GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General. Establishment.

Read—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 11th August 1887, No. 336 E.W.:—

I have the honor to inform you that, owing to the insufficiency of the two draftsmen allotted to the West Coast and Coimbatore divisions, to keep up with the large amount of plan drawing, estimating and checking estimates in those divisions, there are now great arrears in both, as will be seen by reference to the accompanying lists of work waiting for disposal.

2. There is one extra draftsman * in the circle (who belonged to the late B. Project division and who has not yet been absorbed); him I have allotted to the Coimbatore division to assist in bringing up arrears there. But an extra hand is badly wanted in the West Coast, and I have the honor to request you will be good enough to obtain sanction for an extra draughtsman for a period of one year for the West Coast division.

* A second-class man.

3. As draftsmen are invariably natives of the East Coast, and East Coast men greatly dislike the West Coast, and as the appointment would, at least for the present, be temporary, I request that a pay of Rs. 70 may be sanctioned for a first-class man, and Rs. 50 if the man obtained is a second-class man.

4. I send the usual proposition statement.

No. 498.

The entries in column "Present scale" of the proposal statement have been checked and found correct. In the column for "Average or fixed pay," the mean pay of each appointment, and not pay as defined in section 43 (*a*) of the Pay and Acting Allowance Code, has been entered. The necessary correction has been made by this office.

2. There appears no objection to the appointment of temporary draftsmen being sanctioned on the maximum pay of the grades, provided they hold certificates for such grades; but the sanction must not be used as a means of giving promotions to permanent men, *vide* also my O.N., No. 390, dated 26th July 1887.

31st August 1887.
(Signed) C. P. CHRISTIE, Major, R.E.,
Examiner, Public Works Accounts.

Order—dated 7th September 1887, No. 2414 W., Public Works.

Sanction is accorded to the entertainment of a draftsman in the West Coast division on the terms proposed by the Superintending Engineer.

2. The Superintending Engineer's attention is drawn to the remarks in paragraph 2 of the Examiner's office note above recorded.

3. This sanction has been registered as Provincial, No. 30 W. of 1887-88, and classified as Establishment, Temporary.

Sir,

I have the honor to request that sanction of Government may be obtained for the retention of the services of the present 3rd Class Temporary Draftsman Mr. E. D'Cruz in this Division, allowed in G.O. No. 2414 W, dated 7th September 1887, up to the end of the current official year, as owing to the great amount of plan drawing & estimating in this Office, an Extra Draftsman is required to cope with the work.

2. The sanction accorded in the above quoted G.O. was for a 1st or 2nd class Draftsman but as no qualified man of

9

either class Cause forward, a 3rd class man on Rs. 30 was done with and the extension of term now applied for will not, therefore / ? cause any extra outlay.

From the Supdg. Engineer IV Circle H. E. No: 178. E. W. d/18th April/89.

I am not prepared to sanction this. The Supt. Engr. reported in Novr. last that the work requiring a tempy. draftsman should be completed within the official year. No reason is given why it was not, or why an extra man is now necessary.

The continued employment, during so much of the current official year as may be absolutely necessary, of a temporary draftsman on Rs 30 per mensem in the West Coast Division is sanctioned.

2. In para 2 of G. O. No: 3699 d/23rd November 1888, the Ex. Engr. was directed to see that the arrears were worked off before the 31st March 1889. Much work still remains to be done, but no report on the progress made has been submitted. This should be done at the end of the current quarter.

The Sanction accorded in G.O. No. 3699 W d/ 23d Novr/88 was given on the under-standing that the tempy. draftsman was to be em-ployed exclusively on Item 14 of the Ex: Engr's list d/ 8th November/88 which accompanied the S.E's letter No. 531/C.W d/ 14th November/88, Other plans were to be prepared by the regular staff.

2. The Supty: Engr: will now report whether the tempy. draftsman was employed as intended, and if not, why not. The work actually done by the man should be speci-fied. It would appear from the list which accompanies the present application that a large number of the plans included in Item 14 of the earlier list still remain

SIR,

In reply to your endorsement No 243 W.C dated 4th May 1889, I have the honor to state that the Sanction accorded for 6 months for a temporary Draftsman in G.O. No 3899 W of 23rd November 1888 was intended to assist the regular Staff in clearing off 14 items of arrears in the accompanying list as well as in bringing up the file of drawings.

Letter No
1162 G
2.5.89
Ackd.—

Only Item 14 of the list was the proposed by S. Engr.
21-11-89

2 There were several calls from the Military Department for

for plans, site plans, and Estimates and some of them had to be prepared in duplicate. As the 2nd Draftsman was on privilege leave for two and a half months from 30th August 1888 to 13th November 1888, it was indispensable to employ the temporary Draftsman in making tracings while the Office was short handed.

3. Of the file of plans required the following have been finished

1. Plan of Police Line Cochin
2 Do do Culvetty
3 Do of Store Room Cochin
4. Do of Cook room for male and female ward for Jail and Jailor's Quarters at Cochin
5. Do. of Store room of the Light House Cochin
6 Do of Sailor Hospital Cochin
7 Cell for European
8 Cell for Native males
9 Do do females

4. These buildings being scattered over the District, it also takes time in procuring the measurements for the Draftsman unless he is deputed to make them on the spot which most probably will have to be done in some cases.

The Hon Mr H E Stokes CSI

No 1707 W d/ 27-6-89

Submitted for orders with reference to the Hon. Member's note dated 30th April on the draft order on C. No: 3686.

The Chief Engineer's Memo No 116 D d/ 2nd May 1889 shows the understanding on which the extended sanction of G.O 3699 W d/ 23rd Nov 88 was granted. The draftsman has been otherwise employed, but the Executive Engineer explains that this was unavoidable.

It is important that the arrears should be cleared off, and extra aid seems necessary.
