From D. C. GORDON, Esq., Examiner, Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 13th March 1885, No. 134 W.

The reports called for in G.O., No. 18 W., dated 6th January 1885, having been received from all Superintending Engineers, I have the honor to submit them in original with a statement giving in tabular form the number of works accounted for under each agency in the accounts of the several divisions for the month of December 1884, and the dates proposed by Superintending Engineers for despatch of accounts from Executive Engineers' offices, as well as the probable date of their arrival in Examiner's office, and to offer the following remarks thereon :—

2. *I Circle.*—Of the first three divisions, the amount of accounting in each of which has been pretty nearly the same, the average dates on which accounts have been received in this office from April to December compared with the proposed dates are as follows :—

|                       | Actual average. | Proposed. |
|-----------------------|-----------------|-----------|
| 1. Ganjam ... ..      | 23rd            | 24th      |
| 2. Rushikuliya ... .. | 20th            | 24th      |
| 3. Vizagapatam ... .. | 19th            | 23rd      |

So that there will be a distinct loss of time in each case. I do not think it advisable, therefore, to concede any extension in these cases. In the next three divisions, the work is heavy and the distance is great; the time asked for may be allowed for the present. But I think when the normal cost system has been introduced, the increased establishment required for the Godavari eastern division sanctioned, the relief to Executive Engineers proposed in G.O., No. 3151 W., dated 23rd December 1884, afforded, and the plan of closing sub-divisional accounts when the sub-treasury closes, viz., the 24th or 26th, adopted, earlier dates may fairly be fixed for these divisions.

3. *II Circle.*—The time asked for may be allowed on the same understanding as above, except in the case of the Buckingham canal. The work of this division is chiefly done by contract. It appears to me that the accounts of this division may fairly be required to reach this office by the 18th of the month (see report by the Superintending Engineer, V Circle).

4. *III Circle.*—Kurnool and Cuddapah are light divisions. The accounts should reach this office on the 16th. The other dates may stand.

5. *IV Circle.*—Barur and B. Project divisional accounts should reach this office by the 16th. The other dates may stand for the present, but improvement will be expected hereafter as suggested in paragraph 2.

2

6. *V Circle*.—The dates proposed by the Superintending Engineer may be allowed.

7. *VI Circle, Consulting Architect and Madras Harbour*.—The proposed dates may be allowed, but Tanjore should improve hereafter.

8. It is of course to be distinctly understood that by the dates named *complete* accounts must be received, all vouchers accompanying.

ORDER—dated 23rd March 1885, No. 721 W., Public Works.

In their letter recorded in proceedings of Government, No. 18 W., dated 6th January 1885, the Government of India declined to sanction any general relaxation in the prescribed date for the submission of divisional accounts, but suggested that the dates should be settled from time to time by Superintending Engineers and the Examiner, so as to suit the circumstances of each division.

2. With their letters above recorded, Superintending Engineers have submitted their views on this point, and the Examiner, Public Works Accounts, has tabulated their recommendations, and submitted them with his own opinion and suggestions.

3. On full consideration of the subject, the Government accept the recommendations of Superintending Engineers as modified by the Examiner's suggestions. In the last column of the statement attached to these proceedings is given the date by which the complete accounts of each division should reach the Examiner's office, and the Government trust that, with the relaxation allowed in the case of the more heavily worked divisions, Executive officers will strive to render their accounts with punctuality.

4. It must be understood that the dates now fixed are tentative, and will be subject to consideration after the lapse of a year, when the subject will again be reported on generally by the Examiner, Public Works Accounts.

READ—the following paper:—

From the Examiner, Public Works Accounts, dated 30th April 1889.

ORDER—dated 13th May 1889, No. 1271 W., Public Works.

The Examiner, Public Works Accounts, submits the progress report showing receipt and disposal of accounts in his office from the 27th March to the 27th April 1889, from which it is observed that the undermentioned divisions were in arrears:—

- |                      |                              |
|----------------------|------------------------------|
| 1. Vizagapatam.      | 7. Chingleput.               |
| 2. Western Godavari. | 8. Presidency and Bangalore. |
| 3. Eastern Kistna.   | 9. Presidency Workshops.     |
| 4. Kurnool.          | 10. Madura.                  |
| 5. Nilgiris.         | 11. Consulting Architect.    |
| 6. North Arcot.      | 12. Periyar No. 1.           |
|                      | 13. Rushikulya.              |

2. The delay in the cases of the Presidency Workshops and Vizagapatam division is explained by the absence of the accountant from his duty while serving on the jury in the first case and by the illness of the accountant in the second. But it is observed that the accounts of the Presidency Workshop for March were due in the Examiner's office on the 25th April, while the sessions commenced on the 24th April.

3. As remarked by the Examiner, the delay in other cases may have been due to some extent to the Easter holidays.

4. This is the first time for eight months that the Western Kistna division is not in the arrear list. The improvement seems to be due to the change\* of head clerks of the office, and it is hoped that it will continue.

READ—the following paper :—

From the Examiner, Public Works Accounts, dated 3rd June 1889.

ORDER—dated 14th June 1889, No. 1569 W., Public Works.

The Examiner, Public Works Accounts, submits a return showing the dates of receipt in his office of divisional accounts for April 1889, from which the Government is much pleased to observe that in only two cases \* was the due date exceeded.

\* Dowlaiswaram Workshops.  
Presidency and Bangalore.

2. The explanation of the Executive Engineer in charge of the Workshops that the delay was due to the settlement of store articles purchased in April is not understood and requires further report.

3. In the case of the Presidency and Bangalore division, the Executive Engineer reports that the delay was due to the late receipt (23rd) of stock accounts. These are presumably the sub-divisional stock returns which are due in the Divisional office on the 5th of each month. There appears to have been great delay in their submission, which requires explanation; and it should at the same time be reported what steps have been taken to prevent delay in future.

The Exr: P. W. A.  
submits a return  
showing the dates of  
receipt in his office  
of divisional accounts  
for April 1889 from  
which the Govt is  
much pleased to  
observe that in only  
two cases was the  
due date exceeded.

Presidency & Bangalore.

2. The explanation  
of the Ex: Engr. in charge  
of the Workshops that  
the delay was due to  
the settlement of store  
articles purchased  
in April is not under-  
stood and requires  
further report.  
Emphatically.

the Presidency and  
Bangalore Division  
the Ex. Engr. reports  
that the delay was  
due to the late receipt  
(23<sup>rd</sup>) of Stock accounts.  
There are presumably  
the Subdivisional  
Stock Returns which  
are due in the Divis-  
ional office on the  
5<sup>th</sup> of each month.  
There appears to have  
been great delay in  
their submission  
which requires ex-  
planation and it  
should at the same  
time be reported what  
steps have been  
taken to prevent a  
~~recurrence of such~~  
~~irregularities~~ delays  
in future
