Sir,

Enclosure. 2

With reference to G. O. No. 3318, dated the 5<sup>th</sup> December 1887, I have the honor to submit for approval a plan and an estimate amounting to Rs. 1,441, for putting up an electric clock in the verandah on the North side of the P. W. D. office.

2. I omitted the cost of the line of wire required to regulate the clock, to be laid by the Telegraph<sup>Department</sup>, as I believe an annual charge will be made on this account.

The plan & estimate have been countersigned by the Government Astronomer

in token of his approval.

I have the honor to be

Sir

The position of the third electric clock has been the subject of very long discussion, and it was finally decided in Council, in Nov<sup>r</sup> 1887, that it should be placed on the north face of these buildings.

Please see Colonel Hasted's note attached to original G.O. No. 33184 of 5.12.87.

It will be sufficient perhaps to draft an order mentioning the estimate now submitted, & to send it to the Hon. for approval.
