Order—dated 2nd July 1888 No. 1969 W., Public Works.

With the papers above recorded, the Superintending Engineers and the Consulting Architect to Government submit statements of demands under Imperial Military and Civil Works, in lump sum, against each division, for minor new works and repairs, and, in detail, for incomplete works of 1887-88 and for new works proposed to be undertaken in the current official year.

2. Under "Military," the demands for major original works amount to—

	RS.
Incomplete works	14,446
New works	52,475
Total ...	66,921

while the budget grant for incomplete major works amounts to only Rs. 15,973. Of this sum, Rs. 8,278 for incomplete works and Rs. 2,000 to meet payment of the honoraria referred to in G.O. No. 2810 W., dated 20th October 1887, have been allotted; and the balance (Rs. 5,695) has been transferred, in anticipation of sanction by the Government of India, to the grant for minor works, which will then exceed the average outlay of the five previous years on such works.

3. A sum of Rs. 3,820 has been allotted for completing the conversion of certain buildings in Fort St. George into barracks for sixty single men, as the special grant applied for in para. 7 of G.O. No. 1199 W., dated 23rd April 1888, has not yet been sanctioned by the Government of India.

4. The demands for minor works, ordinary, amount to—

	RS.
Incomplete works	10,896
New works	33,841
Total ...	44,737

and the budget grant for the purpose amounts to Rs. 20,000; but allotments, aggregating Rs. 2,489, having been already made, *vide* Proceedings of Government noted in the margin, the balance available for distribution is now Rs. 17,511. Adding to this sum, Rs. 5,695, transferred from major works, the total amount available for minor works will be Rs. 23,206. Of this sum Rs. 17,998 have been allotted for incomplete works of 1887-88 and for new works considered emergent; and the balance (Rs. 5,208) has been placed at the disposal of the officers commanding divisions and districts, to whom the Superintending Engineers should apply for funds for such works as are indispensably necessary.

Dated 19th April 1888, No. 1178 W.
" 21st May " " 1502 W.

5. The budget grant for minor ordnance works is Rs. 9,570. But the Director-General of Ordnance having transferred a sum of Rs. 58 to Burma, *vide* G.O. No. 1549 W., dated 25th May 1888, the balance available for allotment is Rs. 9,512, while the demands amount to Rs. 18,584 as shown below:—

	RS.
Incomplete minor works	576
Minor new works	16,385
Incomplete major works	1,623
Total ...	18,584

Allotments have been made to the extent of Rs. 7,079 for incomplete works of 1887-88 and for new works for which funds have been promised; and the balance (Rs. 2,433) has been placed at the disposal of the Inspector-General of Ordnance, to whom Superintending Engineers will apply for further funds required.

1885/6

6. The amount reserved for military repairs is Rs. 3,00,000; but a sum of Rs. 2,370 having been allotted to the Godávari, Eastern Division, *vide* G.O. No. 1267-A.W., dated 1st May 1888, the amount now available is Rs. 2,97,630. As the demands under this head amount to Rs. 3,46,385, they have been reduced * so as to bring the allotments within the available grant.

* Statement A.

7. Under "civil works" the demands against original works, telegraphs, amount to Rs. 348; but in each case the demand is within Rs. 500, and it is on account of incomplete work of the previous year. Specific appropriation of funds is not, therefore, necessary, *vide* Code para. 1908, Part III. The budget grant of Rs. 4,000 for works under this head will, therefore, be placed at the disposal of the Director-General of Telegraphs, to whom Superintending Engineers should apply for funds, if required hereafter.

8. The allotments under postal and telegraph repairs will be found in Statement A. The demands under postal repairs have been reduced to Rs. 7,000 to bring the sum within the provision in the budget.

9. Ordered that a copy of these Proceedings be forwarded to the Government of India in the Military Department, with a request that the transfer of Rs. 5,695 from major to minor works referred to in para. 2 may be sanctioned at an early date.

READ—the following papers:—

From J. W. RUNDALL, Esq., M.I.C E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Ammayanáyakanúr, 2nd February 1888, No. 1972 T.J.

With this office No. 1426 T.J., dated 29th October 1887, an estimate of Rs. 610 for constructing bath rooms and kitchen to the old taluk cutcherry occupied by Sergeant Instructors of South Indian Railway Volunteer Rifle Corps at Negapatam was submitted for sanction through the Commandant of that corps, but it has not yet been sanctioned. The Commandant has since applied for the provision of four punkahs to the above quarters at a cost of Rs. 60. These were not included in the above estimate.

2. I have the honor to request that in the above estimate the four punkahs may be included and the increased amount Rs. 700 sanctioned.

