The Executive Engineer Presidency reports that the amounts surrendered on
Items

Items one and 3 are not likely to be spent
in the current official year and the
amount surrendered on Item No 2 is due to
new works at the Asylum Buildings not
having been commenced pending a settle-
ment of the many questions raised by the
Directors but now decided in L.C. No 4986
dated 18th February 1889 received by me
to day. The Executive Engineer has been
requested to commence at once all the
new works and arrangements for supply
of materials have been made. I have the honor to be

With reference to G.O. No. 775.W.
dated 14th March 1889 para 2 I have the
honor to state that among the works
proposed to be carried out from the lump
sum grant allotted for Civil Building
Minor new works in the North Arcot
Division the construction of Police huts
at Kuppam was one (Estimate Rs 1545-).
When orders were given to commence the
work it was considered advisable to
build ^{the} huts with concrete foundations and
of rough stone superstructure and the work
was stopped till a revised estimate was
sanctioned. The revised estimate however
was

11th March 1889.

was not sanctioned, when it was too late to do any work in the year. Hence the Cause of Surrender of Rs. 1000 from the grant of Minor new works in the North West Division.

2. The Executive Engineer Presidency Division has been requested to explain regarding the Surrender of Rs. 4,590 from the grant for operation room of the General Hospital but no reply has as yet been received from that office.

Sir,
With reference to para 1 of your endorse-
ment No. 6340 dated 18 March 1889, I have the honor
to report that the cause of surrender of Rs. 4590 from
the grant of Rs. 11,590 for the operation room at the
General Hospital was owing partly to good Country
bricks not being procurable and partly to the monsoon
which obstructed the progress of the work.

2. A report of the consequent change of date
for completion of the work was made in this office

SIR,

With reference to G.O. No. 1697 w dated 27 June 1889 I have the honor to forward the explanation received from the Executive Engineer. Para 2 of his explanation means that instead of putting the conditions of contract into force he extended of his own authority the terms of contract approved by Superintending Engineer in No. 1319 dated 26 June 1888 from 31st December 1888 to 30 April 1889 and still the work is not yet finished.

Submits Copy of explanation
from the Executive Engineer
Presiding Div. for the
Cause of surrender of funds.

17-7-89 With Orders

19 July
The explanation submitted
by the Executive Engineer Presiding
Division is most satisfactory
as the reasons given for the late
surrender of funds should
have been foreseen.

2. The Executive Engineer's
action in extending the terms
of the Contract without reference
to the Super Engineer was irregu-
lar, and the slow progress
on the work points to
great want of management
on the part of the Executive
Engineer.

3. The delay of over three
months in replying to
for no. 775 W dated 16 March
1889 has not been explained
as described in for no. 1697 W
dated 27 June 1889 but the
matter may now be allowed
to drop as it is evident that
there is no satisfactory reason for the delay.
