From *W. B. de Winton Esqre*

ENCLOSURES. /

EXECUTIVE ENGINEER,

NILGIRI DIVISION,

1. Proposition To
Statement.

THE SUPERINTENDING ENGINEER,

FOURTH CIRCLE,

COIMBATORE.

SIR,

I have the honor to enclose a proposition statement for sanction for the continued employment of the 2 temporary watchmen for 12 months, one from 1st March and the other from 1st April 1889, on which dates the sanctions accorded in Government Orders Nos 4023 W and 1722 W, dated 24th December and 11th June 1888 respectively expired.

2. In regard to the renewed sanction applied for, I would invite your attention to my letters Nos 3139 and 869 of 13th Nov^r and 29th May 1888, respectively. The circumstances therein explained still hold good.

I have the honor to be,

Sir

Your most obt^l servant

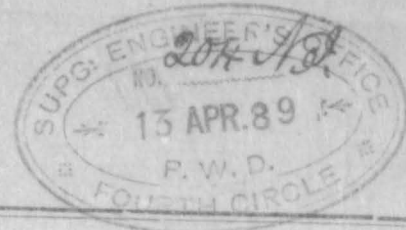

W. B. de Winton

Executive Engineer

Memo
 Recd S.E. in 168 W of 15-10-87
 11-100 W of 14 May 1887

The operations at the
 Lake Brickfield were
 closed in April 1888. The
 C.E. would like to know how
 many bricks were lying
 there ~~then~~ for which the
 services of a watchman
 were required. His ser-
 vices are still asked for
 in the present year, but it
 is not apparent why the
 bricks in stock should
 not have been used up
 on the ~~operations~~ work
 that have been carried
 out in Ootacamund
 during 1888/89. Expla-
 nation on these points
 is required.

W.B. de Winton Esq.,
Executive Engineer,
Nilgiri Division.

To,

The Supg. Engineer,
4th Circle.

Sir,

In reply to your endorsement
of 205 dated 17th instant, I have the
honor to report that the stock in
hand at the commencement of 88/89
was, 1st class Bricks 76,930

2nd class Bricks 6000 of which
only 24402 of the former were used be-
cause that was the total quantity re-
quired for the works in hand, most
of which were built with country
bricks.

2. The balance in hand at present
is 52,528. 1st class bricks + 6000 - 2nd class
and

Memo:

Letter from the Executive Engineer Kilgiri D. No. 696 d/27 May 89
contt. therein by the Suptg. Engr. IV. Circle No. 237 d/29 May 89
E.W.

The Chief Engineer
does not regard this explana-
-tion as satisfactory. He
desires to be informed why
bricks of inferior quality
have been used on works
while Government bricks of
first class quality have
so long been kept in stock
unutilised.

Nilgiri Division office,
Ootacamund, 11th June 1889.

From,

W. B. de Winton Esq.,
Executive Engineer, Nilgiri Dⁿ,
Ootacamund,

To,

The Supg. Engineer,
Fourth Circle,
Coimbatore.

Sir,

In reply to your Endorsement
No ²³⁸/_{n.d.}, dated 6th instant, I have the honor
to state that the pressed bricks manu-
factured at the Lake Brickfield
are so expensive that they are reserved
for works of first class importance, in
where external appearance is an object.

2. Since the completion of the
Breck's School and Sub Judge's Court
no such works have been constructed
at Ootacamund. For instance, the
Quarters for married bandsmen

10 at

at Government House have been constructed of country brick in mud at a cost of Rs 25 per square, as compared with Rs 55/ for Govt. bricks in chunam.

3. It is always necessary to keep a small stock of pressed bricks at Cotacamund available for first class work at a moment's notice.

I have &c

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the 27th June 1889

Read the following

From the Supg. Engineer IV Circle (H.E. No. 168 SW of 15th April 1889)
Office Note from the Examiner P.W. Accounts. 579 " 3rd May 1889.
From the Supg. Engineer IV Circle, " 237 SW " 29th May 1889.
Do Do " 260 SW " 14th June ")

Dear E.R. Think this really necessary?
One of the watchmen is apparently to
live in the old Kennels. The bricks are
all about in the open. Is any one likely
to steal them, or be deterred by the presence
of the watchman in the house?
There is a picture in the 10th 100 yard,
which is an enclosed place. No informa-
tion is given as to the quantity of stones
lying out there. The original sanction
was only for four months.

H.E.
20 June

The Brickfield watchman is to reside
in a hut on the spot. The watchman
for the stores in the Engineer's Office and one
granted for the last 4 months of last official
year. Owing to the stores being still in the
yard, the continued retention
of the watchman appears necessary.

The Supg. Engineer IV Circle (H.E. No. 22.6.89)
Examiner P.W. Accounts.

Under the explanation given by
the Executive Engineer the continued
employment, in the Nilgiri Division
for a further period of 12 (twelve)
months, of two temporary watchmen
on Rs. 8 each per mensem, one from
the 1st March and the other from the
1st April 1889, is sanctioned.

2. This sanction has been
registered as Provincial No.
13 W of 1889-90 and classified as
Establishment Temporary.
