8TH JUNE 1889, No. 1530 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From G. BIDIE, Esq., M.B., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, Public Department, dated Ootacamund, 10th May 1889, No. O/155.

I have the honor to submit, for the sanction of the Right Honorable the Governor in Council, the accompanying plans, estimate and specification, amounting to Rs. 3,330, for constructing two cells at the General Hospital for cases of mental disease or delirium tremens. Cases are not unfrequently admitted there which it is not practicable to send to an asylum.

2. The necessity for these cells is explained in the subjoined extract from a letter from the Senior Medical officer, General Hospital, with whom I fully agree.

“ Another important work which has long been required in the hospital is a cell or cells in the compound for the isolation of cases of mental disease before they are transferred to the Lunatic Asylum, or of cases of delirium tremens while under treatment. As the Surgeon-General is aware, they have at present to be treated in a small room on the ground floor which opens on the verandah and cannot be kept private, so that it is impossible to give them the quiet which is so essential, and the noise they often make can be heard all over the hospital, disturbing many of the patients.”

Approved and transferred to the Public Works Department.

(By order.)

(Signed) W. S. MEYER,
Assistant Secretary.

20th May 1889.

ORDER—dated 8th June 1889, No. 1530 W., Public Works.

The estimate, amounting to Rs. 3,330, for constructing two cells at the General Hospital, Madras, for the use of patients suffering from mental disease, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 20 W. of 1889-90 and classified as Civil Buildings, Original Works.

THE SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

PORT ST. GEORGE.

To

THE CHIEF SECRETARY TO GOVERNMENT.

Public DEPARTMENT.

SIR,

I have the honor to submit for the sanction of the Right Honorable the Governor in Council the accompanying plans and estimate and specification amounting to Rupees 3330 (three thousand, three hundred and thirty) for constructing two cells at the General Hospital for cases of mental disease or delirium tremens. Cases are not unfrequently admitted there which it is not practicable to send to an asylum.

2. The necessity for these cells is explained in the subjoined extract from a letter from the senior medical officer General Hospital with whom I fully agree.

"Another important work, which has long been required in the hospital is a cell or cells in the compound for the isolation of cases of mental disease before they are transferred to the Lunatic Asylum, or of cases of delirium tremens while under the treatment. As the Surgeon General is aware, they have at present to be treated

"treated in a small room on the ground floor
which opens on the verandah and cannot be
kept private, so that it is impossible to give them
the quiet which is so essential, and the noise they
often make can be heard all over the hospital,
disturbing many of the patients."

Public Works Department.

Current No. 4728/530W

Letter No. Nil

Dated 20th May 1889

From the Public Dept.

NOTE OF REMARKS.

The Estimate under
series amounting to
Rs 3330 provided for
the construction of
two cells, for patients
suffering from mental
disease, at the General
Hospital - Madras.

The dimensions of
the cells are to be 14x12
Each cell will be
provided with a
chest 7'9" x 6" -

The cells are to be
built of masonry
to each other and
will be protected
by a surround
all round of m
work to -

The particulars of construction are as follows -

The foundations are to be laid on 1' of concrete.

The foundations and superstructure are to be built with stock bricks in mortar.

The outer surface of the walls is to be pointed and the inner plastered.

The flooring of the cells and verandah will consist of 4" of concrete covered with $\frac{1}{2}$ " of cement.

The flooring of the cloaks will consist of 4" of concrete coated with $\frac{3}{4}$ " of asphalt.

The roof will have timber framework covered with

1530

Mangalore tiles. The rafters of the roof timbers are connected.

The doors and windows are to be of teak and will be protected with 2 coats of chocolate paint.

The rates are fair.

The superficial planth area is 1658 sq ft. and the cost of construction per sq ft is Rs 2.00.

Contingencies & better supervision have been provided for in the Est: at 5 + 2 1/2 per cent respectively.

The plan and Est: have been counter-signed by the Surgeon.

General with the
Govt. of Madras
and approved
by Govt. in
the ^{Public} ~~Public~~
Dept.:-

It seems like
a waste of good
material to put
stock bricks into
the foundations
of a building
to have ordinary
country bricks
would answer
the purpose quite
as well -
