GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.

READ—the following papers :—

G.O., dated 9th January 1889, No. 62, Revenue.

Routine No. 2264.

MEMORANDUM.

The attention of the Collector of Kistna is invited to the following point in connection with the statistical returns C, F and O for 1887-88, and he is requested to submit the necessary information at an early date.

2. *Statistical return C.*—The figure in column 13 does not include the salaries of the officers of the Salt and Public Works Departments as required in para. 1 (1) of Board's Proceedings, dated 10th January 1880, No. 56.

3. *Statistical return F.*—The information required for columns 2 and 4 against items 1, 2, 3 and 5 should be furnished with reference to para. 12 of Board's Proceedings, dated 17th March 1888, No. 139 (Revenue Settlement, Land Records and Agriculture).

4. *Statistical return O.*—Column 6 should show the income from endowment in land and not the extent of land.

5. *Class II. Institutions supported by the general public.*—The total number of institutions is given as 41 against 45 and the income from endowment in money comes to Rs. 504–8–11 against Rs. 969 in 1886-87. The details are as follow :—

	1887-88. Number of institutions.	1886-87. Number of institutions.
A. General—		
2. To relieve paupers	9	...
3. For travellers	15	...
B. Hindu—		
1. To relieve paupers	9	9
2. Do. Brahmins	1	...
4. For travellers	3	29
C. Muhammadan—		
1. To relieve paupers	...	4
2. For travellers	4	3
Total ...	41	45

	1887-88. Endowment in money. RS. A. P.	1886-87. Endowment in money. RS.
A. General—		
To relieve paupers	250 8 11	...
B. Hindu—		
To relieve paupers	...	960
For travellers	...	9
C. Muhammadan—		
For travellers	254 0 0	...
Total ...	504 8 11	969

The differences should be explained. A remark is entered against "A. General—For travellers" to the effect that relief is given there without distinction of caste. This is not sufficient to place the institutions under "General." It should be stated whether relief is given to Hindus, Muhammadans, Christians, &c., alike without distinction.

6. *Class III, A. General*—(4) *For travellers.*—The falling off in the number of institutions from 13 in 1886-87 to 8 in the year under notice has not been explained. It should be stated whether travellers do not resort to the five institutions now omitted and whether these institutions have altogether ceased to be charitable ones.

7. *Class IV A.* (3) *Hospitals.*—The average entered in column 3 is apparently arrived at by dividing the number given in column 4 by 365, whereas it should be obtained by dividing the total number of attendances by that figure (*vide* para. 20 of Board's Proceedings, No. 139, quoted above). The Collector is requested to ascertain and report the correct figures.

26th July 1888. (Signed) H. A. SIM,
Acting Secretary.

Read—the following Proceedings of the Board of Revenue (Land Revenue), dated 18th December 1888, Mis. No. 7416, on the following letter from the Collector of the Kistna District, dated 11th October 1888, No. 5939 :—

Referring to your memorandum, Routine No. 2264, dated 26th July 1888, I have the honor to reply as follows.

2. *Para.* 2.—As regards the omission pointed out which also exists in the return for 1886-87, I may remark that, as payments of salaries are not made at the Huzur treasury, references have been made to the officers concerned. The reply received from the Superintending Engineer objecting to furnish the information sought is enclosed. The reply from the Assistant Commissioner of Salt and Abkári Revenue is awaited.

3. *Paras.* 3 *and* 4.—Revised statements are herewith submitted supplying the omissions.

4. *Para.* 5.—The decrease in the number of institutions is reported to be due to the fact that in the Bandar taluk nine institutions supported by voluntary subscriptions were discontinued during the year under reference. The figure entered under income in money in the return for 1886-87 does not seem to be correct.

The institutions entered under "A. General—For travellers" afforded relief to all alike without distinction, *i.e.*, to Hindus, Muhammadans, Christians, &c.

5. *Para.* 6.—Five of the 13 institutions entered under Class III, A. General, &c., for 1886-87 appertain to the Guntúr taluk, and as they entirely depended on voluntary donations, they have been transferred to class II. Hence the falling off in the number of institutions under this head.

6. *Para.* 7.—Regarding the average number of sick, the District Surgeon states that the dispensaries are open to the public without intermission even during Government holidays, and that the number of days during which the aid is afforded is the actual number of days of the year. The figure entered in column 3 is therefore correct.

ENCLOSURE.

From J. HANNAN, Esq., Superintending Engineer, II Circle, to the Collector of the Kistna District, dated Bezváda, 6th October 1888, No. 1568 K.S.

With reference to your letter No. 5518 of the 26th September 1888, calling for a statement showing the cost of officers of the Public Works Department employed in the Kistna district for the official year 1887-88, I have the honor to refer you to this office letter No. 218 K S. of the 25th April 1884 to the Deputy Collector in charge of treasury, and to the copy of G.O., No. 936 W., of the 5th April 1884, sent with it, from which you will observe that the Government consider that the time of Public Works establishments should not be taken up with the preparation of the statements of the kind referred to.

