READ—the following paper:—

Proceedings of the Government of India in the Military Department, dated Simla, 2nd July 1889, No. 1304-M.W. (Accounts).

From Major-General E. H. COLLEN, Secretary to the Government of India, Military Department, to the Agent to the Governor-General and Chief Commissioner, Rajputana and Central India, dated Simla, 22nd June 1889, No. 1214-M.W. (Accounts).

I am directed to acknowledge the receipt of your Secretary's letter No. 1982-S., dated 3rd June 1889, inquiring whether the cost of converting the quoit ground into a tennis court for the soldiers of the sanitarium at Mount Abu which was debited to the discretionary allotment for minor works placed at the disposal of the Commandant of the Sanitarium, but which was objected to by the Executive Engineer, Military Works and Roads division, may be accepted as a charge against the Military Works grant.

2. In reply, I am to state that, in the present case, the Government of India will not object to the cost, Rs. 29-5-9, being debited to the grant for Minor Military Works. But the charge is not a properly legitimate one against that grant. Such petty works as the formation of a quoit or tennis ground, which are for the benefit of the troops and which the men could execute themselves without difficulty, should not be carried out at the expense of the State. The case of a cricket ground is different, as it usually involves work beyond the powers of the men to carry out concurrently with their other duties.

Copy of the above forwarded to the Secretary to the Government of Madras, Public Works Department.