3. Of the above sum, Rs. 290 are to be paid to Colonel Crighton, Commandant of the corps, for the bath-room and kitchen, already constructed by him, at the north end; the provision of similar rooms at the south end, together with a staircase, is much required for use of the other Sergeant Instructor, who is put to much inconvenience from want of the same, and who claims no compensation on the consideration that the rooms in question will soon be provided. I request, therefore, that the amount of Rs. 700 may be granted at an early date.

4. The Commandant of the corps has been asked to send on the estimate, if he has not already done so.

From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 17th April 1889, No. 1473 A.

In returning, as requested, P.W.D. Reference Order No. 1407 C., dated 28th March 1888, referred to His Excellency the Commander-in-Chief under Military Department No. 2643 of 19th April 1888, I am desired, with reference to para. 2 of this office letter No. 2303 A, dated 22nd June 1888, to forward the accompanying estimate, amounting to Rs. 440, for improvements to the old taluk cutcherry at Negapatam.

2. The General Officer Commanding Southern District reports that the alterations in question have been duly carried out.

3. The great delay occasioned in the submission of this document has been caused by repeated references having been made to the Public Works Department authorities on the subject, and is much regretted.

ENCLOSURE.

From Colonel M. PROTHEROE, C.B., C.S.I., Officiating Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 22nd June 1888, No. 2303 A.

Referring to G.O., No. 4160, dated 20th instant, communicating orders issued in the Public Works Department* directing the Superintending Engineer, VI Circle, to arrange for the immediate commencement of the improvements, &c., required to the old taluk cutcherry at Negapatam to render it suitable as quarters for the Sergeant Instructor, South Indian Railway Volunteers, at that station, I am desired to point out that as the building to be added to it is not a military one, it would seem a question whether Imperial Military funds should be expended in additions to it unless it is to be transferred to the Military Department.

2. The papers received under Reference G.O., No. 2643, dated 19th April 1888, have been referred to the General Officer Commanding Southern District for report; they have been called for and will be forwarded to Government on receipt.

ORDER—dated 19th June 1889, No. 1608 W., Public Works.

The transfer to the Military Department of the old taluk office at Negapatam for use as quarters for the Sergeant Instructors of the South Indian Railway Volunteers is sanctioned, and the estimate for the necessary improvements, which has been received with the endorsement in the Military Department above recorded, is returned to the Superintending Engineer, VI Circle, for sanction. The cost of improving and maintaining the building will be debited to the Military Works grant.

ENCLOSURES.

In continuation of my No. 1972 T. J. dated 2nd February 1888, regarding Bath room and Kitchen required to the Old Talug Catcheri, occupied by Sergeant Instructors of South Indian Railway Volunteer Rifle Corps at Negapatam I have the honor to state that the Executive Engineer reports that, in consequence of the delay in providing the Bath room &ca, the Commandant of the Corps has claimed Compensation for quarters for the Sergeants at Rs: 15 per month from February last, and that it has been paid for that month and for March. –

2. No Compensation was claimed for some months last year by the Comman-

:dant

Commandant under the impression that the improvements would be promptly sanctioned, but, as this has not been the case, it is stated that it has become necessary to provide accommodation for two married Instructors, and that Compensation is consequently unavoidable. –

3. The Estimate submitted for the proposed improvements, amounts to only Rs: 700, and of this Rs: 290 have been long due for work already executed by the Commandant of the Corps, as already stated in my letter above quoted. The prompt execution of the improvements is decidedly advantageous to Government, when the amount of Compensation to be paid is considered. –

4. I request that the Sum of Rs: 700 for the above improvements which has been included in my Statement of demands for Minor Military Works, dated 6th Instant No: 131. T. C, may be granted at once. –

ENCLOSURES.

With reference to G. O. No 1669 W of 7th June /88, para 3 regarding quarters for Sergeant Instructors S. I. R. Volunteer Rifle Corps, Negapatam, I have the honor to state that only one Sergeant Instructor (married) resides in the old Taluq Cutcherry, and the other has to live outside until the outbuildings have been built; and so the Compensation of Rs 15 now paid is for a separate building and not for a bath room & Kitchen.

2 No quarters are available in any Government building for the second Sergeant Instructor, and so

separate

separate quarters are engaged.

Sir,

Referring to O.G. No. 4160 dated 20th instant, communicating orders issued in the Public Works* Department directing the Superintending Engineer VIth Circle to arrange for the immediate commencement of the improvements &ca required to the old Taluq Cutcherry at Negapatam to render it suitable as quarters for the Sergeant Instructor South Indian Railway Volunteers at that Station, I am desired to point out that as the Building to be added to it is not a Military one, it would seem a question whether Imperial Military funds should be expended in additions to it unless it is to be transferred to the Military Department.
