GENERAL STAMP OFFICE,

Madras, 11 May 1889

From

Sir Richard Barton, Bart. &c.

SUPERINTENDENT OF STAMPS,

MADRAS,

To

Mr. Hamrick Esquire

SECRETARY TO THE COMMISSIONERS OF LAND REVENUE.

SIR,

Referring to the Proceedings
of the Board of Revenue (Land Revenue)
of 26th miscellaneous dated 6 May 1889,
I have the honor to express my heart
thanks to Government for having made
the Assistant Superintendent a deputy
collector in accordance with my recommenda-
tion, but at the same time beg to point
out that I am unable to utilize his
services fully, and to place the sanctioned
amount of stamps in his charge, so as
to relieve myself of weekly or more
frequent issues, until additional
accommodation for the storage of cases
asked for in my Ld 570 dated 5 May 1888
is provided in the stamp office, for there
is no possible secure store room available
where his separate stock of stamps
can

can be kept in safe custody.

2. At the present moment, every store-room is crowded to excess, and the supervisor's room, which is barred and which used to be used for custody of stamps after issue till despatch to districts, is also utilized as a store-room - an arrangement absolutely forced on me, but which is very undesirable, as when issues are going on, cases, counting, and counters, have all to be huddled together in one room.

3. I have addressed the Public Works Department several (3) times on the subject, during the last 9 months, and on the last occasion (February 1889) I said - and I emphatically submit now - "that the present state of things is most inconvenient and prejudicial to the interest of Government" and the Superintending Engineer then said (12 March 1889) that the matter would have his "prompt attention," but nothing has been done.

4. I respectfully submit, that the present state of things should not be allowed to continue an hour longer

longer than is absolutely unavoidable, and the additional accommodation should be provided for forthwith.

I have the honor to be,

Sir,

Your most obedient servant,

M. Morton

Superintendent of Stamps

that in his last communication in
February, 1889, he represented to the Superin-

of things in the stamp office was most
inconvenient and prejudicial to the
interests of Government, that the
Superintending Engineer replied on 12th
March 1889 that the matter would have
his prompt attention but that nothing
has been done till now.

*In reference to G.O. No. 1559
Dated 10 June 1889, I have the honor to report that in communication with Sir R. W. Barlow the Assistant Engineer at Bangalore is preparing plans and estimates for increasing the accommodation at the Stamp Office and that he was first ordered to do so in October 1888. The delay in submission of plans is in some degree due to pressure of work on the P.W. Staff at Madras, to the absence of Executive Engineer at Bangalore who has not dealt with the matter himself.*

and to an increase of accommodation as now required to what was asked for in July 1888. One plan prepared was returned for revision by the Executive Engineer. The plans &c. will be ready in 2 or 3 weeks.
