs 15 & a lascar on Rs 6; the temporary overseer was transferred to his Division from No II Party Tank Restoration Scheme for supervising Tank Restoration Scheme works vide G.O. No 2936 W. dated 5th November 1887 - Tank Restoration Scheme Works are still in progress, though operations in Adyar Red Hills, and Kovalam Minor Basins have been completed by Tank Restoration Scheme - The retention of the Services of the overseer with his establishment till the completion of the works in the Minor Basins is therefore necessary.

7. The two Clerks one on Rs 15 - & the other on Rs 10 whose entertainment

has.

has been Sanctioned annually since 1883. are Copyists employed in the Divisional Office. Correspondence continues to be heavy & without these Copyists, the despatch of business would it is feared be very much retarded and Complaints as regards the non-Submission of accounts on due date would crop up again. The retention of these 2 Clerks in the Divisional Office is therefore recommended.

8. 1 Attender on Rs 5. This attender was entertained on Sanction accorded in G. O. No. 2013 W. dated 5th July 1888, on Rs 5 being the difference of pay (between Rs 15 & 10) of one of the above two Copyists— The Copyist's original pay of Rs 15, has been reduced to Rs 10 being an unpassed Candidate. The Services of the attender are required for sorting old Village Maps & Plans of buildings and old records of Correspondence—

9. One Draftsman on Rs 20 & one Clerk on Rs 10. A general Sanction as to the entertainment of a Draftsman on Rs 30. in every Division where Tank Restoration Scheme works are in progress has been accorded in G. O. No. 2705 W. dated 31st August 1885? for Copying Tank Restoration Scheme Estimates.

51

10. One

39

10. One Draftsman on Rs 20 and a clerk on Rs 10 have been entertained instead of one Draftsman on Rs 30. Sanction for such modification was obtained in G. O. No. 3341 I. dated 20th October 1888. The Services of these men are required for Copying the plans and estimates of the Tank Restoration Scheme works till all in all the Minor Basins where operations have been carried out by Tank Restoration Scheme are completed.

X Sent to 00ly on the 20 May.

11. As regards the two temporary Copyists one on Rs 15 and the other on Rs 10 in the Superintending Engineer's Office full explanation as to the necessity for their Services has been given in this Office No 1804 dated 26th July 1887. The Copying work is as heavy now as it was on the date of the above letter, and if the Services of the temporary Clerks are to be discontinued current correspondence work must inevitably fall into arrears. I trust that the Services of the temporary establishments both in the Executive Engineers' and in this Office will not be disallowed, since the circumstances under which the necessity for these establishments was accepted have not in any way altered; and the withdrawal of the assistance of these establishments

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 12th June 1889

READ the following

Print with statement

From the Superintending Engineer V Circle } No 6265 dated 13th March 1889.

From the Superintending Engineer V Circle } No 516 A dated 26th April 1889.

From the Examiner, Public Works Accounts } No 679 dated 18th May 1889.

14 P

In the proposition statement for temporary establishment required during 1889-90 received from the Superintending Engineer V Circle with the first of his letters above recorded, provision has been made for one overseer and a clerk and a lascar under him in the Chingleput Division and two Sub-overseers in the South Arcot Division. The employment of the overseer and two sub overseers has already been sanctioned in G.O. No 954W dated 30th March 1889 and the Superintending Engineer is authorized vide G.O. No 537W dated 16th February 1888 to appoint a clerk and a lascar under each temporary upper subordinate sanctioned. The necessary corrections have been made in the

16

the statement and the Establishment therein detailed is sanctioned – As regards the ~~As regards the~~
2 – . This sanction has been registered as Provincial No. 10 W of 1889-90 and classified as Establishment, Temporary.

Wm
23.5.89

Rue
27.5.89

There is no attempt to show that this Establishment is necessary & it seems to me to be on a very extravagant scale I will not sanction it as the case stands. The S.E's & Presidency Division Estab^ts were questioned when first sanctioned for 6 mos & I don't find anything to show why they have been kept on.

Uls
29 may

To The Hon: Member

Please see the Supdg Engineers letter No 516 A d/ 26th April 1889, which has perhaps been overlooked. In this letter the Supdg Engineer explains the necessity for the temporary office establishments in his own Divisional Offices

Sanction is not now

23/5
may

O.y.S. 10/5. H.W. 27/5.

asked for to the Parsons and their establishments. These have already been sanctioned in G.O. 954 W dated 30th March 1889.

Rue
29.5.89

The reasons given are merely assertions of the necessity & statements that without them men the work will fall into arrears. I don't consider such statements amount to reasons. However, I will pass on this occasion, but I expect that in 1890-91 there will be a large reduction in these temporary establishments which have in my opinion been allowed hitherto on inadequate grounds.

H.C.I.
30 may

Additional Clerical Estab^ts in the divisional and Supdg Engrs offices the Govt are not satisfied with the reasons advanced for their retention and pass them for the present year with reluctance. Ar-

To
