Buildings and Roads.
Civil Works.

READ—the following papers:—

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Madanapalle, 28th May 1888, No. 322:—

I have the honor to submit, for sanction of Government, a plan and estimate, amounting to Rs. 8,508, for constructing a new division office at Cuddapah. The design is in accordance with the combined Executive Engineer's and Superintending Engineer's offices built at Bellary.

2. The building at present used as the division office is so dilapidated as to be unsafe, and it will not stand much longer; the provision of a new building for the division office is, therefore, absolutely necessary.

Note by the Chief Engineer, Public Works Department.

The estimate, amounting to Rs. 8,508, for constructing a new division office at Cuddapah, is submitted for the sanction of Government with the following remarks:—

- (1) The design of the building is approved and the cost is considered reasonable.
- (2) No latrine has been provided for the clerks. The Superintending Engineer should report the arrangements proposed under this head.

(Signed) J. O. HASTED, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 9th June 1888, No. 1711 W., Public Works.

The estimate, amounting to Rs. 8,508, for constructing a new division office at Cuddapah, is sanctioned for execution when funds are available.

2. Attention is drawn to the Note by the Chief Engineer, Public Works Department, above recorded.

3. This sanction has been registered as Provincial No. 35 W. of 1888-89, and classified as Civil Buildings, Original Works.
