GOVERNMENT OF INDIA.
REVENUE AND AGRICULTURAL DEPARTMENT.
ARCHÆOLOGY.

To
ALL LOCAL GOVERNMENTS AND ADMINISTRATIONS.

Cir. No. $\frac{25}{19-7}$ Arch.

Dated Calcutta, the 28th March 1889.

SUBJECT.
PUBLICATION of selected archæological drawings as a Technical Art Series.

1670

Cir. No. ²⁵/₁₉₋₇ Arch.

FROM

SIR E. C. BUCK,
Secretary to the Government of India,

To

Revenue & Agricultural Dept.
Archæology.

CALCUTTA, the 28th March 1889.

SIR,

IN continuation of Mr. Lawrence's circular letter No. 22 G.—1A.—33, dated the 21st April 1887, I am directed to inform you that the following arrangements have been made for the publication of selected archæological drawings as a Technical Art Series.

2. Such drawings as are considered to be *prima facie* suitable for the purpose by the Archæological Surveyors will be submitted to a Committee * at Calcutta for final selection. A portion will be reproduced at the Survey Office and the remainder sent to Dr. Burgess, Director General, Archæological Survey Department, for reproduction in England. The total number issued in the year will, it is believed, not be less than twenty-five, and may be considerably greater.

3. It is in contemplation that Dr. Burgess should now retire permanently to England and edit there the Archæological volumes still remaining for publication. There is available material for ten or twelve volumes, which will probably require three or four years to carry them through the press.

4. In these circumstances, it is desirable that a final decision should be made at once as to the number of copies required of the Technical Art Series for school purposes or for distribution to artisans. The price will, as intimated in the letter of the 21st April 1887, be 2 annas per copy, whether reproduced in England or India. In Mr. Lawrence's letter of the 21st April 1887, it was intimated that the drawings would appear also as illustrations in the *Journal of Indian Art*, but there is now reason to believe that this will only be the case in respect to a certain number of them.

2

5. A statement of the indents received in reply to the Circular No. 22 G. of the 21st April 1887 is appended. I am now to ask whether, in view of the larger number of drawings to be issued, the indent received from

may be confirmed, or whether any additional number of copies will be taken. I am to take the opportunity to represent that, in respect to many of the drawings, it will be difficult and sometimes impossible to obtain copies subsequent to the first distribution. It is desirable therefore that a full indent should be made, if possible, at once.

I have the honour to be,

SIR,

Your most obedient Servant,

E. C. BUCK,

Secretary to the Government of India.
