PUBLIC WORKS DEPARTMENT

PROCEEDINGS OF THE MADRAS GOVERNMENT
UNDER date the 17/7/89
V. 21
READ the fol

From the Superintending Engineer II Circle in No 99 K dated 18 April 1889.
From the Superintending Engineer II Circle in No 125 K dated 19 April 1889.

The object of bringing these men under Retard was that they might be regularly sanctioned to the necessity for their employment properly sanctioned. The papers refer only to their exemption from exam. I do not contain a word as to the nature of their duties or the necessity for their employment. I can understand as Stoth writes, but do not see why the work should not be done by the regular Retard. But I have not the faintest idea what a Punt writer is.

Sanction is accorded to the employment during 1889-90 of 1 Stoth and 1 Punt writer on Rs 15/- each in the District Eastern Division.

20 - The present incumbents of these posts having been exempted from the operation of the examination rules vide G.O. No 1681 W dated 26 June 1889, the reduction of their pay from Rs 15 to Rs 10 proposed by the Superintending Engineer in his letter No 125 K dated 19 April is not necessary.

30 - This sanction has been registered as Provincial No 201 W of 1889-90 and classified as Establishment, Temporary.

The Hon. Mr. H. C. Stokes, C.S.

19-01-08

The duties of these men consist
in keeping an account of the
Stock at the Quarries, and in
keeping up the registers and
accounts of materials loaded
on the punts and despatched
to the different works
in progress on the Teltas.
Their pay was originally
charged to Stock accounts,
but the Examiners having
found that this was irregular
permission was obtained
to their being brought over
to Temporary Establishment,
and exemption from passing
the necessary examination
obtained from the Educational
Department. The work has
always been done by these
hands as it was found
that the permanent Sub-
Establishment could not be
diverted to this description
of work.
