MS/9/7-

The Inspector General of Ordnance,
Madras Circle, has already invited the
attention of the Director General of
Ordnance in India to the necessity
of revising the list of Stations detailed
in para 4, page 31st, Army Regulations,
India, Volume III, and has suggested
that troughs for browning guns should
be maintained at the following Stations
in this Presidency, viz—
Bangalore, Belgaum, Trimulgherry
and Mandalay.—

As

As there is not an arsenal in which
guns can be browned at either
Trimulgherry or Mandalay, these
places should be added to those
named in the draft standing
order submitted for the approval
Government by the Examiner, P.
accounts, in his office note no 6
dated Madras 17th May 1889.—

3. With reference to the suggestion
that the duty of looking after these
troughs might be more appropriately
thrown upon the local officers of the
Commissariat or some other military
Department, or upon the officer commanding
the Royal Artillery at the Stations in
which troughs are maintained, I am
to state that the orders on the subject
are contained in India Army Regulations
and are common to the three Presidencies.
They cannot therefore be altered without
the sanction of the Government of India,
and His Excellency the Commander
in Chief sees no reason why the
proposal should be submitted.—

Ordinance - Stores

Read the following papers:-

1759

N^o 229. From Brigadier-General F. W. Jebb, Adjutant General, to Colonel J. Michael, C. B. I., Secretary to Government, Military Department; dated Botacammudi, 31st May 1878, N^o 248.

To be returned.

In forwarding the accompanying Bengal G.O., N^o 11, dated 29th January 1878, together with letter from the Inspector General of Ordnance and Magazines, dated 29th March 1878, N^o 6517, I have the honor, by direction of the Commander-in-Chief, to inquire, with reference to paragraph 3 of Colonel Cadell's letter, whether the binding trough for Browning R. M. L. field and mountain guns, alluded to in the order, could be taken charge of by the Public Works Department at the following stations - Bangalore, Bellary, and Trichinopoly.

From Colonel R. Cadell, C. B., R. A., Inspector General of Ordnance and Magazines, to the Adjutant General, dated Fort St. George, 29th March 1878, N^o 6517.

With reference to your memorandum, N^o 853, dated 18th February 1878, relative to rules requesting to be informed

whether Bengal Standing L.O. N^o 11, dated 1st January 1878, relative to rules for brownie R. & L. field and mountain guns should be republished in this Presidency, I have the honor to state, for the information of His Excellency the Commander in Chief, that there are no departmental objections to the republication of the order.

2. His Excellency is aware that the stations in the Madras Presidency in which there are Arsenals are Madras, Secunderabad, and Bangalore.

3. Prior to the republication of the order, it will be well to ascertain, whether the Public Works department at Bangalore, Nappore, Bellary, Trichinopoly, Thapptunyo, and Tonghor will undertake the charge of the boiling troughs as station stores, as in this Presidency the Public Works Department is differently constituted from that in Bengal.

4. Some short time will necessarily elapse prior to the construction of troughs, regarding which I have only recently heard from the Inspector General of Ordnance and Magazines, Calcutta, that there is no standard plan in Bengal.

Under G.O. Military Department No. 2923 dated 11th. June 1878, the P.W. Department at Bangalore, Bellary and Trichinopoly were required to keep in their charge, as station stores, the boiling troughs for browning field & mountain guns, and at the request of the Examiner Ordnance Accounts in his letter No. 2444 dated 4th. December 1879 a return showing the number and condition etc. of these troughs is furnished annually to that officer.

2. As the submission of this return is however no where laid down in the code, I beg to forward herewith for the approval of Government the accompanying draft standing orders prescribing its submission, and in doing so would suggest for consideration whether the duty of looking after these troughs might not more appropriately be thrown upon the local officers of the commissariat or some other military
