Your office Note N^o 8402/17 June 89

Please state whether the last para of note 1 to modified para 1756 is necessary.

3. Also it is not clear how the provisions of note 2 can be carried out, when the measurements are made by an Officer who does ^{not} prepare the bill. There has apparently been as yet no ruling by Govt. prohibiting the preparation of Contractors' bills by Subordinates other than Subordinate Officers, but the principle has been approved in W's office note No. 1718 C of 3 April 889.

With reference to your para I,
it seems necessary to retain the pas -
sage in question as otherwise the mea-
surement might not get cancelled at all
if no bill is drawn up on the basis of
such measurements.

2. With regard to para 2, the mea-
surement list necessarily goes to the
officer who prepares the bill and there-
fore no difficulty can arise. No other
officer has the measurement list.
