G.O., dated 3rd June 1889, No. 1462 W., Public Works.

ORDER—dated 21st June 1889, No. 1628 W., Public Works.

The Government of India having withdrawn the sanction to the provision of funds for the water-supply of the Lawrence Asylum at Ootacamund from the grant for Imperial Military Works, the sum of Rs. 12,350 provided for the work in the final issue of the Military Works budget for 1889-90 has been resumed.

2. As the indent for the materials required for the scheme has already been submitted to the Home Government and is probably now under compliance, the Lawrence Asylum Committee should arrange to place the amount of the estimate, Rs. 12,350, at the disposal of this department as early as practicable.

3. In accordance with G.O., No. 412 W., of 13th February 1889, the work will be carried out by the Public Works Department.

From the Superintending Engineer, IV Circle, dated 26th January 1889, No. 41 E.W.

ORDER—dated 1st February 1889, No. 266 W., Public Works.

In the statement of surrenders and demands recorded above, the Superintending Engineer, IV Circle, surrenders the sum of Rs. 12,350 allotted by the Government of India in their letter No. 2355 M.W., dated 28th December 1888, for expenditure during the current year on works connected with the water-supply to the Lawrence Asylum at Ootacamund. He explains that it is impossible to spend the amount before the close of the current official year, as all the materials required for the work have to be obtained from England, and he proposes to transfer the sum to the

marginally-noted works, provided that the next year's grant of Rs. 9,500 for the apothecaries' quarters at Wellington, together with Rs. 2,850 from the lump sum allotment for repairs, or Rs. 12,350 in all, should be re-allotted during 1889-90 for expenditure on the Lawrence Asylum water-supply work. The Government

of India will be requested to sanction the proposed transfer, and in the meanwhile the Superintending Engineer will submit, without delay, an indent on the Home Government for the piping required for the last-named work, &c., and also an estimate of the probable cost of purchasing the articles in India.

2. The Superintending Engineer also surrenders Rs. 2,000 from the grant for constructing sheds for the transport animals at Calicut. The surrender will be accepted, and Rs. 600 therefrom will be transferred to constructing a bakery at Wellington as proposed by the Superintending Engineer; and the Government of India will be requested to sanction the transfer of the balance (Rs. 1,400) to the following works :—

	RS.
Military minor works { Nilgiri division	920
Coimbatore division	230
Do. repairs, Coimbatore division	250
Total	1,400

3. The Executive Engineer concerned can, under para. 1922 of the Public Works Code, appropriate the sum of Rs. 600 surrendered from the grant for constructing a slaughter-house and hanging shed at Calicut to meet the demands on (1) "constructing parapet wall at West Hill, Calicut" and (2) "petty improvements to the regimental lines at Mangalore."

4. Funds not being available with the Government, the demand on account of repairs in the Coimbatore division should be restricted to the extent made available by surrender.

5. The sum of Rs. 409 surrendered from the current year's grant to the Nilgiri division under Imperial Civil Works, Postal Repairs, will be transferred to the Cuddapah division, where funds are urgently required (*vide* G.O., No. 45 W., dated 9th January 1889).

6. Since grants for Minor New Works, Postal, are at the disposal of the Director-General of the Post Office of India, the Superintending Engineer will apply to that officer for funds required for renewing the roof of the Post office at Cherambadi.
