PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper :—

Endorsement of the Collector of Tanjore dated 8th April 1889,
 No 194, Municipal on letter from the Chairman, Municipal
 Council, Kumbakonam, dated 19th February 1889, No 568.

Order thereon, 18th May 1889 No 610 M. M. S.

The Municipal Council propose to construct
 for the present only certain portions of the drainage
 scheme approved in G.O. dated 30th July 1888 No 831 M and
 to borrow Rs 50,000 for this purpose.

2. The estimated cost of the entire scheme as set
 forth in para 5 of Colonel Mead's note recorded in the G.O.
 above mentioned was Rs 186,690, but this allows for concrete
 lining to the main drain for a length of 8100 ft, whereas
 Colonel Mead (para 6 of his note) considered that 6000 feet
 of such lining would be sufficient. The estimate
 would thus be proportionately reduced by Rs 11,025

and

and the total cost of the scheme would be Rs 175,665 only. The portions now proposed to be taken up are the main and branch drains and apparently some street drains also.

3. The sub-committee's arguments against the construction of street drains which are concurred in by the Council, are in the opinion of Government not well founded, as there are many parts of the town in which the house drainage stagnates and is productive of great nuisance. The Council should provide for the construction of drains in the worst of these localities and should therefore raise the amount of their proposed loan to Rs 60,000.

4. If a formal application under the new rules be submitted, the Government will consider the advisability of lending this sum from Provincial funds, to be repaid with interest at $4\frac{1}{2}$ per cent in twenty years. On these terms the Council would be able to pay off the loan by an annual payment of Rs 4,613.

5. The lining of the branch drains with concrete cannot ultimately be dispensed with, but
may

1693
may be deferred for the present; care must be taken that all street drains are given an outfall into the branch or main drains.

6. With these observations, the Council's proposal to undertake only a part of the drainage scheme and their application for services of a supervisor to carry out the work departmentally, will be referred to the Public Works Department for remarks.

True Extract,
M. B. Baidya - Captain P. E.
Under Secretary P. W. Dept.
for Chief Secretary

To

No. 2569C of 31 March

[Faint, illegible handwritten text on a separate sheet of paper.]

To Mr.

The original of P.O.
1695 was of 27 June 89
asked for by the H. Mr.
has been obtained from
Madras and is submitted.
The draft was not
sent to the H. Mr. Papers
for circulation are
marked by the drafting
officer who, naturally,
is better acquainted
with the nature of the
contents than other
persons through whose
hands the papers
may subsequently
pass in ordinary
course.

I frequently revise
circulation instructions
when papers pass
me, but this cannot
be done with the
same confidence as
when I initiate or
disposit myself and
thus study the
details.

The order in question
was drafted by Mr.
Bird, and was by

In returning your endorsement No 2569
dated 31st May 1889, on the C.C. in the
Local and Municipal Department No 610
of 18th idem, regarding drainage scheme of
Kumbakonam, I have the honor to state
that, if the work is to be carried by this
Department, the services of an extra overseer
of experience and ability will be necessary.
2. The work should moreover be done
on contract under the supervision of the P.W.D.
(if this Department is to look after it) and not
departmentally, as suggested by the Municipi-
-pality. It is not possible to complete the
work in a year.

I have the honor to be

Sir
Your most obed^t servant
A Smith Esq. R.E.
Superintending Engineer
