GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

Office note from the Secretary to Government, Revenue Department, to the Secretary to Government, Public Works Department, dated Ootacamund, 22nd August 1888, No. 86.

With reference to para. 2 of the accompanying Proceedings of the Board of Revenue, dated 16th July 1888, No. 4314, the undersigned has the honor to request that he may be furnished with information as to the alterations which have been proposed in the plan for the Collector's residence at Anantapur, sanctioned in G.O., dated 3rd September 1886, No. 2196 W.

(Signed) C. A. GALTON,
Ag. Secretary to Government.

Memorandum in the Public Works Department dated 3rd September 1888, No. 3335 C.

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 30th October 1888, No. 1656.

[Your memorandum No. 3335 C., dated 3rd September 1888.]

The Executive Engineer, Bellary, reports that the following are the distances of cartage for materials used at the Collector's residence in course of construction at Anantapur :—

	MILES.
Stone for archwork	5½
Do. for foundations	2
Do. for superstructure	4½
Lime	20
Stone slabs	40
Bricks	2
Stone for concrete	
Sand	

2. He adds that the stone though gneiss is not laminated and cannot be quarried by burning, and that this has added very much to the cost of construction. I am afraid, therefore, that the amount of the revised estimate cannot be reduced, viz., Rs. 34,495.

3. The contractor has undertaken the work on condition of receiving the rates as per the revised estimate. The arches in the verandah of the lower storey had been turned before receipt of your memorandum under reference and, from a calculation made in this office, it is shown that archwork is cheaper than square pillars with bressummers by Rs. 105.

Memorandum in the Public Works Department, dated 5th November 1888, No. 4277 C.

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 8th November 1888, No. 1727.

With reference to your memorandum No. 4277 C., dated 5th November 1888, I have the honor to forward the original plans Nos. 1 and 2 relating to the Collector's residence at Anantapur, together with a comparative statement as therein called for.

Memorandum in the Public Works Department, dated 15th November 1888, No. 4494 C.

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 2nd March 1889, No. 2730.

With reference to your memorandum No. 4494 C., dated 15th November 1888, I have the honor to submit a revised comparative statement for Collector's residence at Anantapur, with explanatory remarks as to cause of excess.

2. The accompanying tracing seems to be the only plan which was originally sanctioned for the building.

No. 1364 C.

MEMORANDUM.

With reference to office note from the Revenue Department, No. 86, of 22nd August 1888, the undersigned has the honor to forward three plans (A, B and C) of the Collector's residence at Anantapur, and a copy of a memorandum No. 3237 C., of 24th September 1887, by Colonel Hasted, R.E., containing his instructions to the Superintending Engineer, III Circle.

2. Plan A shows the building as constructed and for which the revised estimate of Rs. 34,246 has been submitted.

Plan B shows the arrangement of the buildings as sanctioned in G.O., No. 2196 W., of 3rd September 1886.

Plan C is the drawing No. 2 referred to by Colonel Hasted in his note, and a comparison of the plans will show that the instructions have been carried out.

3. The Superintending Engineer submits a revised estimate and a comparative statement which will be considered in the Public Works Department when the plan and estimate have been approved by the Revenue Department.
