Masulipatam.
20th June, 1889.

My dear Mead,
I have given my local
Fund Engineer Mr C. Scott six months
notice to quit, and Dr Maclean has
offered him the appointment in Bellor,
and wants him to join immediately,
which he is entitled to do if he likes.

It may take me some months to
fill the vacancy here as I should
like to get out an Engineer from
England, if need be. Mr Scott has

allowed his department to become so disorganized that I want to put an experienced man in charge at once.

It is not likely that you could spare a good & experienced Assistant Engineer, but it occurs to me that in consideration of the great present need of this district you might be able to lend "on foreign service" for six months Mr. Mathews B.E.E. the Sub-Engineer of the Masulipatam Divn.

His pay of the vacant post will be Rs 600 or about twice his present pay, but pension contribution would have to be deducted.

If Govt. can spare his services for six months he would be back by the time the delta working season begins, and I should be relieved from considerable

perplexity, and be able to get the office & the Dept. into decent subordination & order before the new Engineer took charge.

If there were any difficulty about letting Mr. Mathews go on foreign service, perhaps he could be allowed to take leave on loss of pay for six months to take up the Acting appointment of Local Fund Engineer.

I have not spoken to Hannan about this proposal, but he knows my difficulties so well from experience of Mr. Scott's work, that I am sure he would be glad to help.

Will you kindly let me know as soon as you can whether

No 731 Kellogg W. Matthews Services
Can be opened for Sir
No Matthews

I can have Mr. Mathews either
 leave or by his taking leave,
 definite arrangements must
 be made as to the time of Mr. Scott's
 leaving for Kellogg.

To be returned with
reply.

Yours Sincerely

A. J. Arnold

Forwarded to the Supl. Engineer II
