To W.

In their letter No.3042 G.dated 29th.November 1888 recorded with G.O. No.3884 W.dated 10th.December 1888,the Government of India sanctioned the following as the cadre for the P.W.D. in Madras.

Superior posts (Chief and Supg. Engineers).....	8
Executive and Asstt.Engineers....	77
	<hr/> 85

2. Excluding the 4 officers detailed in the next para,the existing Engineer establishment is

Superior posts.....	8
Executive & Asstt.Engineers....	80
	<hr/> 88

being 3 in excess of sanction . There is therefore no vacancy to admit of the appointment of 2 Royal Engineer officers as Asstt.Engineers 2nd.grade and under code paras 68 and 75,Royal Engineer officers can be appointed to the department only by the Secretary of State and the Government of India.

3. The existing establishment as stated above does not include the following officers -

- 1.Mr.H.M.Baines under practical training in England,who will join at the end of the year.
- 2.Lieutt.F.Bayley R.E. supernumerary now on submarine mining duty.
- 3.R.Streenivasa Aiyangar B.A.& B.C.E. under practical course in Madras.

4. Mr.J.M.Lacey B.C.E. under practical course in Madras.

4. With regard to para 2 of your office note,there is no annual decrement,but the gross vacancies from all causes have been sixteen in the last five years.

Read the following : —

from the Military Dept. (H. E. No. 3626 of 4th June 1889)

FOR ORDERS.

I think it would be
advisable to obtain the services of
these two young R.E. officers - Their
Commissions are dated -

of commencement of depart
d service -

Aug. 88. & he joins before Aug 89
- 89.

Lieut Fraser - 18th Feb 1886
2nd Lieutenant Waghorn. 16th " - 1887.

The Govt of India are in favour
of young R.E. officers electing for
continuous service in India, and
these officers, if they join the
P.W. Dept, will probably do so -
It cannot well be said that
an increase to the Establishment
is required, but as it is desirable
to have a certain number of R.E. officers
in the Department, and that

6

6

they should join young, if
they join at all, it is recommended
that the present application be
acceded to. should the
Examiner report that there is
no objection on the score of
increase of scale -

An Extract from the
report from Chatham on these
Officers is given below -

	Constructing and Estimating	Survey.	Chemistry.	Remarks.
Leut. Fraser. H.A.D.	Very good.	Very good.	Very good.	A clear headed officer - active, energetic and of undoubted ability.
2 nd Leut. Waghorn. W.D.	Very good.	Good.	Good.	Of good ability. Has shown an aptitude for permanent fortification as well as construction and estimating. Will prove a good officer long employed -

Only one Cooper's Hill
Engineer for the Madras Presidency
is now under practical training.
The other died some few months ago

12.6.89

Are we in excess of scale now
if so to what extent? What is
the annual decrement?
We might perhaps take one of these
young men, Fraser for choice.
If we take him, would he come in
at the bottom of the list or go over
any men's heads?

16 June.

They would come
in at the bottom
of the list - And
would supersede
none of the officers
already on the
Staff - Mr. Baird
not yet joined - would
come below Leut
Fraser, but above
Leut Waghorn.

The Govt of India are
anxious that young
Rt. Officers should seek
of commissions sooner in India,
and probably those officers
who join the R.W. will do
so. He cannot well say
that an increase of our
establishment is required;
but it is desirable to have a
certain number of Rt.
Officers in the Dept, and
it is advisable on every ground
that they should enter the
Dept while young, if they
are to join at all.

Dear Mr. Clerk
Many thanks for your letter and
the P.S. which I received before. One
question I don't not understand is with
the first the young men ask - truly how
long would it be before they became
a 1st grade Assistant?

Two wish to join you at once -
Lieut. H. A. D. Fraser 18. Feb. 86.
2nd Lieut. W. D. Waghorn 16 Feb. 87
Both real good fellows. Fraser from
his commission from Cooper's Hill
so you would probably find him more
of an Engineer than an ordinary

run of Woodwards men: he is very
 anxious to get on to the Periar Project

Wayhorn wants to get on irrigation
 but does not care where so long as
 he gets something to do. I appended
 an extract from reports received from
 them from Chatham and very

I see that the rule is retained in the
 NW Code that married officers must be
 a year with the service: a rule which
 more honored in the branch than in the
 observance: it has been left out of the
 Army regulations.

If you want these youngsters with you
 please apply for them this Sept. (I feel)
 I really have no more time than I
 know what to do with.

Very, Attn: W.D.
