It appears from
para 4 of Resolution
No. ~~734~~ 374. G. d 22. x. 88
that the Govt of India
did not contemplate
any deputation allowance being
made to "temporary

officers who are to
receive the deputation
allowance at 150/- p.m. are named
in No: 12. A. E. d 14.1.89
from Works to the
Presdt. of the Comtee.

The section (57. C.V.)
of P.&A. A. Code under
which the deputation
allowance has been
granted says "if the duties
"involve a decided increase
"of work or responsibility
"in comparison with
"the duties of his regular
"appointment or require
"a change of station the
"Local Govt may in
"addition allow an
"officer to draw a deputn.

If Mr Malet is to be
granted 150 a month
India's sanction
appears to be neces-
sary - but as the
charge is a Provincial
one the Local Govt
can if it sees fit
sanction an allowce
at the rate of 1/5th of
salary i.e at Rs: 120

time Mr. Malet was

Mr Malet be allowed to

Adverting to the Resolution of the Govt. of India in the P.W. Dept. No. 374 A.G. d/ 22nd October 1888, appointing a Committee to enquire into the amount of work in the offices of Executive Engineers, I am directed to request that, with the permission of H.E. the Governor in Council of Bombay, you will be so good as to inform me whether the local member of the Committee nominated by the Bombay Govt. received any deputation allowance for the period of his service on the Committee. This information is required in connection with a claim which has been advanced by the Madras member,

And if so whether the sanction of the Govt. of India had to be obtained therefor.

Recd

There is no doubt that if any allowance had been given to local members elsewhere it would only have been under orders of the Govt. of India, which would have been general & communicated to us. There is therefore no use in the proposed enquiry from the Bombay Govt. and the better thing to do is to go straight up to India asking for sanction. Before deciding whether this should be done, I should like to know how long Mr. Malet was employed and what special reasons if any can be alleged for support of the claim. The case of local members of a committee of this sort is different from that of the permanent members. In the Finance Committee & the Public Service Comn. the local members got nothing & did not think of asking for anything.

I will obtain as soon as possible the information as to the period during which Mr. Malet was employed on the Committee.

I know of no special reason in support of his request, but I understood (on what grounds I cannot now trace) that the local members had got the allowances in other Provinces. If they did get them of course the Madras men should get them also. It seems to me that if the enquiry as to the fact cannot be made, the Govt. of I should be asked to grant the allowances if given elsewhere.
