Letter from A. A. G. Malet Esq.,
Executive Engineer, Langam Project
Division, to the President, Local
Fund Board, Nellore, No. 967 of
30th August 1886.

2023

2023

In continuation of my No. 169
of 21-4-86 and with reference to
Board's Resolution No. 40 of 1886-87
I have the honor to enclose a
statement showing that Rs. 60-10-0
has been collected at the Toll
Gate at 114 $\frac{1}{2}$ miles on Trunk
road No. VI from handies carry-
ing Government materials, and
to request that a refund of
this sum may be ordered and
obtained.

2. I am prepared to guarantee
the correctness of the statement
submitted as far as it goes;
it does not account for all
the materials carted. The lime
is manufactured on task and
paid for at site of manufacture
before

before being carted.

3. The Rubble laterite, Road metal and gravel are quarried in Government land, but were not paid for till they reached the site of work.

4. If they had not been carted I should have had to pay for them at the quarries, and for that purpose, I have distinct rates for quarrying and carting. The material is the property of Government as soon as it is quarried.

I believe that the tolls were properly
 due and that a suit would lie.
 See the opinion of the Advocate General
