GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From M.R.Ry. M. RATNASABHAPATY PILLAY, Registrar of Assurances, Tellicherry, to the Inspector-General of Registration, dated Tellicherry, 10th July 1889, No. 1528.

With reference to the enclosed extracts from the inspection memoranda of the office of the Sub-Registrar of Kuttady, I have the honor to report that the office was created on the 1st October 1882 under the sanction of Government communicated in their Order, No. 982, dated 15th August 1882, Judicial. It was opened on the upper floor of a Mopla shop on a monthly rent of Rs. 3. But that building was abandoned under the circumstances stated in this office letter No. 130, dated 25th January 1888, and another building, which is not tiled, taken up on an enhanced rent of Rs. 5 per mensem, sanctioned in Proceedings, G. No. 728, dated 12th February 1888.

2. The Sub-Registrar now reports that the present building being a thatched one is far from satisfactory, and, to make the matter worse, the owner does not keep it in good order and repair. He further states that no better accommodation is available for any rent in that place.

3. The office is an important one and its average annual registrations and collections come up to 3,705 documents and Rs. 2,935, respectively, and it has to its credit Rs. 9,200 on this date. The registrations and collections of the office from 1883-84 are given in the margin.

			Registra- tions.	Collec- tions. RS.

1885-86	...	...	3,989	3,179

1887-88	...	...	3,697	3,077
1888-89	...	...	4,332	3,552

4. Under these circumstances, I request that sanction of Government may be obtained for the erection of a public building on the standard design at an early date, as it is not safe to keep the valuable records in a thatched house.

G. No. 1727.

Submitted to the Government with the recommendation that sanction may be granted for the preparation of plan and estimate on the revised standard tiled design.

2. The sub-district was opened on the 1st October 1882, and it will be seen from the figures in the margin of para. 3 of the Registrar's letter that it is self-supporting.

Notes of inspection on the office of the Sub-Registrar of Kuttyady on the 18th November 1889.

By the Inspector. Sub-Registrar.	Sub-Registrar's Explanation.	Registrar's Remarks.
By the Inspector. Sub-Registrar. The office is held on the upper floor of a shop. The accommodation is sufficient for the present, but is very desirable on public grounds that a new office should be built on the site of the old building or in that direction.

The office is held in a thatched building on the high road leading to Chaddesbury. The record room however has plank ceiling.	They that a Government building might be erected as soon as convenient, the present building being only a thatched house & devoid of sufficient light and air.	Yes, it is very desirable to have a building on the standard design. The Registrar anticipates that the Army as time has been taken in the matter.
