GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From M.R.Ry. V. KRISHNAMA CHARIAR, Joint Secretary, Victoria Hospital for Caste and Gosha Women, to the Chief Secretary to Government, dated Madras, 9th May 1889.

I am directed by the Committee of the Victoria Hospital for Caste and Gosha Women to bring to the notice of Government that in the plans and estimates for the hospital as finally approved in G.O., No. 2423 W., dated the 9th August 1888, no provision is made for Superintendent's quarters, and that not only are the committee under agreement with the present Lady Superintendent to provide free quarters, but it is considered absolutely necessary that, under any circumstances, the services of the Superintendent should be always available on the premises.

2. The Building Sub-Committee therefore consulted the Government Architect and have come to the conclusion that the only spot on which such quarters can be built is in the angle between Pycroft's road and the present public road leading through the Chepâk grounds in front of the hospital now under construction. If the proposal to build the quarters here be sanctioned, it is considered advisable to divert the south end of the present Chepâk road a little towards the east as shown in the accompanying block plan, thus enabling all the hospital buildings to be included in one and the same enclosure. If this arrangement meets with the approval of Government, the Hospital Committee will of course bear the expense of diverting the road and removing the gateway to the "new entrance" marked in the block plan. The committee further desire to draw attention to the fact that the public road in the Chepâk compound in its present position is inconveniently close to the hospital building, so much so as to inevitably render the building noisy and dusty and to destroy all that privacy which is essential in the case of Gosha women.

3. For these reasons the committee beg that His Excellency the Governor in Council will be pleased to sanction the proposed diversion of the road and the erection of the Superintendent's quarters on the area thus made available close to the main building of the hospital.

4. The committee solicit the favor of an early order on this application as rapid progress is being made with the main building, and the construction of the Superintendent's quarters together with other outhouses cannot be deferred much longer.

From Lieutenant-Colonel G. M. J. MOORE, President, Municipal Commission, Madras, to the Chief Secretary to Government, dated Madras, 30th May 1889, P.W. No. 189.

With reference to your endorsement No. 430, dated 23rd May 1889, on letter from Joint Secretary, Victoria Caste and Gosha Women's Hospital, herewith returned, I have the honor to state that I see no objection to the proposals therein.

2. The road to be closed not being vested in the Commissioners, the provisions of section 234 of Act I of 1884 do not apply.

10TH JULY 1889, No. 1833 W., PUBLIC WORKS.

No. 488.

Transferred to the Public Works Department.

(By order.)

FORT ST. GEORGE,
15th June 1889.

(Signed) W. S. MEYER,
Asst. Secretary.

From J. W. BRASSINGTON, Esq., Consulting Architect to the Government of Madras, to the Chief Engineer, Public Works Department, dated Chepák, 25th June 1889, No. 449.

In returning the papers received with your endorsement No. 2900 C., dated the 21st instant, I have the honor to state that I carefully considered the matter when consulted by the Committee of the Victoria Hospital in March last, and I see no objection to the occupation of the land for the purpose of constructing the Superintendent's quarters and to the diversion of the road.

ORDER—dated 10th July 1889, No. 1833 W., Public Works.

Sanction is accorded to the erection of quarters for the Lady Superintendent on the site proposed, and also to the diversion as shown in the plan submitted of the road which runs across the Chepák Park into Pycroft's road.

2. An estimate for the work will be prepared by the Consulting Architect in communication with the Victoria Hospital Committee and submitted for the sanction of Government.

Victoria Hospital for Caste & Goshu Women
Madras 9 May 1889

Municipal

NO. 1128

The Honble J. J. Price

Chief Secretary to Government

Fort St. George

Honble Sir,

1833

I am directed by the Committee of the Victoria Hospital for Caste and Goshu Women to bring to the notice of Government that in the Plan and Estimates for the Hospital as finally approved in G.O. dated the 9 August 1888. N-2423 W, no provision is made for Superintendent's quarters, and that not only are the Committee under agreement with the present Lady Superintendent to provide free quarters, but it is considered absolutely necessary that, under any circumstances, the services of the Superintendent should be always available on the premises.

The Building Subcommittee therefore consulted the Government Architect and have come to the conclusion that the only spot on which such quarters can be built is in the angle between Pycroft's Road and the present public road leading through the Chepauk ground in front of the Hospital now under construction. If the proposal to build the quarters here be sanctioned, it is considered advisable

to divert the south end of the present
Chepauk road a little towards the east
as shown in the accompanying block plan,
thus enabling all the Hospital buildings
to be included in one and the same enclosure.

If this arrangement meets with the approval
of Government, the Hospital Committee will
of course bear the expense of diverting the
road and removing the gateway to the
"New Entrance" marked in the block plan.

The Committee further desire to draw attention
to the fact that the public road in the Chepauk
compounded in its present position is inconveniently
close to the Hospital building, so much so as
to inevitably render the building noisy and
dusty and to destroy all that privacy which
is essential in the case of Gosha women.

For these reasons, the Committee beg
that His Excellency the Governor in Council
will be pleased to sanction the proposed
diversion of the road and the erection of the
Superintendent's quarters on the area thus
made available close to the main building
of the Hospital.

The Committee solicit the favor of an
early order on this application, as rapid
progress is being made with the main building

and the construction of the Superintendent's
quarters together with other outhouses
cannot be deferred much longer. 1833
