24TH MAY 1889, No. 423, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

1618
READ—the following letter from M. A. LAWSON, Esq., Government Botanist and Director, Government Cinchona Plantations, Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 13th May 1889, No. 8:—

From the enclosed copy of a letter received from the Agent for Government Consignments, Madras, you will see that some difficulty is experienced by reason of this department having no officer resident in Madras who can inspect goods landed in that port, and I have, therefore, to request that you will be so good as to obtain for me the sanction of Government to appoint some person to undertake this duty.

Without being specially informed as to the duties of the Collector of Sea Customs, Madras, I do not know if this officer would consent to act; but if no objection to his doing so can be raised, I would suggest that he should be asked to carry out the necessary inspections.

ENCLOSURE.

From H. D. Baddeley, Esq., Agent for Government Consignments, to the Director of Cinchona Plantations, dated Madras, 3rd May 1889, No. 890.

In accordance with the instructions conveyed in your telegram of the 25th ultimo, I have the honor to inform you that the repairs to the man-hole door of the boiler have been completed this day, and the boiler will be despatched as soon as possible. I have requested Messrs. Massey and Co. to send the bill for repairs to you, as in my opinion the ship is not responsible for the damage which may have occurred in London as it was received on board there in a slightly damaged condition.

With a view to future surveys being conducted according to the practice prevailing in other departments, I would suggest that as no officer of your department lives in Madras, arrangement should be made that, an officer from some Public Department in Madras should attend as the President of the Committee, the department deputing the officer depending on the nature of the stores to be surveyed.

ORDER—dated 24th May 1889, No. 423, Revenue.

Miscellaneous.

In the case of stores consigned to the Government Botanist and Director of Government Cinchona Plantations, the President of the Committee required by rule 6 of the rules published in G.O., dated 25th March 1889, No. 119, Marine, should be an officer of a Public Department in Madras, the particular department depending upon the nature of the stores. Thus for machinery an officer of the Public Works Department would be most suitable; for sulphuric acid and stores of that nature the Chemical Examiner. When the Agent for Government Consignments finds a committee necessary, he should communicate with the appropriate department, the head of which will at once depute an officer to serve as president. The occasions on which a committee will be required are not likely to be numerous.