1584

Resolution—

Recorded : with reference to para. 6 of his letter, the Collector is informed that column 3 should be *attendances*, column 4 *persons* (*vide* para. 20 of Board's Proceedings, dated 17th March 1888, No. 139, Settlement).

2. With reference to para. 2, the Board request that Government will be pleased to reconsider their Order, dated 5th April 1884, No. 936 W., Public Works Department, as the information is necessary for the preparation of the statistical returns, as already stated in Board's Proceedings, dated 7th July 1888, Mis. No. 3475. The Public Works accounts referred to in the Government Order of 1884 do not give district details.

REVENUE BOARD OFFICE
(LAND REVENUE),
Dated the 26th December 1888.

No. 2264 Rev

The attention of the Collector of Kistna is invited to the following points in connection with the Statistical returns C. F and O for 1887-88 and he is requested to submit the necessary information at an early date.

2. Statistical return C.

The figure in column 13 does no include the salaries of the officers of the Salt and Public Works Departments as required in para 1(i) of Boards Proceedings dated 10th January 1880 No. 56.

3. Statistical return F.

The information required columns 2 and 4 against Items

5 should be furnished with reference to para 12 of Boards Proceedings, dated 17th March 1888, No 139 (Revenue Settlement. Land Records and Agriculture).

4. **Statistical return O.**

Column 6 should show the income from endowment in land and not the extent of the grant.

5. **Class II. Institutions supported by the General public.**

The total number of institutions is given as 41 against 45 and the income from endowment in money comes to Rs 504-8-11 against Rs 969, in 1886-87. The details are as follow:—

	1887-88. No of Institutions.	1886-87. No of Institutions
A. General,—		
2. To relieve paupers	9	"
3 For travellers	15	"
B. Hindu,—		
1. To relieve paupers	9	9
2 do Brahmins	1	
4 For travellers	3	29
C. Mahomedan,—

	1887-88 — endowment in money — Rs	1886-87. Endowment in money Rs

B. Hindu,—		
To relieve paupers	"	960
For travellers	"	9
C. Mahomedan,—

	504-8-11.	969.

The difference should be explained. A remark is entered against "A. General – For travellers" to the effect that relief is given there without distinction of caste. This is not sufficient to place the institutions under "General". It should be stated whether relief is given to Hindus, Mahomedans, Christians &c alike without distinction.

6. **Class III. A. General (4) For travellers.**

The falling-off in the number of institutions from 13 in 1886-87 to 8 in the year under notice has not been explained. It should be stated whether travellers do not resort to the five institutions now omitted and whether

whether these institutions have altogether ceased to be charitable ones.

7. Class II A (3) Hospitals. The average entered in Column 3 is apparently arrived at by dividing the number given in Column 4 by 365, whereas it should be obtained by dividing the total No. of attendances by that figure. Vide para 20 of Board's Proceedings No. 139 quoted above. The Collector is requested to ascertain and report the correct figures.

Referring to your memorandum No. 2264 Routine dated 26th July 1888 I have the honor to reply as follows:—

The institutions entered under 'A. General – For travellers' afforded relief to all alike without distinction i.e. to Hindus, Mahomedans, Christians &c.

5. (Para 6) Five of the thirteen institutions entered under Class III A. General &c for 1886-87 appertain to the Guntur Taluk, and as they entirely depended on voluntary donations, they have been transferred to Class II. Hence the falling off in the number of institutions under this head.

To W.

There are only nine distr
which are conterminous with P.W.div
sions, and except as regards these
it is apparently impossible to give
the cost of P.W. establishments in e
district. It can only be done if at
all by some process of distribution
as to the possibility of which, I ca
offer no opinion without knowing mo
definitely what is wanted.

We have no copy here of the Rev. Report.

The Presy. Genl. Admn. Report contains a statement every year showing the cost of P.W. Establts. by divisions. This is supplied by the Secy, & when sending it on to the officer compiling the Admn. Report, it would be easy for this office to communicate a copy to the Rev. Dept for commn. to Collectors.

19 It is observed however that the Collector of Kistna asked the S.E. II Circle to supply the statement by the 10th of April.

Counter initials).

The Examiner does not close his books until 1st August, & usually sends in the Statistical statements for the Admn Report about the 15th of that month. This perhaps would be too late for the Rev. Dept.

As however a complete statement of the cost of P.W. Establt by division is included in the General Admn Report, it is not apparent why it should also appear in the Rev. Reports.

~~W.~~ Draft a note to the R. Sec. pointing out that the information is given in the Administration Report and if necessary a copy can be sent to the Board of Rev by the 15th May. A complete statement is given in the General Administration Report (see page 90 of that for 87/88) Is it necessary for it to be repeated in the R. Board's Report
