2. The Board approve the plan and consider the addition of the verandah very
desirable.

3. If the Government approve, a revised plan and estimate will be submitted
for sanction.

ABSTRACT.—Stating that a telegram was sent to the Board to forward the original design
and site plan.

Read—the following proceedings of the Board of Revenue, dated 11th March 1885,
No. 1411 R.:—

ABSTRACT.—Forwarding the original design and site plan of Kumbakonam taluk cutcherry,
Tanjore.

Order—dated 19th March 1885, No. 1463, Revenue.

The Government observe that the plan which the Board have now approved is
precisely the same, except as regards the arrangement of the staircase leading to the
record-room, as that which they rejected in their proceedings of the 4th October 1884,
Mis. No. 9435, while the elevation of the building is, in the opinion of Govern-
ment, more unsightly than the standard design which the Board rejected. The
modifications of the standard design which they considered ill-judged, viz., the
transposition of the tahsildar's court from the right to the left side of the building
and the addition of verandahs, are retained in the revised design. Of these the former
is necessitated by the existence of the sub-registrar's office in front of the new
building, and the second is, as now stated by the Board, very desirable.

2. The Government, therefore, accept the plan and estimate first prepared, and they will be transferred to the Public Works Department for further orders. The building is urgently required in order that the present tahsildar's cutcherry may be vacated to provide office accommodation for the Sub-Collector, who now has none.

2. A sum of Rs. 10,000 is provided for the work in the Provincial budget for expenditure during the current official year.

3. This sanction has been registered as Provincial No. 14 W. of 1885-86, and classified as Civil Buildings, Original Works.

NOTE OF REMARKS.

The estimate under
 review amounting to
 Rs. 4,062 provides for
 rebuilding a portion
 of the Taluk Office at
 Kumbhakonam in the
 Tanjore Dist. so as to adapt
 it for an Office for the
 Sub Collector.

It is explained in the
 report accompanying
 this Est. that through decay
 a portion of the roof of
 the building fell in
 last November.

It is further proposed
 to construct two new
 rooms to replace
 the rooms, the roofs
 of which have fallen
 in, as it is not deemed
 advisable to roof
 the existing rooms
 on account of the walls

being built of brick in
mud and then being
doubt as to the stability
of the foundations, it
is further stated that
the existing rooms are
not in harmony with
the rest of the building.
The new rooms will
therefore be built
in a more suitable
position on about
the other in order
to make the new
position correspond
with the old building
as well as to save the
cost of extra foundations
which would be required
if both rooms were
built on the ground
floor.

The particulars of
construction are as
follows.

The foundations
which are to be of
ordinary bricks in
masonry are to rest
on a bed of concrete
2 ft in depth.

The walls are to be
built with half rounded
bricks in masonry and

2102

with be plastered with 2
coats of Chunan inside
and finished outside.

The flooring of the ground
floor will consist
of 8" Sq. bricks laid
on 4" of concrete. The
upper floor will be
unruled.

The roof will be covered
with Mangalore tiles,
the roof timbers are
to be of teak, and
the scantlings are
correct.

Painting for doors
and windows, and
work oiling for roof
timbers appear to
be omitted in the
Est.:-

The painting, ^{915 Sq. ft.} would
cost at Bangalore rate
Rs 32 for 2 coats of Caran
Oak Paint at Rs 3 1/2 per Sq. ft.

Wood oiling 2926 Sq. ft.
at 14 p per Sq. ft. = Rs 26
in all about Rs 58
which may be
met from Contingencies
which amounts to

May

No 225 -

The rates are fair -
